The latest Adder
Costs but \$35

See our exhibit--ask
for 10 day' trial

Here is a new price on a competent Adder. On a machine that is rapid, full-size and machine-like. The very latest machine, built by men who know, in one of the largest metal-working shops. It is an individual Adder, to be placed on one's desk, close to one's books and papers. To take the place of the central machine requiring skillful operators. It is also intended for offices and stores where costly machines are a luxury.

The price is due to utter simplicity and to our enormous output. Seven keys do all the work.

Each copied number is shown up for checking before the addition is made. The machine will add, subtract and multiply. With very little practice anyone can compute a hundred figures a minute. And the machine never makes mistakes. Countless offices, large and small, are getting from these machines the highest class of service.

Now we make this offer so that offices everywhere may learn what this machine means to them.

Ten Days' Test

We will gladly place in any office one American Adder for a ten days' test.

There will be no obligations, and charges will be prepaid. Compare it with any non-listener even the costliest. Let anyone use it. See if any machine can serve better than this.

Just send this coupon and we'll send the machine.

The City Council.

The retiring council and mayor met in session last Thursday night and after transacting the regular business coming before the meeting adjourned sine die and Mayor Biglin, who has been the executive head of the city government for years, retired to private life.

Friday morning the new council, which was the old with the exception of Samuel Barnard, who takes the place of R. S. Hillard, met with Mayor Golden in the chair and the following business was transacted:

M. H. McCarthy was elected president of the council for the ensuing year.

Mayor Golden then announced the appointment of the following committees:

Judiciary, Finance and Official Bonds—Meredith and Cronin.
Streets and Alleys—Mullen and Ryan.

Water Works and Sewer—McCarthy and Mullen.

The mayor then presented the name of Jack Kane for nightwatchman and upon motion the appointment was confirmed.

The mayor presented the name of R. J. Jennings for city weighmaster, with the statement that at any time Mr. Gordon, who has been city weighmaster for several years, feels able to assume the duties of the position that Mr. Jennings will resign and Mr. Cordon will be appointed to the position. Upon motion the appointment of Mr. Jennings, under the above conditions, was approved.

The question of granting saloon licenses then came up and there being no remonstrances or protests saloon licenses was granted to the following applicants, and their bonds were approved: J. J. Thomas, J. W. Sullivan, O'Connor & Enright and R. J. Marsh. Action was not taken upon

the application of Ryan & Moore as the notice of application had not been published the required number of times.

Several matters of importance to the city was discussed and will be taken up for further discussion and action at the regular meeting of the council this evening.
