## ANNOUNCEMENT OF OUR PLANS FOR HOLIDAY TRADE

Many months ago we began to plan for this year's holiday business. We were determined that our patrons should have advantages this season that they never have enjoyed before. Our stock tells the story. We realize that the demand for Holiday Goods will be very great this year, and we have arranged to meet that demand by bringing together a stock that equals anything of the kind to be found outside the larger cities. We not only have variety, but we have quality. We are proud of this display. We very cordially invite inspection of this specially selected stock of Holiday Merchandise.

### IN TOYLAND

Our Store is a Veritable Paradise for the Little Folks who are Looking Forward to Christmas

In buying our stock of toys for this year we have kept in mind the fact that there is always something new being devised for the amusement and education of the little folks. Our line is complete, and the range of our prices so wide, that no matter how much or how little you have to spend for toys, we can give you entire satisfaction.

### ATTRACTIVE LINE OF ART GOODS

Artistic development among all classes of people has been so great during late years that no holiday stock is complete that does not appeal largely to esthetic taste. Our stock this season has that virtue. The collection includes a variety of Decorated China, Ornamental Vases, Statuary, Bisque Ornaments, Ink stands, and so many other articles that it would be impossible to enumerate them here.

### PLEASING ART PICTURES

As a Christmas gift nothing is more acceptable to some people than a beautiful picture. We have a choice collection of Art Studies, with such a wide range of subjects, that we can please the artistic tastes of all. And the prices are as varied as the line and range, from a few cents to larger sums, in proportion to size and merits of picture.

### MANY GIFTS

Have Always Been Considered as Hard to Choose, but we Have Made Gift Selections Easy this Season

There are people who actually dread the approach of Christmas and feel that they will be glad when it is over. This is because of the difficulties they encounter in selecting gifts. Such difficulties arise, in many cases, from the fact that merchants do not provide adequate stock from which to make selections. You will find our stock a wholesome exception to this rule.

### TOILET ARTICLES

In the line of Toilet Articles there is always something that everybody needs. This year there has been a distinct innovation in this line of goods. Besides the individual pieces, which are very numerous, there are a number of combination sets. These include Traveling Companions, Brush and Comb sets, Military Brushes, Manicure sets and Novelties. Come and examine this line before the assortment is broken.

### BOOKS FOR CHRISTMAS

We have all kinds of books, from the little tales for little tots, to editions of classics in prose and verse for the older lovers of literature. There are too many titles for us to enumerate any of them here. We are confident that this display will please you.
