# **ELECTORAL VOTE OF 452 GOES TO WILSON**

New Jersey Governor -Democratic Landslide.

New York, Nov. 11.—Although final returns have not been received in all of the states it now appears that Woodrow Wilson, democrat, will have the largest electoral vote ever given a candidate. Wilson's plurality is not so great as early returns indicated. Of the 15,000,000 votes polled he has received approximately 6,000,000. Roosevelt receivel a little over 5,000,000 votes and Taft less than 4,000,0000.

Taft carried three states, Idaho, Utah and Vermont with a total of 12 electoral votes.

Roosevelt carried Pennsylvania, Michigan, Minnesota, Washington and South Dakota and has a slight lead over Wilson in California. The other 39 states went to Wilson.

The split in the republican party was fatal all along the line and republican majorities were overturned in states that never before were out of the republican column. The democrats made great gains in the various states, capturing legislatures and congressmen. The Wilson administration will have a

The big surplises of the election were The big surpises of the election were afforded by Iowa, which gave Wilson a plurality of about 13,000; Kansas, Wisconsin, Illinois, Ohio and Indiana all of which returned democratic pluralities. Nebraska gave Wilson about 30,000 plurality. In Kansas the democrats swept everything, defeating Stubbs for the United States Senate, and electing the full democratic state ticket. The republican state ticket builed through in Jowa by small plurality. pulled through in Iowa by small pluralties. Byrne was elected governor of South Dakota in a hard fought contest with Johnson. George W. Norris has been elected senator from Nebras-ka, receiving a large majority over Shallenberger, democrat.

Fails of Majority. A by-phase of the general election that became known today was the success of woman's suffrage in four of the five states where constitutional amendments were submitted to the people. The victory of the women was complete in Kansas, Arlzona and probpeople. The victory of the women was complete in Kansas, Arlzona and probably Michigan; late returns from Oregon indicated they had succeeded there also, while from Wisconsin came returns showing the decisive defeat of the equal suffrage proposal.

ONE of which are defined by the democratic state chairman that Hodges will easily overcome Capper's lead.

At noon today the count in several countles still was unfinished.

FROM WILSON COLUMN

FROM WILSON COLUMN
St. Paul, Minn., Nov. 11—Late returns today swung Minnesota from Wilson to Roosevelt and the colonel probably will carry the state by about 15,000. Roosevelt found his greatest strength in the rural districts.

The vote complete from 1,880 precincts of the 3,963 precincts including those in Hennepin and Ramsey counties, shows Roosevelt received, 91,985; Wilson, 84,117; Taft, 50,789. Roosevelt in the canvass of votes is gaining an average of seven and one-half votes on Wilson in the county and should this ratio continue his plurality would materially exceed claims already set up by his followers.

Governor Eberbart was received and should the still to be heard from are republican strongholds and he bases Mc-Govern's final plurality at approximately 5,000.

# LOVE-LORN OFFICIAL TRAILS AN ACTRESS

Canadian Proves He Is No Piker and Refuses to Take "No" for Reply.

New York, Nov. 11 .- With no intention of taking "No" for an answer, the Hon. William Lyon Mackenzie King, minister of labor of Canada, has come to this city to take Hazel Macfarlane back with him from the glare of the footlights of the Academy of Music, where she is playing, to the splendor of his home in Canada,

Why did Miss Macfarlane, 20 years old, come to this city? It is a romance of a girl with a desire to become "star" against the advice of her friends and parents, and even against the wish of the man who has followed her here

of the man who has followed her here to make her his wife.

Miss Macfarlane is the daughter of T. D. Macfarlane, inspector of mines of the Canadian government in Yukon. For several years she has been in Westminister college, in Toronto, and took part in amateur theatricals. With her sweet voice and winning ways she thought that her future on the stage would be assured, and gave up her social life to make her way alone in this city, strange to her until two weeks ago.

While in Toronto she met Mr. King While in Toronto sne met Mr. King, and Cupid's darts hit both. There is a whisper that the two were engaged to marry, and all was going along swimmingly until one day, when Miss Macfarlane decided that her happiness lay in the theater rather than in the home of the man who loves her.

Miss Macfarlane is playing in "Havana." Without letting her know he was in town, Mr. King went to the theater last night and sat in the first row. When Miss Macfarlane discovered him, her acting was for him alone.

But to make it harder for Mr. King, it is said that a prominent Toronto doctor is also in the city, desirous of winning Miss Macfarlance's hand.

Such a ruling was made by Superior Judge N. P. Conrey of Los Angeles, holding court here. Miss Bertha Sluman, a nurse, several weeks ago filed a suit against Mr. and Mrs. Frank Churchill for wages that she alleged were due for the time she had waited for the stork to appear. In a justice's court she came out victorious, but the Churchills carried the case to the superior court, and the decision was reversed.

### SEEKING RECALL OF MAYOR OF SEATTLE

Seattle, Wish., Nov. 11.—A petition for the recall of Mayor George F. Cotterill, containing nearly 24,000 names, was filed in the controller's office yesterday. Circulation of the recall petition was begun a few days after Mayor Cotterill took office last spring. The city council must call an election not sooner than thirty days after the controller certifies the sufficiency of the petition and not later than forty days from such certification.

It is alleged in the petition that Mayor Cotterill is incompetent and unfit; that he has shown himself lacking executive ability and moral courage; that he suffers certain persons and certain institutions to interfere in political matters; that he has failed and refused, apparently because of his obligations to "certain clerical politicians" and "certain socialist agitators," to protect the citizens of Seattle in their constitutional rights and to enforce proper respect for the American flag.

Bryan will be the premier of the Wilson cabinet if he will accept the position. He can have the secretaryship of state or the ambassadorship to the court of St, James. This comes from close friends of Governor Wilson. At the same time much doubt is expressed whether Bryan will take either office.

Already demands are being made by big business that Wilson name a conservative cabinet. Governor Wilson recognizes his obligation to Bryan and knows that if he should not proffer him a cabinet place it would be resented by Bryan's friends.

Think Bryan Has Plans.

Many who believe Bryan will not accept office under the new administration, think he will stand aloof and plan to seek the nomination himself in 1916. Wilson is planning a strong cabinet. He feels that it will not do to start on his four years with a weak corps of advisors. He wants a strong and trusfed lawyer for attorney general. Senator O'Gorman, of New York probably could have the place if he would give up the Senate, but it is not believed he will, and Louis D. Brandels, the able and progressive Boston lawyer, is generally considered the probable man. It is plain that scores of aspirants for cabinet jobs will spring up.

W. G. McAdoo, of New York, is mentioned for the treasurer, but it developed today he would prefer the war department, because, as a great engineer, he is interested in the Panama canal. Jerry Sullivan Boomed.

Josephus Daniels, of North Carolina, who was chief clerk of the interior department under Hoke Smith, and who is one of the original Wilson men, can probably have the interior department if he wants it, though several others are talked of, including Jerry Sullivan of Des Moines and Fred Lynch, of Minnesota.

For the postoffice department, Congressman Burleson, also mentioned for agriculture is a possibility, though because of his progressivism, Wilson needs him in the House and Congressman Lloyd, of Missouri, is spoken of.

For the navy mention is made of Josiah Quincy, of Boston, and several other Massachusetts men and Chas. R. Crane is a possibility for commerce and labor. However, the department of labor bill will probably pass this winter and this will give Wilson an additional cabinet officer to name who may be Chairman Wilson, of Pennsylvania, of the House committee on labor.
