BABY WASTED TO SKELETON

"My little son, when about a year and a half old, began to have sores come out on his face. I had a physician treat him, but the sores grew worse. Then they began to come out on his arms, then on other parts of his body, and then one came on his chest, worse than the others. Then I called another physician. Still he grew worse. At the end of about a year and a half of suffering he grew so bad that I had to tie his hands in cloths at night to keep him from scratching the sores and tearing the flesh. He got to be a mere skeleton, and was hardly able to walk.

"My aunt advised me to try Cuticura Soap and Cuticura Ointment. I sent to a drug store and got a cake of Cuticura Soap and a box of the Ointment and followed directions. At the end of two months the sores were all well. He has never had any sores of any kind since. I can sincerely say that only for Cuticura my child would have died. I used only one cake of Cuticura Soap and about three boxes of Ointment.

"I am a nurse and my profession brings me into many different familles and it is always a pleasure for me to tell my story and recommend Cuticura Remedies. Mrs. Egbert Sheldon, Litchfield, Conn., Oct. 23, 1909."

Washington, Nov. 12 .- Official dispatches giving details of the anti-American demonstration yesterday in Mexico City reached the state department today from United States Ambassador Wilson and Arnold Franklin, the Amrican consul general.

DRINK WATER TO CURE **KIDNEYS AND RHEUMATISM**

The People Do Not Drink Enough Water to Keep Healthy, Says Well-Known

Authority.

"The numerous cases of kidney and bladder diseases and rheumatism are mainly due to the fact that the drinking of water, nature's greatest medicine, has been neglected.

Stop loading your system with medicines and cure-alls; but get on the water wagon. If you are really sick, why, of course, take the proper medicines-plain, common vegetable treatment, which will not shatter the nerves or ruin the stomach."

To cure Rheumatism you must make the kidneys do their work: they are the filters of the blood. They must be made to strain out of the blood the waste matter and acids that cause rheumatism; the urine must be neutralized so it will no longer be a source of irritation to the bladder, and, most of all, you must keep these acids from forming in the stomach. This is the cause of stomach trouble and poor digestion. For these conditions you can do no better than take the following prescription: Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces. Mix by shaking well in bottle and take in teaspoonful doses after each meal and at bedtime, but don't forget the water. Drink plenty and often.

This valuable information and simple prescription should be posted up in each household and used at the first sign of an attack of rheumatism, backache or urinary trouble, no matter how slight.
