Mrs. Dr. B. H. Harms, of Belle Fouche, S. D., and Mrs. T. Jones, of Newell, S. D., are in the city visiting at the home of their sister, Dr. and Mrs. P. J. Flynn. These ladies were residents of this city for many years, prior to the removal of the family to South Dakota some ten years ago.

William Morgan, of Stuart, and Miss Mary Bauman, of Atkinson, were granted a marriage license in county court last Thursday. The bride and groom belong to old time families of the western part of the county and have many friends in this city who extend congratulations and good wishes.

Mrs. Dunlap went home on the Burlington Monday morning while Mr. Dunlap went up to Atkinson to look after some land that he has near there. Mr. Dunlap is engaged in the banking business at McLean.

The O'Neill High School foot ball team slaughtered the Valentine High School team upon the O'Neill gridiron last Friday afternoon, the final score being, O'Neill, 70; Valentine, 7. The local boys put up a splendid game and had the boys from the capital of Cherry county out classed in all departments. When the game had been put on ice several of the subs were put in the O'Neill line up and it was while the second string men were in line that Valentine scored. The locals are beginning to feel quite cheery and are anxious for a game that will really make them exert themselves.

Ewing Advocate: A delegation of Chambers business men were in Ewing last Saturday for the purpose of finding out if this town could and would furnish proper accommodations for the handling of their freight shipments. It seems that a number of the business men in our sister village are desirous of changing the freighting route from O'Neill to Ewing, and their only demands were that a few spots in the roads be fixed and that they would be able to find hotel room and livery stable accommodation. These were assured them and Agent Hales and his assistants declared that the best of service would be given at the depot day and night.

Last Tuesday evening a card party and entertainment was given at the K. C. hall by the Patrician Club. There were over two hundred present and all seemed to enjoy themselves thoroughly. Miss Genevieve Biglin was roundly applauded for her two songs, and Miss L. Buelow delighted all present with her artistic rendering of two readings. The success of the party was due in an especial manner to the efforts of the Misses L. Daly, M. Donohoe, A. McCafferty, M. Doyle, L. Donohoe, M. McNichols, C. Ward and G. Hammond. Miss Mary Timlin won the ladies' prize at cards, and W. W. Stockton was first among the men, while the prize of forty-five was won by John Howard and Tom Gallagher.

The Boston National League team won the base ball championship of the World from the Philadelphia American League team by defeating them four straight games, a feat that has never before been accomplished in base ball. During the years that the two leagues have been having championship battles no team has been strong enough to win four successive games in the battle for the premier honors in base ball. Boston won the first game with a score of 7 to 1; the second with a score of 1 to 0; the third, which went twelve innings and was the most exciting game ever played in a world's series, being won by Boston with a score of 4 to 5; and Boston won the fourth and last game of the series with a score of 3 to 1.

Several local sports, who delight to figure averages, are convinced that the law of averages does not apply to baseball, being convinced of this by losing several "beans" upon the recent base ball series. Many of the local lovers of base ball, who had picked Boston as the winner of the series,

did not believe it was possible for them to win three straight and as a result they lost several "beans" upon the game last Monday, as they took the Philadelphia end of it. When Boston won out Monday, in a sensational finish, it looked as if it would be impossible for them to win four straight, as such a feat had never been accomplished, and they bet their money accordingly, and lost. And so many of them are convinced that the law of averages does not apply to base ball.

The state fish car passed through this city Tuesday afternoon, in charge of Superintendent O'Brien, distributing fish to applicants along the road from Fremont to Chadron. No fish were left at O'Neill on this trip but some were left at Inman and Ewing. In conversation with Mr. O'Brien at the depot he informed us that he would make another trip up the line in about three weeks when the people in this vicinity who had made application would be supplied. He said that he had secured a large number of Rainbow trout and any resident of this county who had a good trout stream could secure some trout to stock their stream if they would make application to him. The fish would be delivered upon the next trip of the car, in about three weeks.

Hugh McKenna returned last Sunday from a ten weeks campaign through the central and western racing circuit with Jack Thomas' racer, Yellowstone. The season just closed has been the most successful Hugh

has ever had since he entered the racing game. During his ten weeks campaign with Yellowstone he started him twelve times and won first or second in every race, winning \$1,280 in the twelve starts. Yellowstone secured a mark of 2:19 $\frac{1}{4}$ . He made a trial mile in 2:11 $\frac{1}{4}$ . Yellowstone is six years old, sired by Shade On, a full brother of Speen On, record 2:12 $\frac{1}{4}$ . As Yellowstone is a comparatively young horse Hugh and Owner Thomas expect to clean up some big money with him next season, as they will enter him in races where the purses will be much larger.

Wills, of Butte, progressive candidate for attorney general, addressed a small audience in this city last Friday night on the issues of the campaign. Mr. Sackett is a very pleasing speaker and was given close attention throughout his address.

On Saturday evening, October 24th, the first quarterly conference of the year will be held in the M. E. church. Sunday morning, October 25th, at 10:30, Rev. J. Bothwell, District Superintendent, will preach to the Methodist congregation and administer the sacrament of the Lord's supper.
