If Mr. "Ground Hog" remained out last Friday the chances are that he froze up as the mercury dropped to twenty below last Saturday morning.

Chris Anderson, at present a member of the Boyd county board of supervisors, is mentioned as a probable candidate for the democratic nomination for representative from the 54th district, consisting of Holt and Boyd counties.

John B. Donovan, for many years editor of the Madison Star-Mail and ex-president of the Nebraska Press Association, died at the home of his sister in South Omaha last Sunday, after a short illness of heart disease. John Donovan was a hail fellow well

met and one of the most popular editors in Nebraska and his death will be sincerely regretted by newspaper men all over the state.

According to the straw votes now being taken by one of Nebraskas leading daily papers Roosevelt seems to be almost the unanimous choice of the people of the state for president. He has a clear majority over all the other candidates, with LaFollette in second place.

LaFollette seems to be out of the running for the republican presidential nomination, most of his support is going to Roosevelt and the fight between him and Taft for the nomination promises to be more interesting than any contest in recent years in republican national conventions.

Roosevelt has said that while not a candidate for the republican presidential nomination, nor would he be a candidate nor contest for the nomination, he would accept the nomination if tendered him. This seems to be sufficient for his many friends throughout the country and they will now make an aggressive campaign for his nomination.

Sioux City Tribune: The Nebraska State Journal, fairly progressive, has leaned toward Taft up to a few days ago. It invited the Nebraska republicans to vote and in a day or two got 229 votes for Roosevelt, 102 votes for LaFollette and 93 votes for Taft. It is an eye opener that the Journal frankly admits and apparently without regret. It indicates that Nebraska is as strongly for Roosevelt as Kansas appears to be from the vote taken there by the Kansas City Star.

The first annual reunion and banquet of the Nebraska Legislative League will be held at Lincoln on Feb. 15th. Any person who has ever been a member of either branch of the Nebraska legislature is eligible to membership. There will be a mass meeting in the afternoon when prominent speakers will be heard and officers elected. The banquet will be at 6:30 at the Lincoln hotel, plates \$1.00. There will be plenty to eat, but no red liquor to drink, followed by some eloquent speakers. All who are eligible are invited.

Falls City Journal: If Roosevelt is the republican candidate for president a nomination on the democratic state ticket would not be worth anything. Having this condition in mind it appears strange that so many democrats are encouraging the Roosevelt sentiment thinking to cause the Taft men some confusion. Practically all the republicans in this state are for Roosevelt and nearly all are for Taft as a second choice. There is nothing in it either way for the democrats.

H. G. Taylor of Central City, editor of the Central City Nonpartiel and representative from Merrick county in the last session of the legislature, is being mentioned as a possible candidate for railway commissioner. The Frontier would be pleased to support Mr. Taylor for the position as he is a straightforward young man and one who possesses the ability to fill the office with honor to himself and credit to the people of the state. With men of Taylor's integrity and ability upon the commission, the people of the state would be assured of always getting a square deal.
