Taft has more success in securing delegates from the national committee than he had when he appealed to the people through the primary.

With a \$25,000 hotel under construction and about a dozen residences, costing from \$1,000 to \$5,000 now being erected, residents of the city can be pardoned for showing a little pride when they say that O'Neill is enjoying a good healthy growth.

While the national committee has been giving us some hard jolts in the contest cases at Chicago the past ten days we still believe that Roosevelt will be the nominee of the republican national convention. And if he is the democrats will give up all hopes of electing their candidate.

Roosevelt carried California by 77,000 at the primary election and won all the delegates to the national convention from the state. The Taft supporters contested the seats of the two delegates from one congressional district and they were promptly seated by the steam-rolling national committee. What is the use of a primary election if the wishes of the people are nullified by the actions of a few discredited machine politicians?

Col. Roosevelt won one delegate before the republican national committee last Tuesday. The delegate conceded to Roosevelt was from the ninth Kentucky district. If Roosevelt was entitled to one, and his delegates must have had a preponderance of evidence in their favor, he should be entitled to the two delegates from that district. But the gauding hands at the lever of the steam roller thought they could satisfy the people by giving Roosevelt one and taking the other for their favorite candidate and 'twas done. Queer how some people regard politics and the things they will do to gain a desired end.

Senator Morehead, democratic candidate for governor, says that he is a thorough progressive. A careful reading of the journal of the last senate will disclose the fact, however, that if he was at that time imbued with any progressive tendencies he kept them carefully concealed from his democratic coworkers, four-fifths of whom were conservatives with a capital C. Senator Morehead liked to be with the majority and was not recognized as one of the leaders in that session, being content to sit back and go with the tide where there was the least resistance, while others like Senators Ollis and Skiles, democrats, and Hoagland and Brown, republicans, led the fight for the progressive legislation that was enacted by the senate at the last session. Oh, yes, Senator Morehead is a progressive now that he wants to be governor of this great state but the people of Nebraska when they become familiar with his record will vote to leave him at home and elect to the governor's office Chester Aldrich who has filled the position so acceptably and ably the past two years. He has been the governor and has fought for the principles that he believed were right and in the interests of the people at all times.

The Nebraska Press Association held their annual meeting at Lincoln last week. The meeting was one of the best ever held by the association and thoroughly enjoyed by all present. The banquet was a swell affair but was not very well enjoyed by the editors present who had been advised by the chairman of the Lincoln entertainment committee, a month before hand to prepare speeches for the occasion. The speeches were prepared and the boys were present in their "best bib and tucker" to deliver them, but the speeches were not delivered, because they were not on the program. We are of the opinion that that part of the affair would have been better enjoyed if the members who were to deliver speeches had been notified

that that part of it was only a hoax. At the business session Wednesday afternoon H. G. Taylor of Central City was elected president for the ensuing year and Charles Pool vice president. C. C. Johns of Grand Island was re-elected secretary. The association will meet in Omaha next year and the representative of the Omaha commercial club, who was present and extended the invitation, assured the members that they would be given the greatest time of their lives in the metropolis next year. And during the past ten years Omaha has been making good on her promises.

Minor Mention.

JUST ARRIVED—A new shipment of pickles, sweet, sour and dill at Shoemaker Bros. Sanitary Meat Market. 39-tf.

At the lowest interest rates, I have plenty of Eastern money to loan on Farms and Ranches—R. H. Parker, O'Neill, Nebr. 46-tf.

7 per cent Optional Farm Loans on improved farms. I lead, others try to follow.—John L. Quig, the Loan Man. 48-tf

Dr. Pettibone has opened up his office in the office of Dr. J. P. Gilligan, across the hall from his former office where he will be pleased to greet his patrons.

Strayed—From my place, eight miles northwest of O'Neill, 5 red steer calves about three months old. Please notify—H. R. Rosler, O'Neill, Nebr. 50-4pd.

Dr. Pettibone has opened up a dental office in the office of Dr. J. P. Gilligan, where he will remain until his old office has been repaired.

We do French Dry Cleaning in our shop of all ladies and gentlemen's garments. Nothing but first class work turned out. At Frank and Vince Suchy's tailor shop. 1-tf

Notice is hereby given that I will not be responsible for any cattle stolen from my pasture or that may be injured on the wire while therein.—T. B. Harrison. 47-8p.

A sprained ankle may as a rule be cured in from three to four days by applying Chamberlain's Liniment and observing the directions with each bottle. For sale by all dealers.

Write or call on me if you want a Farm or Ranch loan at the lowest interest rates.—R. H. Parker, O'Neill, Nebraska. 46-tf.

There is no real need of anyone being troubled with constipation. Chamberlain's Tablets will cause an agreeable movement of the bowels without any unpleasant effect. Give them a trial. For sale by all dealers.

Each age of our lives has its joys. Old people should be happy, and they will be if Chamberlain's Tablets are taken to strengthen the digestion and keep the bowels regular. These tablets are mild and gentle in their action and especially suitable for people of middle age and older. For sale by all dealers.

We are now prepared to make fancy brick ice cream in two or three colors. On account of extra work and time needed to make brick cream, must have orders at least 24 hours in advance.—McGinnis Creamery Co.

For Sale—On account of the condition of my health, which will prevent me from running my truck garden this season, I offer for sale 19 good residence lots in the western part of the city. These lots have been used by me in my truck garden the past four years and there is no better soil in this vicinity. Will dispose of them on reasonable terms.—B. H. Johring, O'Neill. 42-tf

The editor returned from a visit to Lincoln and Omaha last Sunday afternoon. Crops down near Lincoln are badly in need of rain and in some parts of Saunders county farmers are plowing up their small grain fields and planting corn. Pastures are badly burned there and the farmers are short of feed for the ir stock. This is also true of parts of Douglas county. The finest crops we seen along the road were between O'Neill and Norfolk, where the crops give evidence of having received plenty of moisture.

Mr. and Mrs. J. F. O'Donnell will leave the first of the week for Omaha where they will join a party of friends and accompany them to Baltimore where they will witness the scenes incident to the democratic national convention. They will make an extensive sightseeing tour of the east before their return and will probably be absent a month or more. If Jims favorite candidate succeeds in landing the nomination he will probably return a more enthusiastic adherent of democratic principles than ever.

Garret Janzing, one of the most prosperous farmers residing north of this city, was united in marriage at Omaha, Nebr., on Tuesday morning, June 4, to Miss Mary Schonele of Afton, Iowa. The ceremony was performed at St. John's church by Rev. Father

GREEN BACKS in STRAW STACKS

THE wastage of grain by the average Threshing Machine is far more than many suppose. The Operator usually knows it, but he can't help it with that kind of Machine, so he covers it up all he can and lets it go at that. The Farmer suspects it, but thinks he has to put up with it, and much of his hard-earned money goes over into the straw stack.

This great wastage is the result of employing an incompetent type of Threshing Machine that rushes the straw to the stack, but does not beat the grain out of it.

It is up to you Farmers to say what Machine will thresh your grain this season. You have worked hard to grow the grain and pay the bill for threshing it. You can't afford to divide your profits with the straw pile, for every bushel that goes into the stack is money right out of your pocket.

You Can Save Your Thresh Bill by Hiring a Red River Special to Do Your Threshing

It will save the grain for you; it will waste less of your time; it will do your job quicker; it will clean your grain better; it will pay you all around. It is the only Threshing Machine made that uses the true and sure method of separation by beating the grain out of the straw just as you would with a pitchfork.

The Big Cylinder, the Man Behind the Gun, and the Shakers that toss the straw up and beat it as you would do with a pitchfork save the grain that others waste, whether it be wheat, oats, rye, barley, flax, peas, rice, alfalfa, timothy or other grains or seeds.

THE RED RIVER SPECIAL WORKS ON AN ENTIRELY DIFFERENT PRINCIPAL OF SEPARATION from any other make. It beats it out while other makes hurry the straw to the stack and expect the grain to fall out, which it does not do.

Have your threshing done this year by a Red River Special. IT WILL SAVE YOUR THRESH BILL.

Write us or call on our Branch House or Dealer for the proof.

NICHOLS & SHEPARD CO., Battle Creek, Mich.

The only builders of the Red River Special Thresher, Self-Feeders, Wind Stackers, Weighers and N. & S. Co. Traction Steam Engines, Oil-Gas Tractors and Everything for the Thresherman.

Bronkey. They returned to O'Neill Tuesday evening and are now comfortable located in the palatial residence of the groom on his farm north of this city. The Frontier tenders hearty congratulations to Mr. and Mrs. Janzing and wish them many years of happiness and prosperity.

E. H. Whelan and Mike Horiskey returned from their fishing trip to Wood Lake this morning. They boys returned with a good catch of fish and say they had splendid luck after the other boys left. Mr. Whelan succeeded in landing a five pound bass that measured nineteen and a half inches from tip to tip. All those who have seen the beauty, where it has been exhibited in Phalin's barber shop all day, pronounce it to be the finest bass they have ever seen. The sight of this fish has inspired nearly every lover of the rod and reel in the city with a desire to make a trip to Wood Lake and try and take the laurels from Whelan.

E. H. Whelan, Frank Phalin, P. C. Kelly, Mike Horiskey, Dr. P. J. Flynn, and Henry Grady went up to Wood Lake last Saturday evening to spend a few days in quest of black bass in the lakes south of that village. They all returned home Wednesday morning, except Whelan and Horiskey, who decided to remain a few days longer and try to convince a few more of the finny tribe to accept their bait. Those that returned say that while they had good fishing they did not succeed in landing many fish as the weather was too cold and wet. The boys say however, that they are going to try it again when the weather gets warmer. We would suggest that before the boys go again that they would learn the name of the particular brand of "bait" that is used by James Davidson on his fishing excursions and they would probably have better luck, for it is admitted, whether on account of the brand of bait used or his adeptness with a rod and reel, that Jim Davidson is the most successful fisherman in the city.

County Assessor Skidmore, County Clerk McNichols and the entire county board are in session this week as members of the board of equalization and will be in session all week and probably longer. The precinct assessors have made their returns to the county assessor and the County Assessor makes that return to the county board and they equalize the values if deemed necessary. The returns made by the precinct assessors this year show an increased valuation in the real estate of Holt county of \$1,130,020 over the valuation of last year. The total valuation of the real estate of the county this year is \$3,390,505. Of the different townships in the county Stuart precinct shows the largest increase in the valuation. The increase in that township being in round numbers \$201,000 more than the valuation of one year ago. The valuation has been increased in every township in the county but the increase in the above was the greatest. The board will have a strenuous time and will have to perform many hours of hard labor to properly equalize the assessments made by the precinct assessors in the various precincts of the county.

When your child has whooping cough be careful to keep the cough loose and expectoration easy by giving Chamberlain's Cough Remedy as may be required. This remedy will also liquify the tough mucus and make it easier to expectorate. It has been used successfully in many epidemics and is safe and sure. For sale by all dealers.

First publication June 13.
Notice For Bids For Annual Bridge Contract.

Sealed bids are invited for an annual contract for the construction, erection and repair of the superstructure, substructure and approaches of all bridges and for furnishing the material in connection therewith to be built within Holt County, Neb., from the first day of July, 1912, to the first day of July, 1913. Said contract will be let and made at a specified sum per unit dimension or quantity in place, in accordance with the provisions of secs. 6127-6130 Cobbeys Annotated Statutes of 1911. Each bid must be accompanied by a certified check for \$500 to be returned in case the bid is rejected, or (in case it shall be accepted) when a contract in writing is signed and bond furnished by the successful bidder.

All bridges included in this contract shall be constructed in accordance with standard plans and specifications to be furnished by the State Engineer and subject to his approval.

Bidders shall have their bids on file in the office of the County Clerk of Holt county, Nebraska, not later than Monday, July 8th, 1912 at 12 o'clock, noon.

By order of the County Board of supervisors.
(Seal) S. F. McNichols,
52-4 County Clerk.

It is now well known that more than one case of rheumatism in ten requires any internal treatment whatever. All that is needed is a free application of Chamberlain's Liniment and massaging the parts at each application. Try it and see how quickly it will relieve the pain and soreness. Sold by all dealers.

This is to certify that WRIGHT & BREWER cried our sale on our ranch, on Dec. 13, 1911, amounting to \$23,000.00 in three hours and five minutes. We were very much pleased and would gladly recommend them. Fisher & Berigan

Stickney Gasoline Engines ARE THE BEST
No. 57
Time, Brains and Perseverance
Even nature itself cannot make two hills without a hollow between, nor a three year old colt in five minutes. Nor did the superiority of the Stickney Engine just happen. It took the brains and genius of Stickney together with years, and years of experience to produce the Stickney Engine as it is today, an absolute success.
