 Mr. and Mrs. W. T. Evans left for Long Pine this afternoon where Wes expects to put in a couple of days fishing for trout. Mrs. Evans expects to remain at the Pine for a couple of weeks and attend Chautauqua, which commences there next week.

DEMOCRATIS IN SESSION

Bryan's Friends in Absolute Control of Democratic County Convention Last Saturday.

ENDORSE HIS BALTIMORE WORK

Considerable Opposition to His Baltimore Action in Convention. But Lacked Leadership.

Harmony was the keynote harped upon by the leaders of Holt county democracy at their county convention held last Saturday. A good sized scrap developed, however, over the question of instructing the delegates to the state convention to support John C. Brynes of Columbus for state chairman, and a resolution to so instruct the delegation was voted down by the convention by a vote of 29 to 14, after addresses for the resolution had been made by J. F. O'Donnell, T. V. Golden and John A. Harmon and speeches against the resolution had been made by D. A. Doyle and J. J. Harrington. While a resolution instructing the delegation was voted down we understand that ten and possibly eleven of the thirteen delegates will support the candidacy of Mr. Brynes.

The convention was called to order and J. A. Donohoe was elected temporary chairman and W. A. Wheeler of Atkinson temporary secretary. The necessary committees were appointed and the convention adjourned until 2 o'clock.

When the convention reconvened at 2 o'clock the committee on permanent organization reported that the temporary organization be made permanent, which report was adopted.

The committee on credentials then reported and it was found that nine townships were represented. Shamrock being unrepresented upon motion Charles Brown of that township, who was present, was allowed a seat in the convention to represent Shamrock township.

Judge Harrington as chairman of the committee on resolutions then presented the following resolutions:

The democracy of Holt county in convention assembled, renews and reaffirms its allegiance to the time honored principles of Jefferson, Jackson, Cleveland and Bryan. We recognize that the all important, paramount question confronting the people at this time is whether the Government shall be administered of, for and by the people, or of, for and by the interests and we rejoice in the leadership in this great cause for humanity of that great champion of human rights, Governor Woodrow Wilson, and heartily congratulate the people for in him they have a champion equal to the occasion and worthy of the cause.

We heartily endorse the candidacy of Governor Ashton C. Shallenberger for United States Senator. We commend him for the record that he has made in the cause of Progressive Government.

We unqualifiedly and unreservedly endorse the candidacy of the entire Democratic state, congressional, senatorial, legislative and county tickets.

We approve and unqualifiedly endorse the conduct and work of our distinguished citizen and greatest Democrat, Hon. William J. Bryan, at the Baltimore convention. By his patriotism, courage and great ability, he gave to the party a platform and candidate truly progressive, and free from the influences of predatory wealth, and we therefore pledge him our continued confidence and admiration.

The resolutions were adopted as read without debate, although J. F. O'Donnell tried to get the eye of the chair prior to the putting of the motion but failed to receive recognition. Many of the delegates present had declared themselves as opposed to any resolution being adopted by the convention lauding Bryan, or his action at the Baltimore convention, but when the resolutions were read they lacked a leader to bring the fight before the convention.

Immediately after the adoption of the resolutions D. A. Doyle secured the eye of the chair and moved that a committee of five be selected to select thirteen delegates to the state convention. This was objected to by John Harmon who held that it was undemocratic for the democrats to select their delegates in that manner and he thought that the committee should report their list back to the convention and have the convention elect them. This view was taken by T. V. Golden who said that Mr. Doyle's method of selecting delegates was the republican method and should not be adopted by the democrats. He referred to the selection of the delegation from Douglas county to the republican state convention as an object lesson of this sort of politics. He might have also said that the delegates to the democratic state convention from Douglas were selected in the same manner, the selection made by Jim Dahlgren

and his friends on the county committee. Mr. Doyle finally accepted an amendment that the list be referred back to the convention for their approval and the motion was adopted. The chair named as that committee: D. A. Doyle, N. J. Tuller, John Moler, J. J. Harrington and William Morgan.

Before the committee had retired to make their selection the only real scrap of the convention was pulled off. J. F. O'Donnell offered a resolution lauding the work of J. C. Brynes as state committeeman and instructing the delegates to the state convention to vote for his re-election as state chairman as long as his name was before the convention. D. A. Doyle, who is always ready for a scrap and who has not graded democratic conventions in recent years with his presence, arose and protested against the adoption of the resolution. He said that the resolution was a direct slap at the Peerless Leader and he did not want to see the Holt county delegation do anything that would in any way hamper Mr. Bryan or that would attempt to discredit his leadership of the party in this state. He said that the parties back of the resolution wanted to discredit Bryan for the part he played in the Baltimore convention and the resolution in question was a result. Judge Harrington also opposed the resolutions for the reason he said that he did not want the delegation to go to the convention as a pack of slaves bound to the candidacy of any man. J. P. O'Donnell spoke in favor of his resolution and threw a few hard shots into some of the politicians who were after Brynes scalp, terming them as grafters and crooks. T. V. Golden and J. A. Harmon also spoke in favor of the resolution but Mr. Doyle and Mr. Harrington had the convention well in hand and the resolution was defeated by a vote of nearly two to one.

The committee recommended the following as the delegates to the state convention and they were elected by the convention: D. A. Doyle, J. J. Harrington, T. V. Golden, J. F. O'Donnell, Arthur Ryan, John A. Harmon, C. M. Daly, J. A. Donohoe, N. J. Tuller, T. J. Wilburn, J. L. Fisher, John A. Robertson, Bob Franks.

M. H. McCarthy was re-elected chairman of the county central committee after which the convention adjourned.

"Were all medicines as meritorious as Chamberlain's Colic, Cholera and Diarrhoea Remedy the world would be much better off and the percentage of suffering greatly decreased," writes Lindsay Scott, of Temple, Ind. For sale by all dealers.

John F. Lockwood of O'Neill and Miss Ethel Bensen of Orchard, were united in marriage by the county judge at the county court room last Saturday. The bride was only seventeen years of age and her mother gave her consent in writing to the wedding.

Mr. W. S. Gunsalus, a farmer living near Fleming, Pa., says he has used Chamberlain's Colic, Cholera and Diarrhoea Remedy in his family for fourteen years, and that he has found it to be an excellent remedy, and takes pleasure in recommending it. For sale by all dealers.

Dan Murphy, formerly of O'Neill, Nebr., but now of Edgemont, S. D., wished to inform his old friends that there is still plenty of good government land to be had in this vicinity. Good locations, good land. For full particulars write or better still come and see.—Fall River Land Co. 4-10

Mrs. Sarah Cotterill and daughter, Miss Alice, left Wednesday morning for Omaha where they will make their future home. She disposed of her residence property here to County Treasurer Sullivan. The many O'Neill friends of Mrs. Cotterill and daughters wish them happiness and prosperity in their new home.

One of the most interesting displays for our farmers of the Nebraska State Fair, Sept. 2 to 6, will be the splendid exhibits of horses and cattle. The choicest animals of the state annually gather on dress parade at the State Fair, and the superintendents of these departments each report flattering prospects from the reservations already made.

C. E. Hall, who attended the state convention as a delegate from this county, did not return with the balance of the delegation but went on to Chicago for a few days visit. When he informed some of the balance of the delegation that he was going on to Chicago before his return they asked him if he was going to attend the "Bull Moose" convention. This he strenuously and vigorously denied, but said that he was going to visit a brother who lives there and who has been seriously ill for the past two months.

NOTED AVIATOR BE HERE

During the Race Meet August 21-22 and 23rd and Will Make Two Flights Each Day.

RARE TREAT PROMISED PEOPLE

Aviator Kantner, Who Will Fly Here, Was the Star of the Chicago Meet Last Summer.

Secretary Ryan of the Holt county Race Meet, which will be held in O'Neill on August 21, 22, and 23, announces that he has secured for the Meet one of the greatest attractions ever offered the people of this section of the state. He has closed a deal with the Molsant Exhibition Company, manufacturers and demonstrators of the celebrated French Mono-Plane, for six exhibition flights by one of their celebrated air artists, two each day during the meet. This is the first exhibition ever given by this company in the state of Nebraska and the company guarantees the local management that they will deliver the goods.

The man who will be here is Mr. Harold Kantner, known as the Speed Demon of the air, licensed pilot of the Aero Clubs of France, Great Britain, and the United States. Mr. Kantner won the speed trophy at the Chicago aviation meet last year, making a speed of 104 miles an hour, at an altitude of 4,000 feet for twenty five miles. He is guaranteed by the company to be the most daring, accomplished and death defying aviator in this country and the only man whom the company guarantees will present on each day of the exhibitions the Vilo-Plane stunt which is accomplished by the aviator shutting of his motor thousands of feet in the air and gliding by technical control of the warping wings and elevators. This sight is guaranteed to out-thrill all other aviation thrillers, as the Mono-Plane has but two wings and in these glides, whirls and figure eights resembles a great dragon fly.

This promises to be one of the greatest aviation meets in Nebraska this year and the management of the local race meet are to be congratulated upon having secured a man with a world-wide reputation as an aviator to come here to make the flights thus giving the people of this section an opportunity to see one of the wizards of the air in his death defying stunts.

For Sale.

One steam thresher in first class shape, will sell at a bargain. Call or write.

7-tf Neil Brennan.

The Date Set.

The date for Charles Klein's great play "The Lion and the Mouse" will be Monday, August 19th. Manager Donohoe has already received many requests for seats and indications that this play will draw an audience that for size will break all records.

Advertising.

Omaha Trade Exhibit: Stop advertising in hot weather? Certainly not. You have dozens, scores, possibly hundreds of things in your store that people need and ought to buy in hot weather. And they will buy—provided your advertising tells them the reason why, and does this persuasively, pointedly and persistently.

"The Lion and the Mouse."

The United Play Co. in presenting "The Lion and the Mouse" in this city, calls attention to the fact that never in the history of the American stage was a play produced which attracted such world wide attention as did this dramatic triumph of Charles Klein.

It has to do with a struggle for supremacy between a man trained in every artifice of the world, and a woman, using every expedient of feminine wile.

Talks of Crops and Politics.

Sloux City News: Judge R. R. Dickson and family and Thomas Birmingham, president of the First National bank, Mrs. Birmingham, Hugh Birmingham and John J. Boyle, all of O'Neill, Nebr., passed through Sloux City today in their motor cars, bound for Lake Okoboji.

That Nebraska is alive with politics is their report. The defection of M. F. Harrington from the democratic party to the Bull Moose party is still a matter of comment. Both Wilson and Roosevelt are strong, but a campaign for Wilson by Bryan would carry the state for him, they think.

Crops are in fair condition, although the effect of the late spring is being seen.

E. H. Whelan, J. F. O'Donnell, J.

J. Harrington, D. A. Doyle and Art Ryan returned last Wednesday evening from Grand Island, where they had been attending the democratic convention. From the report they bring back it is evident that all was not very harmonious among the democratic brethren and some of them are whetting their knives to get after some of the candidates on their ticket.

A vast amount of ill health is due to impaired digestion. When the stomach fails to perform its function properly the whole system becomes deranged. A few doses of Chamberlain's tablets is all you need. They will strengthen your digestion, invigorate your liver, and regulate your bowels, entirely doing away with that miserable feeling due to faulty digestion. Try it. Many others have been permanently cured—why not you? For sale by all dealers.

Walter Tesch of Lexington, Nebr., was in the city last Wednesday. Mr. Tesch was a former resident of this city having been engaged in the shoe business here with his father, some twenty years ago. During his visit he met many old time friends who look quite natural he said, but he was surprised at the great improvement in the old town. Mr. Tesch is superintendent of tents for the Redpath-Horner Chautauqua system and dropped off here to spend a few hours with old friends.

Was there ever such a time for daily newspaper readers? Everybody wants a daily paper now, and they want one that will give them the "straight" of everything going on. The State Journal is the sort of a paper, and to induce you to become a reader now makes the very low price of \$1.50 from now until January 1, 1913, for both the Daily and Sunday paper. Send your order and money now and the paper will start at once. It will start on January 1st. Write to The State Journal, Lincoln, Neb.

Henry Webb of Swan township was arrested last Friday on complaint of Walter Gillette, who alleged in the complaint that Webb made a felonious assault on Henry Gillette with the intent to commit great bodily injury. He was brought to this city and appeared before Judge Carlon in the county court and had a preliminary set for August 12. He was released upon \$1,000 bond to appear in court on above date. It is said that the assault was made by Webb taking a shot at Gillette and they say that his marksmanship was so good that several grains of shot were picked from Gillette's body.

County Clerk McNichols has received word from the secretary of the state board of equalization that the real estate valuation of Holt county as returned to the state board by the Holt county board of equalization, had been increased by the state board 5 per cent and gave notice that the members of the Holt county board could appear before the state board on August 13 to show cause why such increase should not be made. The real estate assessment of Holt county was made pretty high by the Holt county board, especially in Grattan and Shields townships and an increase of 5 per cent would make it very high in these townships. A delegation of Holt county citizens will probably be sent to Lincoln on the date specified to enter their protest against the increase.

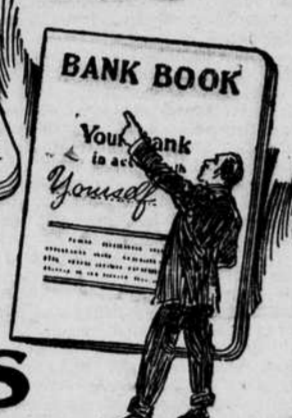

For Rent A Hay and Stock Lay Out

A tract of 780 acres, improved, located sixteen miles south-west of O'Neill. Will cut a good lot of hay and would be a splendid place to winter a bunch of cattle.

C. M. Daly, O'Neill, Nebr.
