Big Contest Closes Saturday, December 20th

We wish to announce that we have decided to close the contest and award the Automobile on Saturday, December 20th. The hour set for the closing will be mentioned in a later issue of The Frontier. Now comes the real battle for votes and the honors of winning. Every candidate owes it to their friends to do their level best. The winning of the big prize is almost a civic project. No community wants to see the Automobile go to another community and it is a sure fact that every citizen is going to do all he can to boost the candidate from his locality to the top.

Just as a political party selects one of its members to be the standard bearer so the people around O'Neill will select a candidate to be the standard bearer in this contest. No political candidate can win without going out and soliciting the support of his friends and so with the contestants in this contest, they should not feel the least backward in going abroad to every person in their reach asking them for support in this project.

Almost every citizen of the surrounding country takes some county paper, and where can a better paper be found than the O'Neill Frontier? The votes cost the subscriber nothing and since he gets his full value for his money in the worth of his paper, there is not the least matter in the world why the votes should not be given freeley.

All that is required to enter this contest is to fill out the nomination blank and send it to the Contest Manager. Get our list and receipt books and start right to work getting votes. START TO-DAY. Head the list on the first count.

How the Votes may be Secured: *The only way you can secure votes is by collecting money on new subscriptions and renewals or cutting free votes out of The Frontier. Positively no votes will be sold for cash without subscriptions to this paper. Every issue of The Frontier for the first few weeks will contain free vote coupons which may be delivered or mailed to our office. The regular vote schedule above will not be changed during the contest, except by special ballots for special effort.*

Send all contest subscriptions, correspondence, nomination and vote coupons, and apply for any further particulars required to
