Several young men of this city seem to think that they are smart if they can get into an automobile and drive through the streets at the rate of fifty or sixty miles an hour. It seems that about the only thing that will teach

them that the streets of the city is not a speedway is to have them pulled a few times and fined heavily. We think that would have a tendency to learn them that the speed limits of the state laws should be respected.

THE Directors of the Fidelity Bank publish this week amended articles of incorporation changing the name of this bank to the

NEBRASKA STATE BANK

O'NEILL, NEBRASKA

This was considered necessary on account of the bank becoming a Guarantee Bank and in order that there would be no misunderstanding as to the bank being organized under the new law recently passed by the Nebraska Legislature, which law was confirmed by the United States Court as being a good and valid law, which gives protection to the depositors. This is the only bank in O'Neill operating under the Guarantee Law that gives absolute protection to its depositors.

FIVE PER CENT PAID ON TIME DEPOSITS.
