O. F. Biglin was called to Kearney last Monday morning by a telegram announcing the serious illness of his daughter, Miss Julia, who is a student at the state normal school. She is suffering from an attack of appendicitis and was taken to Omaha yesterday for an operation.

Last week the eastern butter markets were higher than they have been for over twenty years. The McGinnis Creamery paid 35c a pound for butter fat in sweet cream and 36c for other good cream for churning. Butter

markets down a little this week but their cream prices still higher. 32-1

Mrs. O. O. Snyder and son, Dee, went down to Sioux City last Tuesday, morning where they will visit at the home of Mr. Snyder's mother for a couple of weeks before proceeding to Caldwell, Idaho, where they will spend the balance of the winter with Mrs. A. I. Myers (nee Bessie Snyder).

I have lots in all parts of O'Neill which I must close out away below their actual value. Pay me \$10.00 down and balance to suit yourself. Do not delay as I am going to sell these lots out at once and if you want to get them cheap and on good terms, see me for the location and prices.—T. V. Golden. 31-2.

John Segar of Atkinson was before the county court last Saturday on complaint of George Purnell, who alleged that he had been assaulted by Segar. Segar plead guilty to the charge and Judge Carlson fined him \$20 and costs, amounting to a total of \$33.75. Segar has not paid his fine and he now occupies quarters in the county jail.

Gus Weinrich will have a public sale of his personal property at his farm three miles northeast of this city next Monday. Gus has rented his farm and will move to Pierce, Neb., where he has decided to engage in business. The Frontier regrets to see such good, progressive farmers as Mr. Weinrich leave this county but wishes him success in his new home.

Word was received in O'Neill Wednesday of the death of Mrs. O. C. Sammons at the family home in Utah. Mrs. Sammons was Miss Senah Cole, daughter of Mr. and Mrs. F. B. Cole formerly of this city and was a resident of Amelia for many years, the family leaving there for the west some five years ago. The remains will be shipped to this county and interred at Atkinson, where Mrs. Sammons' mother now lives. The funeral will be held next Saturday.

Supervisors Slevers, Sullivan and Hubbell and County Assessor Skidmore returned last Friday night from Lincoln, where they had been in attendance at the State Assessors meeting as the representatives of the county board. From the report that these gentlemen brought back from the Lincoln meeting the indications are that real estate assessment will be considerably increased this year, over that of four years ago, when the last real estate assessment was made.

Married, at the Methodist parsonage last Monday afternoon Mrs. Leetia Banta, only daughter of H. B. Dimmitt of Mineola to Jesse Roan of Wood Lake, Nebr. The groom is a stranger here but is said to be a well to do ranchman of Cherry county and highly thought of in his section of the state, where he has resided for the past twenty-five years. They left

Monday afternoon for a short wedding trip after which they will be at home to their many friends at the ranch of the groom, ten miles south of Wood Lake.

Pierce Leader: Mr. and Mrs. Gust Weinrich of O'Neill spent last Thursday with Mr. and Mrs. Harry Meinert, the two ladies being sisters. A few years ago Mr. Weinrich was a resident of Pierce county but he saw the advantage of buying Holt county land at a cheap price and he went there and invested in a farm. He is now the proud owner of three eighties and he says that he can dispose of them at a fancy increase in price, but he says he is not anxious to sell yet, as he is sure that he will be able to get a large price. O'Neill has one of the finest Catholic schools in the state and Mr. Weinrich says that that country is rapidly filling up with people of that religious belief, most of them coming from Iowa. As a rule they are well-to-do and invest in farms.

Farmers living in the Minneola country are feeling quite confident that the proposed interurban road, mention of which was made in these columns last week, will be built the coming season. Supervisors Tomlinson says that engineers have been through that country and have given the people to understand that there is ample capital back of the proposed road. The idea of the promoter is to get the power from the Niobrara river by damming it near the present town of Niobrara, and they claim that they can secure ample power to run electric cars all over the state. If the dream of the promoter and those who have confidence in his plans are realized that section of Holt county would soon be as densely populated as it was before the drought period that visited the western states in 1894.

WAS A BILLIARD SHARK

Sanford Parker Won One Game on Which \$700 Had Been Staked.

Norfolk News: Sanford Parker, register of the O'Neill land office and old timer in this territory, has been a real live billiard "shark" in his day, and still plays a beautiful game. He took a cue in a game at the Elks and was a spectator last night at one of the matches, in the Elk tournament and one of the bystanders, reminded him of a match in which he participated thirty-four years ago at Yankton, and upon which \$700 in real money changed hands.

"It was in the winter of '76" Mr. Parker said, "and we were at Yankton, waiting for a chance to get through to the Black Hills. I was playing billiards and there was a local man who was good at the game. Yankton was filled up with gamblers and they matched this local man and me. I made one run of 105 and beat him out on the 300 point game by twenty points although he was a better player than I. My long run saved me. I got \$50 for playing the game."

Mr. Parker was surprised to find so much sleighing in Norfolk. At O'Neill, he says, there is no sleighing at all.

State Engineer Price of Lincoln was in the city last Thursday with the plans of the proposed bridge across the Niobrara river at Parshalls crossing that was to be built under state aid. The entire Boyd county board was present but definite action was not taken as three members of the Holt county board were in Lincoln attending the annual meeting of the State Assessors and the other members did not wish to take any action in their absence. Some of the members of the Holt county board wish to change the proposed location of the bridge, by moving it about four miles further west and this action is contested by the members of the Boyd county board. The bridge proposed by the state engineer is a concrete structure the estimated cost of which he places at \$24,000. Of this amount the state of Nebraska is to pay \$12,000.00 and the counties of Boyd and Holt \$6,000.00 each, providing the question over the location is definitely settled.

The Live Stock Market

South Omaha, Neb., Jan. 23, 1912.—Special weekly market letter from Nye, Schneider Fowler Co.

Since our last report the cattle market will show a decline of probably 15 to 25 cents on the general run of killers, although comparatively little on the few choice finished cattle. The greatest decline is on the warmed up kinds and the butcher stock. The slack demand has been partly attributed to the lack of the refrigerator cars and the inability of the railroads to handle the dressed beef. This should be relieved by the milder weather. On the other hand the milder weather usually creates a slack demand. Choice feeders are in better demand although the medium grades are still very dull.

We quote:—

Choice beef.....	\$6.75@7.70
Common Beef down to.....	5.00
Choice Corned cows.....	4.75@5.75
Good butcher grades.....	3.60@4.70
Canners and cutters.....	2.75@3.50
Veal calves.....	4.00@8.00
Bulls, stags etc.....	3.50@5.25
Good to choice feeders.....	4.80@5.75
Common grades down to.....	3.50
Stock helters.....	3.50@4.50

Hog receipts last week were the heaviest in the history of the yards and this week bids fair to be still greater and today looks like a record breaker for one day. Bulk \$5.70 to \$5.90 top \$6.00.

The lamb and mutton trade has been a little slow for the same causes that brought a dull beef market. Indications are for no improvement in the near future.

Will this **NOW A MILLIONAIRE**
 John Smith, Who Started His Career in This Town, Returns to the Scene of His Youth.
 FORTUNE BUILT FROM SAVINGS.
 Thirty years ago John Smith was a messenger boy in this town. Starting to save at the rate of a dime a week, which he increased as he grew older he accumulated enough in time, to enter business for himself. With the habit of thrift so implanted in him as to be second nature, he gradually increased his business so that he had to open branches all over the country. The largeness of the commission finally necessitated the removal of the headquarters to New York. But Mr. Smith has now returned to his native town to live in his magnificent new residence on Smith Avenue. We are proud of him. He is a model of what the saving habit will do.

never be written about you?
