

Which Will You Buy?

One curious thing about matches is this: *You pay no more for the best than for the worst.*

Five cents a box is the standard price for matches.

For five cents your grocer will give you a box of ordinary matches or a box of Safe Home Matches.

Under certain conditions ordinary matches are very dangerous.

Under all conditions, Safe Home Matches are the safest matches in the world. They are absolutely non-poisonous.

They ignite at a temperature in excess of 300° Fahr.—150° more than ordinary matches. They do not sputter. The sticks are strong and sturdy and do not break easily.

Which will you buy?

The Diamond Match Company

Lincoln Letter.

(Continued from page four.)
to who shall be candidates on the ticket or managers of the party cam-

paign.
W. H. Thompson, a half and half between the factions, is trimmed of all authority as state chairman and the party army is moving under the secret order of Mr. Bryan's enemies. They dare not announce the real purpose which is to lock the door against Bryan in 1916. With Morehead, the tool of the anti-Bryanites in the saddle, clothed in a Bryan uniform and his party managers waving a "Party Loyalty" battle cry, they hope to check the threatened bolt to Howell. Morehead and Maupin, side by side, on the state ticket and not on speaking terms and what Maupin said for Morehead before election and then said of him after election two years ago is not printed in the campaign literature. Inharmony between the factions, inharmony between the campaign managers and inharmony between the candidates clouds the democratic campaign with gloom. Any changes in the situation will be noted in the next letter.

LOCAL MATTERS.

A birthday party was given in honor of Miss Gertrude Howard at her home last Sunday afternoon. The

time was spent in playing games, after which a dainty luncheon was served and the guests departed wishing their little friend many happy returns of the day.

Mrs. F. M. Pixley and son, Norman, returned last Thursday night from California, where they have been for the past six months for the benefit of Mrs. Pixley's health. Mr. Pixley met them in Omaha Monday and returned with them. Mrs. Pixley's health has greatly improved during her residence in California but she is glad to get back to O'Neill.

Philip Sullivan arrived in the city last Friday from Butte, Montana, for a few days visit with his sister, Miss Mary, and brother, Jack. Philip has added considerable flesh since his last visit and is now in the heavy weight class. He has a responsible position in the general offices of the Anaconda Mining company and is highly prosperous.

On Saturday, October 10, 1914, there will be a civil service examination held in this city to make certification to fill the contemplated vacancy in the position of postmaster at Emmet, Neb. The compensation of the postmaster at Emmet was \$503.31 for the last fiscal year. Applications for the examination must reside within the territory supplied by the Emmet office.

Mr. and Mrs. P. F. Danker, Mr. and Mrs. Simon Foltz and Mr. and Mrs. M. Bright, of Anoka, Neb., and Mr. and Mrs. J. B. Taylor, of Wichita, Kansas, were in the city Wednesday and Thursday attending the Holt county fair. Mr. Danker is the republican candidate for representative from the Fifty-Fourth district, comprising Holt and Boyd counties, and while in the city was busy meeting the voters of Holt county.

After practically recovering from a severe attack of typhoid fever, William Reiff, the Page barber, died Sunday evening of blood poisoning caused by the extraction of a tooth. He was able to be about when he felt it necessary to have the tooth pulled. This caused him considerable pain and the loss of such a large amount of blood that a physician and dentist was called. The cavity bled for four or five days. The physician and nurse declare that Mr. Reiff put up the hardest fight for his life of any patient ever coming under their care, but he was unable to win.

O'Neill and the Kansas City Red Sox played two ball games in this city last week. The first game was on Friday and was won by the Sox with a score of 7 to 0. The O'Neill team was badly crippled in that game as a number of the regular players were unable to be present. A second game was played between these two teams on Sunday and was a very interesting contest. This game was won by the Red Sox with a score of 4 to 2. It was an interesting game and was witnessed by a good-sized crowd of fans. Johnson and Jones were the battery for O'Neill and Mr. Johnson twirled a splendid game, holding the hard hitting Sox down to two singles, both being made by the same man and appeared to be the only member of the team that could connect safely with the brand of pitching that was being dished up by Johnson. Errors were responsible for the scores. While Johnson was twirling a good game, Modlin, who was on the mound for the Sox, was also in fine form and held O'Neill to four hits. The Sox are good ball players and a bunch of good, clean fellows.

Chamberlain's Liniment.

If you are ever troubled with aches, pains or soreness of the muscles, you will appreciate the good qualities of Chamberlain's Liniment. Many sufferers from rheumatism and sciatica have used it with the best results. It is especially valuable for lumbago and lame back. For sale by all dealers. 13-3

Caucus.

The republican electors of Paddock township are hereby called to meet in caucus at the town hall of said township on Wednesday the 30th day of September, 1914, at 3 o'clock p. m. of said day for the nomination of a township ticket and such other business as may come before the caucus. P. J. Lansworth, Committeeman.

For Exchange.

A good 40 room flat all modern well located in Kansas City, Mo., in walking distance of the business center, rents for \$200 a month. Net income of \$150 a month. Owner will trade this property for a good ranch of equal value. Price \$30,000. This is a good proposition for a party wishing to retire, and wants an income so as to take life easy. No blue sky wanted, and will deal direct with owners. Address, S. J. Pester, 14-3 University Place, Neb.

Diarrhoea Quickly Cured.

"My attention was first called to Chamberlain's Colic, Cholera and

Diarrhoea Remedy as much as twelve years ago. At that time I was seriously ill with summer complaint. One dose of this remedy checked the trouble," writes Mrs. C. W. Florence, Rockfield, Ind. For sale by all dealers. 13-3

C. H. HURST IN CITY TODAY.

Motor Car Representative Enthusiastic. Many Dealers Want Agency. Local Dealer to be Picked Soon.

C. H. Hunt representative for Dodge Brothers in this district, is in the city today, and is responsible for the statement that the appointments of dealers for the sale of the new Dodge Brothers' motor car are about to be made in this section. Mr. Hunt is full of enthusiasm about the new car, the firm, and the policy behind it.

"When I was in Detroit a short time ago," said Mr. Hunt yesterday, "about 2,000 applications from dealers asking for selling rights had been received. That number has jumped to 6,700. I do not believe a condition like this has ever before existed in the motor car industry. Dodge Brothers, with their immense works and millions of money, are to market a motor car of their own in the fall. At one step, they will throw their entire facilities into the production of the one car. The output of course will be large. This fact, and the reputation of the firm, seems to have an electrical effect on the dealers, and on everyone interested in motor cars.

"In some of my towns, practically every dealer wants an agency. My work just now centers in determining who are the best dealers, rather than in selling our cars or our proposition. The strength of the Dodge Brothers' name and reputation has already done all the selling necessary.

"I have been allotted a fair proportion of the year's output for my territory, but I am sorry it isn't twice as large."

Mr. Crowley Dies From Injuries.

Stuart Ledger: Last Sunday morning as Mr. and Mrs. Con Crowley were coming to Stuart to church, and had reached a point just north of the two bridges north of J. F. McGrew's south ranch, they met an automobile at which their team became frightened, swerved to one side, overturning the buggy into the ditch. Mr. Crowley was so badly hurt that he was not able to survive the shock, but passed away Tuesday evening. Mrs. Crowley, while prostrated with grief, was not seriously hurt by the accident. The funeral occurred this (Tuesday) forenoon at St. Boniface church, of which Mr. Crowley was a devout member. A very large congregation of relatives and friends were present.

Utley Again Tackles County Board.

O'Neill, Neb., Sept. 14, 1914.
To the Editor Frontier: When I wrote a letter published by you some time ago mentioning a few items of how the Supervisors had spent the money raised by taxation for Holt county, I stated there was more to come, if the people wanted it. Since that time I have been asked by many people, in various parts of the county where your paper circulates, to give them some other items, but have been waiting patiently, hoping and trusting, that the County Board would take the matter up and fully advise the people in this matter, as they are in a much better position than I am to do it. Having failed to see or hear anything from them, through the papers or otherwise, I decided to give them a few more items.

On August 18, 1914, they levied a bridge fund amounting to something about Twenty Thousand Dollars. They also levied an Emergency Bridge Fund Tax which amounted to something over Four Thousand Dollars, and on the 27th, 28th and 29th of August, they allowed bills against this fund for bridges built, and work done, long prior to the levying of this tax, the greater part of which was done during the fiscal year 1913, amounting to nearly Twenty-five Thousand Dollars, which under the law they had no right to do, and it may be recovered from them on their bond, for the benefit of Holt county, if the people see fit to go after it. While looking among the records of the supervisor's office to arrange for the evidence which I needed in the trial of the case I have brought against the Supervisors, to prevent them building bridges under an illegal, and unlawful contract, I found a Supervisor's bill, among which are the following items: August 8th. Work to McAllister road \$4.00. Auto hire, myself and Hubbel 1.30 M. at 10c, \$13.00. August 11th. Com. to O'Neill to see Art. Mullen \$4.00. August 12th. Surveying Clevish road

Very respectfully,
H. M. Utley.
Chamberlain's Colic, Cholera and Diarrhoea Remedy.
"I advised the 'boys' when they enlisted for the Spanish war to take Chamberlain's Colic, Cholera and Diarrhoea Remedy with them, and have received many thanks for the advice given," writes J. H. Houghland, Eldon, Iowa. "No person whether traveling or at home should be without this great remedy." For sale by all dealers. 13-3

COMING TO O'NEILL SPECIALISTS

At Golden Hotel, Wednesday, September 30, One Day Only

Remarkable Success of These Talented Physicians in the Treatment of Chronic Diseases

Offer Their Services Free Of Charge

The Associated Doctors Specialists, licensed by the state, for the treatment of deformities and all nervous and chronic diseases of men, women and children, offer to all who call on this trip, consultation, examination, advice free, making no charge whatever, except the cost of medicine. All that is asked in return for these valuable services is that every person will tell their suffering friends and neighbors of the good results obtained by their treatments—that they may consult them with confidence on their return trip which will be in two months.

This is said to be one of the most able specialists' organization of its kind in this section of the country, and must be a successful one from the many good results they are getting. They do not treat any acute diseases, their time and attention being devoted to such diseases as follows: Diseases of the stomach, bowels, liver, blood, skin, nerves, heart, spleen, kidneys or bladder, rheumatism, sciatica, bed wetting, leg ulcers, weak lungs, catarrh, bronchitis asthma, slow growth in children and those afflicted with longstanding, deep-seated chronic diseases, that have baffled the skill of the family physician.

According to their system no more operations for appendicitis, gall stones, tumors or goitre.

If you have kidney or bladder troubles bring a two-ounce bottle of your urine for chemical analysis.

Deafness often has been cured in sixty days.

Remember this free offer is for this trip only.

Married ladies must come with their husbands and minors with their parents. 14-2
