When Engineer Bruce was here a few weeks ago Mayor Biglin had quite a talk with him regarding an electric light system for the city and Mr. Bruce said he would prepare an estimate of the cost of a plant of sufficient capacity to supply the needs of this city. Mayor Biglin received the estimate yesterday. The plant is estimated to run 14 arc lights and 650 incandescents and would cost installed \$7,500. It would seem to us that at this price O'Neill should have an electric light plant and sufficient capital should be secured in the city to put the plant in.

Red Bird item in Lynch Journal: Geo. Mellor and wife arrived at the old home farm Saturday. George developed a regular Jim Jeffries muscle pumping water for the cows on the Orchard farm and realizing that a Jeffries muscle was of no use outside of California, he quit the job and moved back to the never failing Red-bird valley. We are glad to see you back George for this is the best country. Stay with it.

The last entertainment of the course given under the auspices of the Tuesday club will be a humorous lecture by George C. Rheinfrank, and will occur at the K. C. hall, Friday evening, April 1. Mr. Rheinfrank is frequently called a "Star Lecturer," because his lectures scintillate like stars, and shed radiance in darkest nights. A newspaper recently called him a star among stars and that is surely shining some.

James A. Donohoe and Charles McKenna are now the two most popular young men in O'Neill with the ladies, who greet them with their sweetest smiles. Whether the fact that Jim and Charley just received a "dandy" 50 horse power Jackson touring car has anything to do with their increased popularity we are unable to say, but some of the more unfortunate boys say that's the reason. The car is a beauty and has been running overtime the past week.

Horisky has been engaged in the grocery business here the past eight years and has been very successful. He will rest up for a couple of months before deciding as to what business he will engage in. Dan Harrington has grown to manhood in O'Neill. For the past four years he has been manager of the grocery department for J. P. Mann & Co., and is one of the most popular young men in the city and his friends wish him a successful business career.

twenty members of my church I will get you to operate on.

A Mississippi editor makes this appeal to delinquent subscribers: "Fish down into your pockets and dig up dust, the editor is hungry and the paper 'bout to bust, we've trusted you for several months, and did it with a smile, so just return the compliment and trust us for a while. Our wife she needs some stockings and baby needs a dress; Jimmy needs some breeches, and so do Kate and Bess. Bud is on the hog train and Peggy is sick with grief, good gosh almighty, can't you give a man relief. Shell out those nickles and turn loose the dimes, turn 'em loose and whistle and we'll have better times; there will be fewer patches on the bosom of our pants and we would make the paper better if we had half a chance. Don't give us that old story, long gone to seed 'bout taking more papers than the family want to read; but help to feed the printer, and he'll help the town to grow, and thus escape the sulphur in the regions down below."

Valentine Democrat: The O'Neill-Valentine debate was pulled off last Saturday night at the opera house which was crowded. The hall was beautifully decorated and the stage brilliantly lighted. Class yells interspersed and preceded the debate. Several songs, music and declamations also helped to enliven the occasion. Valentine was given the decision by the judges by only a few points. Both sides did exceptionally well and it was not easy to predict which would get the decision. The judges were T. V. Golden of O'Neill, Dr. R. P. Hoxsey of Valentine and Prof. C. A. Ruby of Woodlake. Several O'Neill people came up with the debaters and have no reason to feel otherwise than proud of their debating team. The utmost good feeling prevailed and the O'Neill students were given a reception Saturday afternoon by Miss Van Driel and the Valentine high school. We would especially recommend Mr. McNichols of the O'Neill team as a worthy debater in the state contest.

The charming ladies of the M. U. M. club were entertained by Miss Sadie Skirving at her home Wednesday evening at cards. Miss Anna O'Donnell receiving the prize for the highest score in 500. A delightful four course lunch was served, after which many vocal selections were sweetly rendered by Mrs. Flynn and Miss Rose Fallon. This club is noted for their clever entertainments and rounds of pleasure. Miss Dolly Dimples of Hackensack, U. S. being the guest of honor. It is expected that a number of social affairs will be given in honor of Miss Dolly during her stay in the Emerald tinted city. The members of the club are "mum" in regard to the identity of the mysterious Miss Dolly, but the citizens of our city will have an opportunity to solve the mystery as the lady in question will be in front of the Fidelity bank between the hours

of 2 and 3 p. m. Friday. It is not known whether she will be in her automobile, airship or otherwise. Now is the time to make the winning, "philos sophos," take notice.

W. H. Robinson of Long Pine has brought suit in the district of Holt county against the Chicago and Northwestern railroad company for \$2,000. Plaintiff alleges that he was working as fireman for said company on a yard engine at Long Pine, in September, 1907. That the right hand back hole plate on said engine was open, loose, unsafe, insufficient and defective. That said defective engine allowed the steam to escape constantly around and upon him causing him to sweat enormously. That on account of such escaping steam he was frequently compelled to step off said engine in order to get air, and getting out into the cold air from the heated cab caused him to take a severe cold which caused other diseases. That the injuries he sustained by reason of said escaping steam are: catarrh, bronchitis, nervousness, impaired health, a weak heart, poor circulation of the blood, kidney disease and muscular rheumatism, and by reason of such diseases and injuries he is unable to perform any work or labor of any kind whatever, and asks judgment for \$2,000 and costs of suit.

A romantic elopement was frustrated by the cruel hand of the law Wednesday. Sheriff Grady received a telegram from the sheriff of Dodge county Wednesday morning to arrest and hold Miss Florence Le Grande of Fremont, aged 16 years, who had left Fremont Tuesday, and Deputy Sheriff Britzell took the young lady into custody Wednesday noon. The young man in the case, Robert Winn, left Fremont for O'Neill with a car of stock and did not reach the city until yesterday. When he heard there was trouble brewing he left his sweetheart and disappeared. Mr. and Mrs. Le Grand arrived yesterday afternoon and took the would-be bride home with them this morning. While the parents claim their daughter is only sixteen years of age she looks nearer twenty-three, but she refused to say whether she was over or under sixteen. She at first refused to have anything to do with her parents and positively stated she would not return with them, but they evidently convinced her of her folly for she readily accompanied them this morning. The main objection of the parents to the marriage was the daughter's youth. Mr. Le Grand is an employee of the Northwestern railway at Fremont.

The Live Stock Market
 South Omaha, Neb., Mar. 29.—Special market letter from Standard Live Stock Commission Co.

The bad slump started in the cattle market the latter part of last week continued at the opening of this week. We think the decline can be safely quoted at 30 to 75 cents and in the case of common cows and some of the poorer quality of butcher stock some salesmen declare it is as much as \$1.50 lower. The average decline on stockers and feeders of both steers and heifers is fully 50 cents per hundred. We do not expect to see common cattle go as high again this spring as they were, but believe the near future will bring a reaction for the better for good killers.

We quote:
 Fair to choice heaves..... 7.00@ 8.10
 Others down to..... 6.00
 Corned cows and heifers up to 6.25
 Fair to good..... 4.75@ 5.50
 Canners and cutters..... 2.50@ 4.50
 Veal calves..... 5.50@ 8.50
 Bulls, stags, etc..... 3.75@ 6.25
 Good to choice feeders..... 5.50@ 6.50
 Others down to..... 4.00
 Stock heifers..... 3.75@ 4.50
 The hog market refuses to break and week by week we must record new high prices. Bulk \$10.00 to \$10.75, top \$10.85
 The lamb market seems to become a little top heavy but good grades of sheep are holding steady at the level of the high prices.
