The roads are still bad, very bad, but the hay haulers continue to make regular trips in order to get their hay all to market before spring opens up. Hullhorst announced to the members of his congregation that he would close his pastorate here at the end of the pastoral year, April 1st. It is not known who will succeed him or where Mr. Hullhorst will go until after the annual presbytery which meets at Stuart soon.

Three hogs from Chambers topped the market in O'Neill Tuesday and incidentally disprove any suspicion that swine growing was not a success over in the hay country. The hogs average 453 pounds each and sold for \$6.35 per hundred. The three brought \$85.35. They were marketed by Robert Franke and bought by Dan Cronin, Nye-Schneider's representative.

St. Charles Daily: "Mrs. W. C. H. Keough, of Chicago, a prominent Catholic Temperance worker, spoke for one hour last evening, but the time seemed about thirty minutes, so interesting was the address. From the start Mrs. Keough held her audience and gave one of the most telling of speeches, showing the true stand of the Catholic Church on the temperance question. Her talk was a vote-getting one, and the Catholics were fully awakened to the issue, by her forceful argument. Her manner on the platform was most pleasing." St. Charles voted dry.

Tobias Jasek Slain.

Tuesday morning's Burlington passenger train for Sioux City ran over the remains of Tobias Jasek who was lying dead on the track a mile east of Copenhagen. The body was ground beneath the car wheels and was identified by means of papers found in pockets of the dead man's clothing, among which was his declaration of intention to become a citizen of the United States made out by the clerk of the district court of Holt county on June 20, 1908. Conductor Mike O'Brien wired these facts to Clerk of the Court Harmon. Reference to the records show that Jasek made his declaration on that date. He was twenty-one years old when the paper was made out. He was a native of Bohemia, Austria, and came to the United States in July, 1907.

Jasek was employed at the farm of Fred Vitt over on Dry creek at the time of his application to become a citizen and up until last fall. He went to Wisconsin from here and was probably on his way to this county when he met death. It is not known whether he has any relatives in the United States. When living at Mr. Vitt's he wrote regularly to a friend in Wisconsin.

The circumstances of his death indicate murder. Tracks and blood stains were found in the snow near the railroad track indicating a struggle and it is believed he was killed and laid on the track with the probable intention on the part of the murderer that it would appear he had been killed by a train. The coroner of Antelope county held an inquest and a verdict was rendered to the effect that Jasek was killed by a train. Others who visited the scene hold to the view that he was murdered and the body left on the railroad track. The remains were taken to Plainview where they were to be buried Wednesday unless someone claimed them.

Read This Carefully.

No doubt you have been thinking of buying some town property for the purpose of an investment or the erection of a building. Town lots have been very low in price and are still low. Some of the choicest locations have been purchased and you are still waiting. It is unwise for you to wait longer as property is sure to increase in value. The debts of the city are practically paid and taxes will be considerable less. Now is the time to buy before the advance in price comes.

I have some very fine residence locations in town lots and acreage property that I will sell now at a reduced price. It will do you no harm to investigate and learn the location and price. My property is in the east, west and north sides of the city.

Please write or call at my office. 38-3 T. V. Golden.

Forty Horses Stolen.

A special from Valentine dated the 16th says: A telephone message arrived today stating that about forty head of horses had been stolen from close to Merriman some time during last night and Sheriff Rosseter left to try and trail the horse thieves. There has been a gang of thieves operating in the west end of the county for some time and so far have eluded the authorities, but this is the biggest raid they have made and it is hoped they will be caught.

MINOR MENTION

Snyder returned last evening from Sioux City where they were called Friday of last week by the announcement of the serious illness of Mr. Snyder's brother-in-law, William Gilmour, who died before they arrived there. Ex-commissioner of Public Lands and Buildings Humphrey of Broken Bow was in the city last week on business before the United States land office. While here he renewed his acquaintance with E. H. Benedict of this city, who was a class mate of Mr. Humphrey at the State University of Iowa. They were both members of the law class of 1862 and had not met since they left the university.

The Odd Fellows have under consideration the erection of a new building on their lots just south of the O'Neill National bank. The matter has been discussed at various times for a year or more, and just recently reached a stage where a committee is at work on the proposition. The committee consists of O. O. Snyder, S. J. Weekes and C. E. Hall. The building under contemplation is a two story brick, the upper story to be used for a lodge room and the lower to contain two store rooms.

The county court room was pretty well filled with witnesses, jurors, spectators and litigants Monday when the assault and battery case against James and Thomas McCarthy and Charles Appleby, three Ewing young men, was heard. The jury found the defendants guilty as charged in the information. The jury was composed of Leo Mullen, L. G. Gillespie, John Welsh, John Brennan and Herb Hammond. The court assessed a fine of \$5 each and costs on the defendants. It cost them \$90.20, which was paid.

Bids for the construction of the new Catholic church were opened in this city yesterday by the building committee in the presence of the architect and the representatives of the contracting firms submitting bids. The figures for the erection of the building were higher than the estimate of the committee and the matter was taken under advisement until next Monday, when the contract will be awarded. The following contractors submitted bids: Stansberry Construction Co., of Missouri; J. J. O'Keefe, Sioux City; Batchelor Construction Co., of Wisconsin; R. Butke, Omaha; B. E. Short, Sioux City.

There are three candidates out for seats on the city council, one from each of the three wards. Petitions have been filed with the city clerk for the following: First ward, D. H. Cronin; Second ward, Frank Campbell; Third ward, C. E. Hall. A petition has also been filed for O. F. Biglin for mayor. City Clerk Clarence Campbell and Treasurer J. F. Gallagher are candidates for re-election. Frank Campbell is at present serving as councilman from the Second, he being the only councilman now serving that is up for re-election. P. J. Biglin's term as councilman in the first expires this year and J. A. Cowperthwaite's in the Third.

Valentine Republican: The Niobrara river reached the highest water mark last week that has been known for a number of years. As a result the Lavaca and Case bridges in the west part of the county were washed out and four other bridges are reported badly damaged. The county commissioners met Monday, and on Tuesday went out to view the situation to ascertain what was really necessary in putting the public highways in shape for travel again. While some of the bridges are only slightly damaged, taking the matter as a whole, it will be quite an expense to the county to replace the bridges washed out and repair the ones damaged.

For three years the W. C. T. U. have been trying to bring to O'Neill Mrs. Lenora M. Lake of St. Louis who ranks among the very best temperance orators, and is vice president of the Catholic Total Abstinence Society. In our correspondence with Mrs. Lake last September she said it would be impossible for her to come so far west, as her time was engaged for months in advance in the east but she recommended to us Mrs. Mary Keough, wife of Judge Keough of Chicago, and we are glad to announce that we have finally succeeded in securing Mrs. Keough for one address on March 28th. Mrs. Keough gave three addresses in Lincoln on last Sunday, speaking before the Catholic Woman's League, for men only at the Oliver, and a mass meeting in the evening. O'Neill people will miss a rare treat if they fail to hear this talented and able speaker. Time and place announced next week.

Mr. and Mrs. O. B. Lawrence of Emmet had unusual reasons to remember St. Patrick's day this year. A son was born to them on Wednesday.

A social was held out at the Gaughenbaugh school house last evening which was attended by everybody in the neighborhood. It was held primarily for a good time and proved a great success. Some amusement features were put on as an incidental attraction to raise funds towards paying the Methodist minister at O'Neill who preaches there regularly, and something like \$10 was realized.

The county board has been in session the past week, one of the principal things to occupy their attention being the matter of rebuilding the Lynch bridge. Some of the Boyd county people were here yesterday and also a committee from the board of supervisors of that county which talked the matter over with the Holt county board. The official sentiment expressed favors the building of a substantial bridge if it is rebuilt. This will mean an outlay of \$10,000 for the two counties. The Holt county board has not the funds at their disposal in the bridge fund and they asked the county attorney to secure the opinion of the attorney general as to how far they could go under the provision of the statute which provides for building bridges in cases of emergency. The board does not feel it has the authority to draw upon the general fund which is needed anyway for general expenses, and no action will be taken until the attorney general has been heard from. The board on Tuesday granted a saloon license to James Armstrong of Emmet.
