

The Mondell Homestead Lands

We are receiving thousands of inquiries about the 320-acre free homestead lands available for settlers under the Mondell Act. These lands are located in eastern Colorado and in Wyoming along the Burlington. The great advantage of this new homestead law is that the settler is permitted to take up, free, 320 acres instead of 160 acres, the larger tract being required under the new dry farming methods; northeastern Wyoming has from 16 to 21 inches of moisture, and has produced some of the finest crops of small grain ever seen in the west.

I personally conduct excursions on the first and third Tuesdays of each month to these lands. Write me for special descriptive folders, literature, etc.

Irrigated Lands in the Big Horn Basin—These government irrigated lands are being fast taken up by settlers who realize the coming value of Big Horn Basin lands in view of the railroad development in central Wyoming.

For the convenience of all Cream Patrons we have opened a Cream Station in the building known as the Yantzi Butter and Egg Store. Mr. Yantzi will be in charge and will weigh and test your cream and pay you the cash for it; also pay cash for Poultry. You will get as much for your cream at the Station as we pay at the Creamery.
