PLAINVIEW THE VICTORS

Many Bad Errors Loses Third of the Series for O'Neill.

TOOK TWELVE INNINGS TO DO IT

Home Team Had Best of Hitting But Bad Base Work Costs Game.—Score 2 to 4.

Figures, they say, do not lie and we are compelled in the face of those staring at us above to admit that the O'Neill ball team went down to defeat in the twelfth inning, upon the home diamond last Sunday afternoon at the hands of the Plainview boys in one of the most heart-rending, soul-stirring, nerve-wrecking exhibitions ever seen on the local diamond. "Boat-headed" base running coupled with "punk" errors on the part of members of the local aggregation cost O'Neill the game, and Plainview, while they have a cracking good team of gentlemanly ball players, were fortunate in having O'Neill's errors come at a time to assist them in annexing a score, and it was a game in which a score looked as big as a Kansas cyclone.

Phil Primley was on the mound for the locals and pitched classy ball. He held them down to seven hits, two of which came in the twelfth inning, but which could have been handled by sharp fielding. He fielded his position perfectly, accepting eleven chances without a bobble, which is an unusual number for a pitcher. But aside from his splendid work in the box he helped lose his own game. In the fourth inning he was the first up and singled to center. Then he attempted to take second and Dunaway stopped his delivery to throw to second. Prim claimed a balk—and while we are positive it was—Umpire O'Donnell would not allow it and Prim was called out. Brophy then singled and Richter two sacked and Prim could have scored the winning run had he not been so anxious.

Perry Dunaway, who was so unsophisticated as to not allow us even a single mealy hit during the session we played in his own door yard last Wednesday afternoon, was on the rubber for Plainview, rabbit's feet and all. He was "stung" for ten good clean hits, but they were well scattered except in the fourth when we bunched three, one a two sacker, with a base on balls and then failed to score. A little rabbit's foot luck in that isn't there? But he had splendid support, ten of the locals going out on long drives that landed in the avaricious paws of a Plainview fielder. But when he got into a hole, which he did in seven of the twelve innings, he tightened up a little and ably assisted by his team mates was extricated therefrom.

The game started bad for the locals. Hildebrand got a clean single. Goelens, after two unsuccessful attempts to bunt, swung and rolled one to Prim who shot it to Foreman; the latter let it get away from him and Goelens was safe on first and Hilly on second. Chapman flew out to Richter. Kelly sent one to Twitchel who threw to Brophy, catching Goelens. Brophy shot it to Foreman to double Kelly and retire the side, but the throw was a little low and Foreman let it get by him into the crowd, Hildebrand scoring. Schoenauer was out Prim to Foreman.

In our half we cashed in two scores. Boyle was given free transportation; Twitchel was hit, advancing Boyle to second. Wilson flew out to center, Boyle taking third on the throw in. Twitchel stole second. Prim laid down a bunt to the pitcher who caught Boyle attempting to score, Twitchel taking third and Prim second. Brophy got a hit into right center, scoring Twitchel and Prim. Richter rolled an easy one to Goelens and Brophy was forced at second.

The Plainview boys were easy in the second. King was out Brophy to Foreman and Allison and Tepner fanned. In our half Foreman got a hit but was doubled at first when DeSilva put a little pop-up into Dunaway's hands. Hammond fanned.

Plainview tied it up in the third on an error. Dunaway went out on a foul to Wilson. Hildebrand was given a free ticket and took second when Goelens went out Brophy to Foreman. Chapman then sent a fly to DeSilva who muffed it. He got excited and shot the ball to second, instead of the plate, for which Hildebrand was tearing with the tying run and he made it safely. Kelly got a hit, Chapman taking second. Schoenauer rolled a slow one toward third and Chapman interfered with the fielder attempting to field it and was called out. That ended the scoring until the twelfth. In fact Plainview was never dangerous during the game, before the last inning, except in the eleventh. In this inning Dunaway got a hit, took

second when Hildebrand went out Brophy to Foreman and landed on third and Goelens on first when Brophy dropped Goelens' fly in short right. Chapman was out Primley to Foreman, Goelens taking second, but Kelly was out at the initial sack, Twitchel to Foreman, and the fans breathed freer.

O'Neill threw away an opportunity to win the game in the fourth, as before mentioned, but things looked exceedingly good again in the fifth. Boyle was out on a short fly to Hildebrand; Twitchel walked. Wilson got a hit advancing Twitchel but was forced at second, Tepner to Goelens, by Primley, Twitchel taking third. Prim swiped the keystone station and a hit would mean two runs and the game, but Brophy was unequal to the task and whiffed. Things looked quite pert for us again in the seventh. After Boyle flew out to Allison Twitchel got on for a hit and was advanced to second when Dunaway hit Wilson. Prim advanced them both a base when he went out Goelens to Hildebrand. With a man on second and one on third with two down Brophy rolled one to Dunaway and was out at first, and another opportunity had gone ballooning. In the ninth, after Boyle and Twitchel had flew out to left and center field, Wilson connected with one of Dunaway's choice benders and drove it over Allison's head for three sacks, but died there when Prim went out on a long fly to Allison.

With two down in the eleventh Boyle got a hit into right field and took second on a bad throw by Allison, but died there as Twitchel flew out to King. In the twelfth the Pierce county boys put the game in their pocket. Schoenauer put a two sacker into center, just over Hammond's head. King sent a fly to center which Hammond got into his hands then let go and Schoenauer was smilling on third and King on second. Allison then connected on a safety and Schoenauer and King scored. Tepner was out, Prim to Foreman; Dunaway flew out to Hammond and Hildebrand fanned. In our half Wilson was out Kelly to Hildebrand and Primley took a ticket for the bench over the same road; Brophy fanned the air and Plainview had the "rubber," although out-batted and out-played as the box score shows.

The Live Stock Market

South Omaha, August 19.—Special market letter from Nye-Schneider-Fowler Co.

The week opens with very liberal receipts of cattle, there being about 14,000 here in two days, much the heaviest run so far this season. Beef steers were slow to a dime lower and cow stock fully 10 to 15 lower. The percentage of stockers and feeders are becoming larger and the beef cattle from the ranges are in smaller proportion than they were earlier in the season, and the demand for good killers is keen. We expect to see the demand for corn fed cattle increase as the percentage of beef from the ranges decreases.

The hog market has taken quite a rebound, advancing 15 to 25 cents the first two days of this week. Receipts are again becoming very light.

Our sheep market has shown a strong advance in the face of a heavy decline at Chicago.

S. land office will probably be located there. Pamphlets describing this land and how to secure a quarter section homestead, free on application to any agent Chicago & North Western Railway. 9-2

MILLIONS SAVED BY LAW

Estimate of \$6,000,000 Saved to Nebraskans Through Rate Law.

SOME ASTONISHING FIGURES

Marvelous Results Follow the Work of Our Last Legislature.—Regulation That Regulates.

The sum of \$6,000,000 has been saved to the people of Nebraska in the past year through the operation of the rate regulation laws passed by the last legislature and enforced by Attorney General Thompson and the railway commission, says a special from Lincoln.

Over two and a half million of this sum was saved through the operation of the Aldrich law reducing rates on lumber, coal, live stock and grain 15 per cent. Over three million more was saved to the people through the reduction of passenger fare from 3 cents to 2 cents a mile. From the cut of express rates within the state a saving of \$179,000 is figured, and \$100,000 from the cut in coal rates from Wyoming.

These are not estimates, but carefully compiled figures taken from the reports and returns of the railroads on file with the state commission. It does not include hundreds of miscellaneous matters that the board took up and adjusted. It is regarded by the commissioners as a remarkable showing of what sane regulation can accomplish, in these cases the increase in volume of business making up in large part for the cut in rates.

Pillen-Fletcher Nuptials

A very delightful occasion was the gathering at the home of Mr. and Mrs. George Pillen at Mineola, on Wednesday evening, August 12, 1908, when their daughter, Miss Laca, was united in marriage to Mr. Allison Fletcher of Peotone, Ill. The bridal party entered the parlor at 8 o'clock, to the strains of the wedding march, played by Miss Ida Craig, a cousin of the bride. The ceremony was performed by Rev. T. S. Watson, pastor of the Methodist church of O'Neill, in the presence of forty-five relatives and friends of the contracting parties. The bride was beautifully gowned in white chiffon-batiste, while the groom was becomingly attired in a suit of black. After the ceremony and congratulations, refreshments were served and a social hour was greatly enjoyed by all. Many valuable and useful presents were received by the happy pair, consisting of china, glass and silver ware, table linens, floor rugs and other articles too numerous to mention. O'Neill was represented at this gathering by Mr. and Mrs. Oren Calkins. Mr. and Mrs. Fletcher will reside in Peotone, Ill., where he is engaged in business. **
