Motion carried.

To the Honorable Board of Supervisors,

I, Jacob Hirsch the assessor of real estate of 1912, find that I made an error on the following described real estate in Grattan precinct in 28, 12, the south half of the southwest quarter section 18, north half of the northwest quarter the northeast quarter section 19, 28, 12, belonging to Amanda Hiatt, containing 320 acres, which I assessed at \$10.00 per acre, and should have assessed it at \$8.00 per acre, and also the southeast quarter of the northwest quarter and the northeast quarter of the southwest quarter of the southeast quarter of the northwest quarter of the southwest quarter all in section 19, 28, 12, belonging to George and Bessie Gaughenburgh which I assessed at \$10.00 per acre and should have assessed it at \$8.00 per acre. Which change I, Jacob Hirsch pray the Honorable Board of Holt county to make, in order to be equally valued with surrounding real estate of equal value.

Jacob Hirsch.
Subscribed and sworn to before me this 30th day of July, 1913.

S. F. McNichols,

County Clerk.

(Seal)

Mr. Chairman: Whereas, it appears to the satisfaction of the board in comparing the assessment of the south half of the south half quarter section 18, 28, 12, and the north half of the northwest quarter and the northeast quarter section 19, 28, 12, is excessive in comparison with adjoining property therefore I move that the clerk be instructed and he is hereby ordered to correct tax list by changing the total assessed valuation from \$10.00 an acre to \$8.00 an acre in accordance with the affidavit of the precinct assessor.

An Open Letter to the Women of this City

Ladies:

Our new match—the Safe Home Match—is just being introduced.

It embodies all the knowledge that we—the largest manufacturers of matches in this country—have been able to gather.

It is non-poisonous. A child might suck the head or several heads off Safe Home Matches. He wouldn't be poisoned. He wouldn't even be seriously ill.

Safe Home Matches do not spark or sputter. They light only on the tip. They are safe matches for the home. In efficiency they are probably 60% better than any match hitherto sold. They are so much safer and more reliable than ordinary matches that the Underwriters' Laboratories put their label on every box.

You are interested quite as much as we are in the introduction of a better, a safer match. We want your co-operation. May we have it?
