Charles E. Lewis, who is conducting the special 10 days piano sale at O'Neill, reports a good business this far, having sold nine pianos and one organ. Mr. Lewis does not attribute his success to superior salesmanship, but to the standard line of pianos he sells at fair prices and to fair business methods.

An entertainment and box social will be given by the pupils and teacher in District No. 8, five miles northwest of O'Neill, on Friday evening April 12. A cordial invitation is extended to the public. Ladies are requested to bring boxes, and a handsome prize will be awarded the lady bringing the prettiest box.

Miss Maggie Gibbons arrived in the city last Sunday evening with the body of her father and the remains were interred in the Catholic cemetery Sunday morning. Washouts on the Burlington prevented her from arriving here Thursday afternoon as expected. Miss Gibbons left for her home in Butte, Mont., Monday evening.

For Sale—On account of the condition of my health, which will prevent me from running my truck garden this season, I offer for sale 19 good residence lots in the western part of the city. These lots have been used by me in my truck garden the past four years and there is a better soil in this vicinity. Will dispose of them on reasonable terms.—B. H. Johning, O'Neill. 42-tf

Mr. and Mrs. A. Cowperthwaite returned last Saturday evening from California where they had spent the winter. Mr. and Mrs. J. A. Cowperthwaite remained in Omaha for a few days visit with relatives. Art says that California is a nice place to spend the winter, on account of its moderate climate, but that he would not care to live there the year around. He expects to be back in good old Holt.

Mr. and Mrs. J. A. Cowperthwaite returned last Tuesday evening from Omaha where they had stopped to visit for a few days on their return trip from the Pacific coast where they had spent the winter. Joe says that he had a splendid trip and for the first time in his life was able to fish all he wanted to, and judging from the newspaper accounts, he made quite a reputation as an angler in that section of California.

Clyde J. Wright, socialist candidate for governor, addressed large crowds of voters at the court house last Sunday afternoon and on Monday evening. Mr. Wright is a pleasing speaker and his addresses here has filled his followers in this vicinity with enthusiasm and they predict that the socialist vote in this county at the coming election will be of such magnitude that it will be a surprise to the followers of both the old parties.

Frank G. Schmidt of Ewing, was the successful applicant in the civil service examination held in this city on March 2, for an assistant postmaster of this city. Mr. Schmidt received the appointment as assistant postmaster and entered upon the discharge of his duties in the local office last Monday. We understand that some of the ladies stood higher in the examination than Mr. Schmidt but the policy of the department is to have assistant postmasters of the sterner sex when possible.

Mr. and Mrs. Pat O'Malley were in the city last Tuesday on their way from Chambers to Creighton where they will make their future home. Mr. O'Malley is going back to his father's old farm near Creighton in order that his children will be able to attend the Creighton schools. His brother, Lawrence, will remain on the ranch near Chambers and Pat says that he will visit O'Neill occasionally to see how the old town looks as he will be but seven miles farther from here in the new location than he was at his old home near Chambers. His many friends in O'Neill and southern Holt wish him prosperity in our sister county.

This office is in receipt of a letter from deputy fire chief C. A. Randall, relative to a law passed by the last legislature. Mr. Randall says in part: "A law passed by the last legislature provides for a fire drill in the schools, also that we shall prepare a text book for the teaching of Fire Prevention in the public, private and parochial schools of the state, and that the state superintendent shall distribute these books to every teacher in the public, private and parochial schools, and that every teacher shall devote not less than one half hour each month in teaching Fire Prevention from lessons that are prepared by the Fire Commissioner. For some reason or other a large number of the county superintendents and a greater number of the teachers are not complying with this law. I just returned from a speaking tour in the schools and to the public, and was in eight different towns and in six different schools. Not one of the schools in any of these eight towns were complying with this law, not knowing that they are jeopardizing their right to the state apportionment. If this is a fair index of the way in which this law is being complied with the efforts that we have put forth in providing these books are practically lost.

Tom Enright and Arthur Ryan had quite an experience while out hunting last Sunday. The boys were in a rig over on dry creek, which was not very dry at that time as the creek was a couple of miles wide. When north of Fred Vitts house Art got out of the buggy to work up toward a clump of willows where he thought he would get a chance to get a shot at a bunch of ducks they had seen light near there. He had taken only a couple of steps from the buggy when he went down over his head and the current was so swift it carried him in toward the creek. He floated along until he got to a clump of willows where he managed to hang on, while Tom unhooked the horses and started after him on horseback, intending to get as close to him as possible while the horse had footing and then threw him a line and drag him out. The horse Tom was on only took a couple of steps until it was compelled to swim, as the water was over their heads. The horse did not make very good headway but managed to get to within a few yards of Art when it got good footing and Art managed to float to where they were. The horse then was headed back to land and landed safely with both boys none the worse for their experience except a good scare and a good ducking, instead of ducks. Hereafter they say that dry land hunting is about all they will care for.

City Election.

Mayor—O. Biglin. City Clerk—H. J. Hammond. Treasurer—J. F. Gallagher. Police Judge—F. C. Gatz. Alderman, First Ward—James B. Ryan. Alderman, Second Ward—P. D. Mullen. Alderman, Third Ward—R. S. Hilliard.

Members Board of Education—Dr. J. P. Gilligan and Col. Neil Brennan. The above was the result of the city election held last Tuesday. While the election was very quiet and the voters were apparently not paying much attention to the election a very large vote was polled, in fact the largest ever polled at a city election, totalling 325 votes in the three wards.

O. F. Biglin was re-elected mayor over Sheridan Simmons by a majority of 80 votes. Mr. Biglin carrying all three wards. Herb Hammond was the race horse of the contest as he was re-elected city clerk by a majority of 136 over Charles Reka. The race for city treasurer was the closest contest in the campaign and resulted in the re-election of James F. Gallagher over Claude Hancock by a majority of seven votes. There was no nominee for police judge and the voters wrote in the names of several of our citizens whom they thought would fill the position. In the canvass of the votes as made by the council Wednesday evening it was found that Fred Gatz, present police judge, had received 51 votes while his nearest competitor was Henry Mills who received 35 votes.

T. D. Hanley and James B. Ryan were the aldermanic candidates in the First ward and the voters of that ward were of the opinion that either gentlemen would serve them satisfactorily upon the board and when the ballots were counted it was found that they had each received 55 votes. In the to-s for the position Ryan won and he will represent the first Ward upon the council for the next two years.

In the Second ward P. D. Mullen, Col. Neil Brennan and George Gibbons each aspired to represent the ward upon the council and when the ballots were counted it was found that Pat Mullen had come under the wire winner, having a lead over Brennan, his nearest competitor, of 16 votes.

In the Third ward there was also a three cornered fight. R. S. Hilliard who has been representing the ward by appointment, succeeding William Froelich who died a year ago, was a candidate to succeed himself, and he was opposed by Sam Barnard and Charles Davis. Hilliard won out having received 11 more votes than Barnard, his nearest competitor.

Dr. Gilligan and Col. Brennan had no opposition for members of the board of education and they were elected to succeed themselves.

Why He Was Late.

"What made you so late?" "I met Smithson." "Well, that is no reason why you should be an hour late getting home to supper." "I know, but I asked him how he was feeling, and he insisted on telling me about his stomach trouble." "Did you tell him to take Chamberlain's Tablets?" "Sure, that is what he needs. Sold by all dealers."

District Court.

District court adjourned last Saturday, the jury being dismissed until June 10 when they will return and some more of the jury cases upon the docket will be disposed of.

The principal case tried last week was that of Owen Pray against Howard P. Greeley, formerly of this county but now of Randolph, for \$25,000 damages for "criminal conversation" with Mrs. Pray, the wife of the plaintiff in the action. The testimony adduced at the trial was very spicy and was listened to by a crowded house each day, the bald headed and old men occupying front seats at the hearing. The trial lasted three days and at the conclusion the jury awarded Pray a verdict of \$9,000. Mrs Pray was a witness for her husband in the case. E. H. Whelen and Senator Wiltzie of Randolph represented the plaintiff, while the interests of the defendant was looked after by Attorneys M. F. Harrington and J. A. Donohoe.

The last case tried was that of Robert Davis vs Howard Greeley, the outcome of a land trade for an automobile. The jury returned a verdict for the plaintiff in the sum of \$100.
