

A New Line to the Northwest

Through the Big Horn Basin

The Big Horn Basin is fast settling up and offers the greatest opportunities for farmers, and especially *farm renters*, to secure fine government irrigated farms at the mere cost of the water, and often a *single crop can be made to pay for the farm*. Ten yearly payments without interest. This is cheaper than paying rent in any locality.

With the completion of the new line this promises to become a great wealth producing region.

The oil, gas and irrigation of the Big Horn Basin will make that country a combination of farm and industrial prosperity.

Write me for full descriptive literature. Go with me to the Basin and let me help you select a new home.

Dollars paid for rent are lost.
