#### HAZEL McPHARLIN WINS WATCH

#### Another Beautiful Special Will be Given For Nine Days Work.

The second period of The Frontier's contest closed at 6 p. m. Tuesday night with Miss Hazel McPharlin the winner of the Gold Watch and Miss Mildred Wertz winner of the Gold Bracelet Set. Others won Gold Crosses and Chains and still more were within easy reach of the prize winners and could have won easily with just a little effort.

However the big contest is just now creating the greatest interest and with the next period, which gives promise of being the banner period of the Contest, we hope to develop some interesting rivalry. Many candidates did not actually get into the race until the last few days when urged by their friends and neighbors who saw the great possibility ahead of them and were finally persuaded to work. It's the only way to win.

The new special, beginning with today, gives everyone, even new candidates, a chance to enter and try to win this beautiful set of furs. What more could one want as a gift from a friend and how much nicer that you may enter the contest yourself, gather subscriptions for one week, and if you have more money to your credit than any one else on the date of Dec. 13th., taken between the two dates of Dec. 4th. and Dec. 13th., you will be awarded this handsome set of furs.

This beautiful set of White Tibet furs was purchased at Mr. P. J. McManus' store and are the prettiest set that could be found, the Mr. McManus is willing to exchange for a dark set of furs if the winner would prefer it so. The contest manager was undecided when she saw the many beautiful things in McManus' store that would make a real suitable prize but decided on the furs as something lasting, always beautiful and a source of delight to the wearer.

Don't forget, the votes you pile up trying to win the special prizes all

count toward the Automobile to be awarded Dec. 20th.

#### POPULAR INTEREST.

The interest shown by the general public in the big circulation campaign is truly remarkable, and, of course, very gratifying to the Frontier.

Nearly every mail brings in votes for the various candidates and every day many subscriptions are paid at the office, the subscriber casting the votes for some one of the candidates. The fact of the matter is, that some of the contestants have had more votes sent in for them by their friends than they have obtained for themselves, which is a good indication of what a little personal effort would do,

and there is plenty of opportunity for any one to be a big winner in this Contest by backing up the interest of their friends by their own interest and activity in getting votes.

There is always room for more to live because there are many others working for the same thing, but some work harder than others and consequently get more. This big Contest is no exception. Now is the time to get into it right.

Miss Hazel McPharlin leads for the Automobile.

Is O'Neill going to claim the honor or is your town.

5000 extra votes for every \$15.00

turned in between the dates of Dec. 4th and Dec. 13th. This special is in addition to the regular vote.

#### "Fishy" But Good.

Talk about the benefits of advertising. Down in Florida not long ago a family lost a child which they supposed had strayed away from home and got lost. After searching in vain for three days the frantic parents placed an advertisement in the nearest newspaper. Imagine the surprise of the parents upon going to the door the next morning to see a monster alligator upon the doorstep, where he had disgorged the child alive and then died himself. The "ad" cost them but 25 cents, and it gave them back their darling child; they sold the alligator hide for \$5 and the parents are showing the child in all the dime museums of the land at \$50 per week. Does advertising pay?
