The Township Meeting.
The township meeting slated for March 19, was held on that date at Golden's hall, court being in session at the court house.
Chairman Golden called the meeting to order, and the minutes of the last two meetings were read and approved.
H. M. Uttley introduced a motion that all road funds be equally divided between several districts. After considerable discussion, by many speakers, as to the legality of the motion, it was defeated by a close vote.
Judge Harrington, then made a motion that all road repairing for the ensuing year be let by contract to the lowest and best bidder, with the exception of pieces of work not to exceed \$20. Mr. Harrington ably supported his measure with an eloquent talk, saying in part "that it was to the interest of every tax payer that we have the best roads possible at the smallest possible cost, and that he believed that we could get better and cheaper roads by contract than by any other way." H. M. Uttley and J. J. McCafferty also supported the measure, both giving able talks on the road question. Mr. McCafferty offered to amend the motion by increasing the limit \$10, which was accepted by Mr. Harrington. Upon being put to a vote it was unanimously carried.
S. J. Weekes now made a motion that the chairman appoint a committee of five to confer with the county board relative to establishing a poor farm. The motion was passed. As a committee Chairman Golden named S. J. Weekes, Judge Harrington, E. H. Whelen, Judge Dickson, and Dr. J. P. Gilligan.
Among the by-laws passed at the meeting were the following: That the township board be required to meet the first Saturday in every month. That the road overseer be required to report at each meeting of the township board, the money expended in conformity with the statutes. That the road overseer be instructed to keep the roads free from all offensive matter, during their term of office. That any person employed by the road overseer shall receive not to exceed \$3.50 per day, for eight hours work.
