Best Cough Remedy for Children.

"Three years ago when I was living in Pittsburgh one of my children had a hard cold and coughed dreadfully. Upon the advice of a druggist I purchased a bottle of Chamberlain's Cough Remedy and it benefited him at once. I find it the best cough medicine for children because it is pleasant to take. They do not object to taking it," writes Mrs. Lafayette Tuck, Homer City, Pa. This remedy contains no opium or other narcotic, and may be given to a child as confidently as to an adult. Sold by all druggists. 21-4

Poverty Has Advantages.

Poverty has its advantages and adversity its uses. If you are poor you can wear out your old clothes. You are excused from calls, you are not troubled with many visitors, bores do not bore you, sponges do not haunt your tables, brass bands do not serenade you. No one thinks of presenting you with a testimonial. No store keeper irritates you by asking you "Is there anything I can do for you?" Begging letter writers don't bother you. Flatterers do not flatter you. You are saved many a debt and many a deception. And lastly, if you have a true friend in the world, you are sure to know it in a short space of time.

Weekly Market Letter.

November 3, 1914.
Cattle receipts this week are decidedly lighter and there has been a

sharp recovery from the low time of ten days ago, and can be quoted generally 40c to 50c higher. We understand the government has issued an order closing the Chicago Stock yards for ten days, in an attempt to wipe out the Hoof and Mouth disease, which has become prevalent in three states, and has been traced to these yards. This order may possibly not affect stock for slaughter, but will affect all stockers and feeders, as nothing will be allowed shipped out of those yards. It will of course increase the receipts on this class of stock at the river points, but what the result will be we can only surmise.

We quote: Good to choice cornfed heaves \$9.50 to \$10.50, common kinds down to \$7.00. Good to choice cows and heifers \$6.00 to \$7.00, fair to good \$5.25 to \$5.90, canners and cutters \$4.00 to \$5.20. Veal calves \$7.50 to \$10.00. Bulls, stags, etc., \$4.50 to \$6.50. Good to choice feeders \$7.00 to \$8.40, common grades down to \$6.00. Stock cows and heifers \$4.75 to \$6.50. Stock calves \$6.00 to \$8.00. Good to choice range beef \$7.40 to \$8.60, common grades down to \$6.00.

The hog market has shown slight change for the past ten days, but is a shade higher. Bulk \$7.05 to \$7.10, top \$7.25.

The sheep and lamb market still improves, and receipts are lighter. Prospects for the near future are good.

Can we do anything for you? Do you expect to ship soon?

Yours very truly,
Standard Live Stock Com. Co.

Despondency Due to Indigestion.

It is not at all surprising that persons who have indigestion become discouraged and despondent. Here are a few words of hope and cheer for them by Mrs. Blanche Bowers, Indiana, Pa. "For years my digestion was so poor that I could only eat the lightest foods; I tried everything that I heard of to get relief, but not until about a year ago when I saw Chamberlain's Tablets advertised and got a bottle of them, did I find the right treatment. I soon began to improve, and since taking a few bottles of them my digestion is fine." For sale by all dealers. 21-4

Good Manufacturing!

If you know where to look, you will find on the outside of every case of Safe Home matches certain numbers, letters or symbols. To you these mean nothing. To us they mean a very great deal. They tell us many things, and enable us to determine:

- (1) When the matches were made—year, month, day and hour.
- (2) Where they were made—in which of five factories and on which of several hundred machines!
- (3) The temperature and humidity in the air at the time of manufacture!!
- (4) The names of the men and women who made them!!!

Does this impress you as good manufacturing? Or doesn't it? We refer to it, not in a spirit of boastfulness, but to give you an idea of the extraordinary care that marks every step in the making of Safe Home matches.

The experiments and tests which we have made, in an honest effort to produce a perfect match, have cost us about a quarter of a million dollars. Why did we do all this research work? Because it is good business—because, in the long run, it will pay.

We do not ask you to pay more money for matches than you have been paying—merely to see that you get better matches for what you do pay. This you can do if you ask for Safe Home matches by name.

All grocers. Five cents a box.
