HELPFUL ADVICE

You won't tell your family doctor the whole story about your private Illness - you are too modest. You need not be afraid to tell Mrs. Pinkham, at Lynn, Mass., the things you could not explain to the doctor. Your etter will be held in the strictest confidence. From her vast correspondence with sick women during the past thirty years she may have gained the very knowledge that will help your case. Such letters as the following, from grateful women, establish beyond a doubt the power of

The matter was fresh to the mind of the writer, for he closes his letter by saying: "I am now this twenty-eighth of March, 1631 sealing my letters." Unon March, 1631, sealing my letters." Upon the Twenty-fifth of this March, one of Watertown, having lost a Calf and about ten of the Clock at night, hearing the howling of some wolves not far off, raised many of his Neighbors out of their Beds, that by Discharging their Muskets near about the place where he heard the Wolves, he might so put the Wolves to flight and save his calf. Milan's Merry Retort. Clyde Milan, the candy kid of baseball, is one of the quickest thinkers in the local outfit, and few of the Washingtan lads ever care to tackle him. On the local street car line that the baseball players use is a grouchy conductor, who is so disobliging that the other day the boys decided to put up a job on him. So when a bunch of them got on this fellow's car they each handed out 25 cents

in coppers and demanded tickets.

'Tis well known that no conductor cares to handle coppers, for they take up a lot of room and require tedious counting, and as the grouch came down the car alse and the Washington boys began to hand out their coppers, his face was a study. As he got to Milan, who looks like a kid, the conductor's temper failed and
