"THE MAN ON THE BOX" by Harold McGrath and Grace Livingstone Furness, will be presented at The Opera House Dec. 3; this will be an agreeable surprise to those who have read the book as it is one of the most delightful stories ever written.

The greatest danger from influenza is of its resulting in pneumonia. This can be obviated by using Chamberlain's Cough Remedy, as it not only cures influenza, but counteracts any tendency of the disease towards pneumonia. Sold by all dealers. 24-5

For Sale—An imported Suffolk Perch Stallion, color, deep sorrell, 6 years old weight 1700 pounds. Will trade the horse for land or stock or will sell him upon terms to suit purchasers.—Greeley Brothers, Atkinson, Nebr. 23-6

We wonder if the farmers in our vicinity know that the number of hogs in Nebraska decreased from 2,329,947 in 1908 to 1,490,232 in 1910. This fact is of vital importance to Nebraskans. What can we do to remedy this shortage of pork production? Attend the meetings of Organized Agriculture at Lincoln, January 16th to the 20th and solve the problem.

F. J. Pratt of Humphrey, deputy oil inspector for this district, was in the city upon official business last Wednesday. Mr. Pratt says that he is ready to relinquish his job to some good republican about the first of the year and will devote his entire attention to making his paper, the Humphrey Democrat, bigger, better and brighter than ever.

Work upon the new addition to St. Mary's Academy is progressing rapidly. Escorted by Superintendent Nielson we make a tour of the building Tuesday and found it about the busiest place in the city. The plasterers will commence putting on the finishing coats the coming week and then the carpenters will go on with the finishing. Superintendent Nielson believes that he will be able to complete the building by January 1st.

According to the last census, which was made public Wednesday of this week, the state of Nebraska has a population of 1,192,214, an increase of 125,914 over the census of 1900. The population of Holt county is given as 15,545, an increase of 3,321 over the population of 1900. The figures will be a little disappointing to many people who believed that the population of this county is greater today than it has been, but the figures show that we are about 1,000 under the figures of 1890.

Miss Mabel Snyder of this city won the grand prize in the Norfolk Daily News subscription contest, an Overland touring car worth \$1,400, with a total of 1,380,000 votes. Her nearest competitor had 1,013,448 votes. Miss Snyder also won a special prize, an Edison phonograph, valued at \$80, for having secured the most new subscribers to the Daily News, having added 142 new names to the list. The Frontier extends its heartiest congratulations to Miss Snyder on her success in this contest.

David E-pinska, a Mexican laborer who has been employed upon sewer construction all summer, was arrested last Monday charged with having made an assault upon a young lady of this city. The complaining witness alleged that he chased her on Saturday evening and upon making complaint a warrant was issued by Judge Malone. The Mexican appeared in court last Tuesday and plead guilty, alleging to have been intoxicated at the time. Judge Malone fined him \$15.00 and costs and he is at present confined in the county jail.

A good sized delegation of O'Neill sports went over to Gregory, S. D., last Thursday to witness the ten round bout between Jack Sullivan of this city and Kid West of Gregory. The promoters of the scrap rung in eight ounce gloves on Jack so he did not put West down for the count, although the spectators say that he had him going in nearly every round, but that the lightness of the gloves prevented him from landing a knock-out blow. Sullivan was awarded the decision, having the best of the contest all the way through. About a \$1,000 house witnessed the contest.

R. D. Saunders was in from his Wheeler county ranch last Tuesday. Pete says that everything is prosperous in his section of the country and that there are more cattle being wintered in southern Holt and northern Wheeler this winter than there has been in years. This is largely on account of the scarcity of feed in other sections of the state, many ranchmen having sent their cattle into that section to winter on account of the abundance of feed. They are paying \$1.00 a head for wintering cattle this season, whereas the customary price in seasons past has been 50 cents per month. While in the city we made arrangements with Mr. Saunders to come to O'Neill and run The Frontier this winter while we are attending the legislative session at Lincoln.

THE HOME OF GOOD MERCHANDISE.

A Show of the West.

Realizing the benefits of a mid-winter educational show of western agricultural products, Nebraskans will not let the national corn show idea die out, but now propose to replace it with an exhibit of all the farm and orchard products of the west.

Limited as it is to the exhibits of states west of the Missouri river, such a show is aimed to better serve the purpose of boosting the western country by giving a graphic lesson under one roof of the possibilities of the lands between the river and the Sierra Nevada.

The idea of the promoters of this latest of western enterprises is to bring together such honest representative exhibits from western states and districts as will give a visitor a clear idea of what is possible on western lands without necessity of traveling thousands of miles to see irrigation projects, new farm lands, dry farming regions and old and well developed farms in Nebraska, South Dakota and Kansas.

The Western Land Products exhibit will be sort of a panorama of the country west of the Missouri river with such displays of products as will give anyone an intelligent idea of each section of the country where farming or fruit growing is the principal industry. Does a farmer or investor want to know Nebraska without traveling over the state? Look at the Nebraska exhibit. Inquirers about a certain valley in Idaho of the products of the great Salt Lake basin, may be answered by visiting the exhibits brought together for this honest purpose.

The Western Land products exhibit will be held in Omaha Jan. 18 to 28, in the Auditorium, which has 19000 square feet of exhibit space.

Presbyterian Items.

When you pick up a trade paper you do not see "These splendid goods are prepared by faulty and unreliable workman notwithstanding these men are ignominious failures, we have kept them and our product is the best on the market." That is just what the churches have done for society in

christianlands. "Peter's Denial" is the subject of International Series of bible lessons, which will be discussed in Presbyterian Sunday school next Sunday Dec. 4th. At the entrance of many harbors, there are buoys floating as a warning against dangerous rocks or shallow water. In life you will not have to look around long or observe much until you find where the best channels are. Preceding the bible school is the regular morning worship with sermon at 10:30

Next Sunday evening we will begin a short series of talks "The awakening of China". The discussion will deal with the ultimate effect and competition of Chinese labor in China or America. In self defense we must take the gospel to those people. To change their economic standards. The political economic advantages of "Missions" will be dealt with.

Many lessons of social customs, agricultural pursuit and general integrity warrant us in assuming that in a very few generations the Chinese people will be second to very few of the world powers of today. Come and study this question with us Sunday evening Dec. 4th, 7:30 p. m. Bring some one with you when you come.

Notice

Hereafter the central hours for Sunday and all legal holidays are from 8 a. m., to 6 p. m. Outside these hours the regular night charge of 25 cents will be made for all connections.

All persons living outside the city limits of the city of O'Neill shall pay a line charge of 25 cents for each connection with the Ann Carr Telephone line.

Also subscribers of the Ann Carr Telephone Co. shall pay toll for connections with all other lines outside of O'Neill.

Holt County Telephone Company.

Notice

As I have sold out and am going to move away I request my patrons to call and settle their account at once, as I need the money.
