 Several splendid rains have visited this county the past week and everything is now looking fine. It is estimated that over three inches of water has fallen since last Wednesday a week ago and grass and vegetation has taken on a new lease of life and now looks better than at any time this summer.
Albion News: A pension of \$4 a week for every man and woman over 60 years of age is provided for in a bill introduced in congress by Victor L. Berger the socialist member of Wisconsin. "The old working men and women are entitled to a living outside of the poor houses and without the aid of private charity" said Mr. Berger in discussing his bill.
 P. H. Reddy of Verdigris is in the city to attend the race meet, and visit old time friends. Mr. Reddy's parents were among the pioneers of this county, living on a farm north west of this city for many years and then moving over to the Dorsey neighborhood. Mr. Reddy has been a resident of the Knox county town for four years where he is running a barber shop.
Plainview News: John A. Robertson and daughter, Miss Lottie, came down Friday from O'Neill. Before returning she closed a contract with the school board here to teach during the coming year. Please note the words of praise given Miss Robertson by the county superintendent in this week's notes. Mr. Robertson and daughter are old Holt county friends of the writer and are splendid people.
 Harrison Smith of Avoca, Iowa, an old time friend of Jack Quig, is in the city this week. Mr. Smith is the owner of Teddy M., one of the horses entered in the local race meet and he came out to see his horse work and to look over the country. Mr. Smith is very favorably impressed with the country and will probably invest in some Holt county real estate before returning home. He says that crops and pastures look much better here than they do in any part of Iowa that he seen.
Pierce Leader: As stated in the Leader two weeks ago, Charles Rice will move his laundry from Pierce, and this week he loaded his machinery on the cars and is shipping the same to O'Neill, where he will start in the laundry business. During his residence of nearly two years in our city, Mr. Rice has turned out good work, and the people of O'Neill can rest assured that a splendid laundryman, having up-to-date machinery, has located in their midst. The Leader wishes Mr. Rice and family success in their new home.
 County Superintendent of Pierce county, in the Plainview News: "Miss Lottie M. Robertson, who was Presi-

ents Piles's private secretary at the Wayne Normal for many years, has been elected to assist in the eighth grade and high school at Plainview at \$70.00 per month. Plainview will look many years before it gets a better all around teacher than Miss Robertson. Dozens of teachers and students in this and other counties know of her good work at the Wayne Normal where she was often forced to teach almost any of the classes. During the past year she has been taking domestic science at Rochester, New York. She holds a life certificate."
 The county board of supervisors have made application to the secretary of the navy for one of the large guns that were on the battleship Maine to be placed in the court house yard in this city. If they are successful in securing one of these guns it will be a splendid relic of the ill-fated battleship that went to the bottom in Havana harbor thirteen years ago. From a letter received by Chairman Grimes of the county board from Congressman Kinkaid he was informed that in about six weeks the navy department will pass upon the application received for guns from the vessel and the board would be informed at once of the action taken.
 Last week Elmer Merriman purchased the pop factory of Charles Sanford and will take possession at once and will commence supplying the trade with everything in the line of soft drinks in about a week. Elmer was formerly engaged in the bottling business in this city, selling the present factory in 1900 after having operated it very successfully for twelve years. Since retiring from that business he spent a few years on the Pacific coast and a few more farming in the eastern part of this county, but has again decided to come back to O'Neill and engage in business. Elmer is a hustler and the Frontier predicts that he will soon build up a flourishing business for the O'Neill Bottling Works.
 Guy Green was in from his Wheeler county ranch last Friday. Guy says that the people in that section are enthusiastic over the railroad prospects. He says that there is no question in his mind but that the road will be built as the canvassing committee are meeting splendid success in their effort to raise the \$70,000 bonus asked by the promoter. The intention of the promoter is to build the road, if a sufficient bonus can be raised, and sell it to some of the railroad companies doing business in the state. A couple of years ago he built a railroad in Custer county and after it was completed sold it to the Burlington and realized a neat little sum for his efforts in the matter. If the road is built the raise in the value of the Wheeler county farms would put many Kinkaiders in that county upon easy street financially.
Newport Republican: Fred Wingate of O'Neill, is now applying for a license to operate a saloon in Newport and his petition is being circulated by Howard Russell, L. E. Carscallin, of the same place is lending his assistance so far as he is able though his name does not appear. Both were in Newport the first of the week to start the wheels turning, and expressed the belief that they could secure a license though they were by no means over-confident after they had become acquainted with the situation. Mr. Wingate is a bartender while Carscallin is the proprietor of a barber shop. Both will, they say, make their homes here if they are successful in their undertaking and have even gone so far as to leave orders for the renting of residence property should any be vacated.
 A soaking rain, which visited this county last Friday, knocked out the Woodmen picnic which was to have been held in Doyle's grove west of town Friday afternoon. As the great rain was needed it was appreciated and the Woodchoppers were not sorry to have to give up their expectations of a good time for so worthy a cause. In the evening a class of fifteen members were adopted into the mysteries of the order at the K. C. hall. After the ceremony of adoption was concluded a lap supper was served and the newly made Woodchoppers were of the opinion that the members of the O'Neill camp were jolly good fellows even if some of them were indignant at some of the earlier proceedings. State deputy E. E. Kester of Lincoln and his assistants, Sam Wooley and F. L. Hartman also of Lincoln were present and assisted in the adoption ceremonies. Nelson Pratt, one of Omaha's leading attorneys, was present and gave the members a short address on the benefits to be derived from membership in the order, and it was in the early morning hours before the members left for their homes.

THE Directors of the Fidelity Bank publish this week amended articles of incorporation changing the name of this bank to the

NEBRASKA STATE BANK

O'NEILL, NEBRASKA

This was considered necessary on account of the bank becoming a Guarantee Bank and in order that there would be no misunderstanding as to the bank being organized under the new law recently passed by the Nebraska Legislature, which law was confirmed by the United States Court as being a good and valid law, which gives protection to the depositors. This is the only bank in O'Neill operating under the Guarantee Law that gives absolute protection to its depositors.

FIVE PER CENT PAID ON TIME DEPOSITS.

The Live Stock Market
 South Omaha, Neb., Aug. 8, 1911.
 —Special weekly market letter from Nye, Schneider Fowler Co.
 This week started out with the heaviest run of cattle for the season there being nearly 11000 head here on Monday. The proportion of choice grades, however, was light enough to hold them fully steady both killers and feeders. Also the canners held at about steady prices but the medium grades, or the between kinds, were very slow sales at unevenly lower prices. Veal calves have also suffered a sharp decline.
 We quote:—
 Choice beef.....\$6.50@7.15
 Common Beef down to..... 4.50
 Choice Corned cows..... 4.75@5.50
 Good butcher grades..... 3.75@4.70
 Canners and cutters..... 2.50@3.75
 Veal calves..... 3.50@6.00
 Bulls, stags etc..... 2.75@4.75
 Good to choice feeders..... 3.90@5.10
 Common grades down to.... 3.00
 Stock helpers..... 4.00@3.25

In contrast with cattle the week started out with the lightest hog run for several months and the market made an advance of 10 to 15c bringing us nearer in line with Chicago. Bulk \$7.20 to 7.35 top 7.55.
 Good mutton sheep are selling for less than half the price of hogs and fat steers. Should think everybody would eat mutton. The feeder kinds are in light supply with the market 15 to 25c higher.

Seemed to Give Him a New Stomach.
 "I suffered intently after eating and no medicine or treatment I tried seemed to do any good," writes H. M. Youngpeter, Editor of The Sun, Lake View, Ohio. "The first few doses of Chamberlain's Stomach and Liver Tablets gave me surprising relief and the second bottle seemed to give me a new stomach and perfectly good health." For sale by all dealers.
 I have two carloads of flour on hand that was made from old wheat, that I will sell cheap. Now is the time to buy flour, before the price advances. I also have on hand a carload of corn that I will sell at the right price. Come before it is all gone.—George Gaughenbaugh. 6-tf.

There's A Reason.
 "A country paper that comes to this office every week," says the Emporia Gazette, "invariably contains a page advertisement of 'the big store.' The advertisement is well written and interesting and the exchange editor reads it, because it is good hot stuff. It is a pretty safe bet that the people of that town and surrounding country read it regularly and practice in their lives. There is a 'big store' in almost every western town, however small that town may be, and it is invariably the heaviest advertiser. The same rule holds good in larger cities. If you pick up a Chicago paper you always see the announcement of the big stores. The lesson of this fact should appeal to every business man without explanation. The big stores of this country are run by the most enterprising and successful business men. Enterprising and successful business men are opposed to waste of money and they would not advertise all the year around if advertising doesn't bring results worth while. The small stores are the ones that don't advertise. That is why they are small. It makes no difference whether a merchant is located in a country village or in a big metropolis, if he wants to do business he has to go after it, and the modern way of going after business is by advertising for it."

Supervisors Proceedings.
 On motion board adjourned until 10 o'clock tomorrow morning.
