The ball team went down to Tilden last Thursday morning where on Thursday and Friday they played the salaried aggregation from Norfolk and while defeated they made the would-be professionals recognize the fact that they had a ball game. Norfolk won the first game by a score of 5 to 2 on rank errors on the part of the O'Neill team. The hits were even, eight each, but while O'Neill succeeded in piling up six errors Norfolk got through the game with out any, which tells the reason they won. Coyne and Alberts were the battery for O'Neill while Kissel and Spellman officiated for Norfolk. The game Friday was a little better game than that of the day before, but Norfolk managed to get away with the long end of a 2 to 4 score. Jack Foreman

and Ed Alberts were in the points for O'Neill and Jack had the Norfolk sluggers helpless until the eighth inning when they got two hits, which with a base on balls and a couple of errors netted Norfolk 4 runs and the game. Foreman allowed only 5 hits during the session and fanned 11 of the Norfolk sluggers. O'Neill secured 6 hits off Ward, Norfolk's pet slab artist, and he succeeded in fanning only three men.

According to the daily press the location of the new Normal school, authorized by the last legislature will not be selected until the supreme court decides which board of education, the old board or the one authorized by the last session of the legislature, and appointed by the governor, is the legal board of education of the state. A suit testing the constitutionality of the law creating the Normal Board of Education is now before the supreme court and a decision is looked for during the next six weeks.

Sheriff Hall encountered an enraged and infuriated man in the Northwestern railroad yards Tuesday night as he was coming up town. The fellow was flourishing a gun and threatening to shoot. He said he had been robbed, or that is what the sheriff made out of his incoherent talk. Mr. Hall induced him to put away his revolver and endeavored to get something of an intelligent story of why the man was in a belligerent mood. He claimed to be from Iowa and sputtered something about being robbed up town. The sheriff concluded it was not necessary to lock him up, but took him to the Northwestern station where he was wanting to get a train out of town.

A strong sentiment is gaining headway among substantial property owners that it is time for O'Neill to put in electric lights and a sewer system. It would be necessary to issue bonds for the purpose and this would call for a special election. It is believed bonds for these purposes would carry and that the little difference in the yearly tax each individual would have to pay would not be noticed. Both sewerage and lights are badly needed and it is probable sentiment will gain sufficient headway to call for a vote on the proposition.

Michael Lyons, who has been recognized for many years as the hustling real estate dealer of Emmet, was an O'Neill visitor Monday. Mr. Lyons returned last week from Glen Gardner, N. J., where he and Mrs. Lyons spent the summer visiting relatives and friends and thoroughly enjoying themselves on the Atlantic coast. Mr. Lyons says he has been so busy since his return that he has been unable to get out through the country to look at crop conditions but say that from what he can learn they are simply "out of sight." He says that many eastern people are figuring on coming to Nebraska this fall to purchase farms and he figures on doing quite a real estate business before snow flies.

My family have moved from O'Neill and I want to close out all my interests here. I have vacant lots in all parts of the city suitable for residence or business. In order to close out soon I will make a sacrifice price. My residence property lies north of the convent, in the eastern part of the city, on Douglas street, and in the west part of town in Mathews' addition. Now is an excellent time to buy any of these properties. I also have my residence property here, which is a splendid house, quarter of a block of land, house modern in every respect, including bath, toilet, furnace and first class lighting plant. I will sell this property cheap now for cash, or will trade it for land at its real worth.—T. V. Golden 12-3

Romantic, But a Fake.
Verdigre Citizen: Anton Dozbaba received a letter from Madrid, Spain, last Thursday written by a man claiming to be the second cousin of Mr. Dozbaba. He was real wealthy but had been imprisoned for getting his money unlawfully and that his entire fortune was deposited in a bank at London, England. His daughter, a girl of sixteen, had a check made out to bearer for this great fortune secreted in an old trunk. Now the girl is all alone since her father has been put in prison and for fear that the authorities find her the father desires that Mr. Dozbaba allow her to be sent to Verdigre and that for her to be cared for by him and he can have for his trouble one fourth of the immense treasure which would amount to about fifty thousand dollars. Mr. Dozbaba answered the letter just to find out what the graft is. They will no doubt want him to advance enough money to pay the young ladies' transportation.

This is a very clever scheme and has been successfully carried out in different localities.

In compliance with a request from the managers of the Ak-Sar-Ben at Omaha, the board of supervisors has appointed Miss Kathleen Doyle of this city to represent Holt county at the fall Ak-Sar-Ben festivities as maid of honor to the queen at the coronation ball. September 29 to October 9 are the dates of the festivities. A young lady is selected from each county as maid of honor and it is an honor many would be pleased to have bestowed upon them. Miss Doyle is one of the teachers in the O'Neill schools and none could represent the county more creditably.
