THE American Adding Machine

The latest Adder
Costs but \$35

See our exhibit—ask for 10 day' trial

Here is a new price on a competent Adder. On a machine that is rapid, full-size and infallible. The very latest machine, built by men who know, in one of the largest metal-working shops. It is an individual Adder, to be placed on one's desk, close to one's books and papers. To take the place of the central machine requiring skillful operators. It is also intended for offices and stores where costly machines are a luxury.

The price is due to utter simplicity and to our enormous output. Seven keys do all the work.

Each copied number is shown up for checking before the addition is made. The machine will add, subtract and multiply. With very little practice anyone can compute a hundred figures a minute. And the machine never makes mistakes. Countless offices, large and small, are getting from these machines the highest class of service.

Now we make this offer so that offices everywhere may learn what this machine means to them.

Ten Days' Test

We will gladly place in any office one American Adder for a ten days' test.

There will be no obligations, and charges will be prepaid.

Compare it with any non-lister—even the costliest. Let anyone use it. See if any machine can serve better than this.

Just send this coupon and we'll send the machine.

United Doctors Specialists

At Golden Hotel Friday, Apr. 10—one day only

Remarkable Success of These Talented Physicians in the Treatment of Chronic Diseases

Offer Their Services Free of Charge

The United Doctors Specialists, licensed by the state, for the treatment of deformities and all nervous and chronic diseases of men, women and children, offer to all who call on this trip, consultation, examination, advice free, making no charge whatever, except the cost of medicine. All that is asked in return for these valuable services is that every person treated will tell their suffering friends and neighbors of the good results obtained by their treatments—that they may consult them with confidence on their return trip which will be in two months.

This is said to be one of the most able specialists' organization of its kind in this section of the country, and must be a successful one from the many good results they are getting.

They do not treat any acute diseases, their time and attention being devoted to such diseases as follows:

Disease of the stomach, bowels, liver, blood, skin, nerves, heart, spleen, kidneys or bladder, rheumatism, sciatica, bed wetting, leg ulcers, weak lungs, catarrh, bronchitis asthma, slow growth in children and those afflicted with long standing, deep seated chronic diseases, that have baffled the skill of the family physician.

According to their system no more operations for appendicitis, gall stones tumors or goitre.

If you have kidney or bladder troubles bring a two-ounce bottle of your urine for chemical analysis.

Deafness often has been cured in sixty days.

Remember this free offer is for this trip only.

Married ladies must come with their husbands and minors with their parents.

Millinery Sale!

On account of the illness of Miss Ruth Swanson's mother, the millinery stock will be sold at Reduced prices, commencing Friday and continuing until the goods are all sold.

During this sale there will be no sewing school until after Easter.

Saves You a Clean \$25.00

What's the use of paying \$25.00 to \$30.00 more for extra plow bottoms or buying a sod plow when you don't have to! Instead, why not save the money and get a Rock Island No. 8 Gang, equipped with the famous "C.T.X." Universal Bottoms?

Rock Island

The "C.T.X." is the only universal bottom made. With the "C.T.X." you have one bottom for every purpose—sod, stubble, trashy corn land, mixed and sandy land, etc.

That means you not only save the cost of extra bottoms but you save the work and bother of having to change from one set to another. You can plow a field of sod, a field of stubble, and then a field of corn stalks, and do a better job in each case. You do better work and do it easier.

Because of the peculiar auger-like twist of the moldboard, on the "C.T.X." the full-furrow slice is turned completely over and pulverized so that it makes a perfect contact with the subsoil.

No air spaces, so the moisture comes up from the subsoil when the roots need it.

You get the one universal successful plow bottom on the best plow ever constructed. One-piece frame, easiest compound foot lift, light draft, ease of handling, simple and durable construction, all combine with the "C.T.X." Bottom to make the Rock Island No. 8 Gang the most desirable plow for you. Saves you the \$25.00 for extra bottoms, and means less work, better crops and more actual cash returns.

Come in and see this plow. Let us show you some interesting pictures of work actually done by this peculiar moldboard and tell you why it will do this good work for you. Come this week sure!

Seat Well Back. Short Bars and Hangers. High Rear Wheel, Light Draft.
