We will open a first class home bakery in the Golden building on or about June 28th. We will also handle ice cream and a full line of confectionary.—McMillan & Markly. According to the returns of the various precinct assessors there are 2,224 dogs in the county and they are assessed at \$12,120. The ordinary citizen walking the streets of this city any day would be led to believe that there are that many running loose around here.

Stukes Bros., carpenters. Anything in the line of building. Call over Bentley's store. 52-1f. Taken Up—At my place half mile east of Emmet, black sow weight 260. Owner may have same by paying all costs.—R. S. Lawrence, Emmet, Nebr. 50-1f. Time is up for those that owe me to pay up. I will expect it all to be paid before July 4th, if not I will turn the books over to McCafferty on that day.—Con Keys. We do French Dry Cleaning in our shop of all ladies and gentlemen's garments. Nothing but first class work turned out. At Frank and Vince Suchy's tailor shop. 1-1f. Mellor & Quilty are building a garage upon the lots just east of their main barn. The building is of cement blocks and re-enforced concrete and is 45x60 feet. It is worse than useless to take any medicine internally for muscular or chronic rheumatism. All that is needed is a free application of Chamberlain's Liniment. For sale by all dealers. At the annual meeting of Group No. 6, of the Nebraska Bankers held at Long Pine last Wednesday, James F. O'Donnell of the Fidelity Bank of this city was elected vice-president of the association. The uniform success that has attended the use of Chamberlain's Colic, Cholera and Diarrhoea Remedy has made it a favorite everywhere. It can always be depended upon. For sale by all dealers. For Rent for 1911—Northwest quarter section 9, township 29, range 12, 160 acres hay land, Holt county, Neb., 5 1/2 miles southwest of O'Neill. For particulars address—E. Fitzgerald, Sr., Iowa Falls, Iowa. Whooping cough is not dangerous when the cough is kept loose and expectation easy by giving Chamberlain's Cough Remedy. It has been used in many epidemics of this disease with perfect success. For sale by all dealers. Martin Winkler, one of the energetic young farmers living about fourteen miles northwest of this city, was a caller at this office last Friday and left the coin necessary to secure a weekly visit of The Frontier for the next year. We are now making butter and ice cream and need your sour cream for our butter and the sweet cream for our ice cream. Sell us your cream and help build up a Western Factory for Western Farmers.—McGinnis Creamery Co. 52-1f. Rodell Root, formerly a member of the county board, was in Tuesday from his ranch near Amelia as a witness for one of his neighbors who proved up on his section. Mr. Root says that everything is in good shape in his neighborhood. Strayed—From my ranch near Mineola on May 30th, one bay mare three years old, weight about 800 pounds; has a barb wire cut on left front foot. Notify the undersigned at O'Neill, or T. N. Grenier at Mineola.—F. J. Dishner. 52-2. Yes its the little things that hurt. A common every-day measly little fly will make an orthodox Christian swear forty strokes to the minute, while if the same man had his head taken off by a July tornado he wouldn't say a word about it. The editor accompanied by John A. Robertson and O. E. Ott of Joy, made a trip to Atkinson last Saturday morning, in Mr. Robertson's car. On the road between O'Neill and Atkinson we seen only two fields of oats that were not injured by the dry weather and they were just six miles northwest of this city. About every other field on the road showed the effects of the dry hot weather. Corn is looking splendid and rye is especially good and gives promise of a good crop.

W. R. Butler came over from Gregory, S. D., last Sunday evening to spend a few days looking after business interests in the city. Mr. Butler says that crops are looking fine in that section as they had good rains all spring just when needed. There is one medicine that every family should be provided with and especially during the summer months; viz, Chamberlain's Colic, Cholera and Diarrhoea Remedy. It is almost certain to be needed. It costs but a quarter. Can you afford to be without it? For sale by all dealers. The funeral of the young son of Mr. and Mrs. John Carr of Stafford, who was killed last Thursday morning by being dragged by a horse, was held from the Catholic church in this city last Friday afternoon and was very largely attended, the remains being interred in the Catholic cemetery. A fair rain visited the northwestern part of the county last Thursday night. The country just northwest of this city received a fair shower as did also the country near Agee. Corn in all parts of the county is looking splendid but the small grain is injured in a great portion of the county. Henry Klopper, who moved here from Iowa this spring having purchased the old McGinnis farm upon which he resides, was a caller at these headquarters the first of the week and ordered this household necessity sent to his address so that he could keep posted upon the happenings in this section. The woman of today who has good health, good temper, good sense bright eyes and a lovely complexion the result of correct living and good digestion, wins the admiration of the world. If your digestion is faulty Chamberlain's Stomach and Liver Tablets will correct it. For sale by all dealers. Supervisor J. D. Grimes of Chambers has joined the automobile brigade of the county board and now owns a new E. M. F. touring car. This makes the third member of the Holt county board who are the owners of automobiles, Supervisors Simar, and Hamberg being the other "smoke wagon" owners. The only honorable and honest way to stop a newspaper is to step into the office and pay up all arrearage, get a receipt and have your name off the list. To fire your paper back at the publisher marked "refused" when you owe six months or a year, and never go near the office is not only disreputable, but superlatively dishonest as well. T. H. McDonald arrived in the city from Laurel last Tuesday and will make his future home upon the Andrew Gallagher farm five miles east of the city. Mr. McDonald was a former resident of this county, living upon a farm nine miles northeast of this city, but disposed of his interests in 1893 and moved to Cedar county, where he has since resided. Tom says he is sorry he ever left the county and the old place looks so good to him that he has returned to stay. Joseph Shaheen has traded his stock of goods to Sam Chamie and Alex Bernie of Sioux Falls, S. D., for South Dakota real estate and the new firm took possession Monday morning. They are undecided yet whether they will keep the stock here or move it to Sioux Falls, where they have been engaged in the general mercantile business for several years. According to the several precinct assessors returns automobiles are not very valuable. From the abstract of county assessor Skidmore we see that there are 90 machines in this county valued at \$36,375 an average of \$404 each. The highest value placed upon a machine is upon one owned in this city, the owner valuing it for taxable purposes at \$800. Butte Gazette: The Boyd county supervisors met with the Holt county board Monday and examined the Niobrara with view of locating a bridge across the river at some point south of Butte. In all probability it will be at the Parshall crossing, although there is considerable talk of Coon Island. The location will be determined by the state engineer. Contracts have been entered into by the state Fair Association with the Wright Company of New York for two aeroplanes and two aviators to make two flights each day of the Fair, Sept. 4 to 8. Last year, Hoxey with one machine was secured for the flights and when he went into one of the barns on Tuesday morning it deprived numbers of our people from witnessing the modern attraction. The management does not intend to have such an accident to one machine disappoint their patrons, so have gone to an added expense to secure two complete outfits that people who come to one of the best fairs on earth will not be disappointed this year.

20 Per Cent Discount

On Men's and Boys Clothing

In order to close out all our light-weight clothing before the 4th we are going to place every suit in our store on sale. In making this offer we are confident we will sell every suit in the store which means more to us than what profit we will sacrifice on the few snits we would carry over to mar the beauty of a handsome line of new clothes we are having manufactured for our early fall trade.

J. P. MANN & Co

R. E. Vail of Cleveland, Ohio, has rented the Weingartner restaurant and opened same for business last Saturday morning. The building has been thoroughly overhauled, repapered and repainted and now presents a neat and attractive appearance. Mr. Vail is a restaurant man of experience and will no doubt be successful as the location is the best in the city. A prominent O'Neill attorney has recently become the owner of an automobile, after having driven a horse for several years, and when driving the machine attempts to stop it by hollering whoa, but upon the occasion which we mention the pesky thing did not stop until he had applied the brake. Funny how these new contraptions will not obey as well as old "Molly."

George Gibbons and Frank Phalen have dissolved partnership in the barber business, Mr. Gibbons retiring from the firm has rented the old barber shop building next to the Weingartner restaurant where he will open up a shop in about ten days. Mr. Gibbons is having the building repaired and has ordered a lot of fixtures and says he will have one of the swellest little shops in the state. By falling from a ladder while painting his house last Monday Tom Donlin received a broken collar bone and will be laid up five or six weeks. The ladder being too short Mr. Donlin had placed it upon a bench so that he could reach the upper part of the building. The bench was not very solid and his weight upon the ladder caused it to tip and he was thrown to the ground, a distance of about ten feet, landing upon his shoulder. There is nothing that calls attention and draws people to a town equal to a good newspaper. In order for a man to make a good newspaper he must have the patronage of the people among whom he lives. If he has half-way support it stands to reason that he must make a poorer paper and in doing this every man in the town and surrounding country has to bear a portion of the loss. For this reason if for no other, the man who tries to make a good newspaper should have the support of his town people, all of whom reap fully as much benefit from its efforts as he does himself.

Notice. On and after Monday July 3, the undersigned merchants will make but two deliveries a day, one at 9:30 A. M. and one at 3 P. M. all orders received by 9:15 will be filled and delivered at 9:30 all orders received after 9:15 A. M. to 2:45 P. M., will be delivered at 3 P. M. orders received after 2:45 P. M. will be delivered the next morning. In order that the people understand there can be no special deliveries we state there is a contract with the driver of the general delivery that anyone caught making a special delivery in any way or at any time pays a \$10.00 fine for each offence. Signed: Dan Harrington, Joe Horiskey, E. E. Morrison, J. P. Mann & Co. J. Bentley, J. P. Gallagher, P. J. McManus.
