"What I have written I have written" was the text of a sermon last night at the Presbyterian church by Dr. B. M. Long of Lincoln, state superintendent of evangelistic work for that denomination. The sinking of the steamship, Empress of Ireland in the St. Lawrence river when it collided with the Storad last May and in which J. C. Viquist of this city lost his life, is the basis of a law suit filed in the district court of Holt county. Elsie Randel of Crawford county, Io., administratrix of the Viquist estate, through Attorney M. F. Harrington, brings suit against the Canadian Pacific railroad company for damages in the sum of \$40,000, \$225 paid by the deceased for passage from Montreal, Can., to Sweden and return, and \$200 deposited by him with the company to draw and be used as needed by him upon the trip. In district court yesterday Judge Dickson heard the arguments in the case of H. M. Uttley and M. R. Hiatt against the county board and assessors. J. A. Donohoe appeared in behalf of the members of the board, while Mr. Uttley conducted his own case like a veteran at the bar and at times had his opponent guessing; on what was coming next. The first case, argued in the forenoon, was originally started before Justice McCafferty and is for the collection of a penalty of \$50 from members of the board for failure to verify their claims for salaries according to Section 2461 of the Nebraska statute. Mr. Donohoe put up an able defense on the grounds of custom, which is said to be general

throughout the state, of supervisors using the general claim blanks in filing their bills. This is admitted to not be in accordance with the statute. The statute also fixes a penalty of \$50 if this section is not complied with. The second suit, argued yesterday afternoon, is for the recovery of \$3,000 paid the assessors of the county in 1914, bills for which do not comply with the statutory form and also include mileage for which no provision is made in the statute. A motion to dismiss was entered in the latter case by the county attorney on the allegation that the plaintiff had no authority for bringing the action. Some time was consumed in arguing this proposition. Mr. Uttley stated in both cases that they were brought in behalf of the county and what ever sum might be recovered would revert to the county. Judge Dickson made it clear that the court should interest itself in anything that might pertain to unlawful use of the public funds, and has taken both cases under advisement.

#### STAR MAN WINNER

Leland Wertz Makes Perfect Record in Cashier Contest.

Kansas City, Missouri.—Editor Frontier, O'Neill, Neb.—Dear Sir: During the past chautauqua season the Redpath Horner Chautauqua conducted a cashiers contest which was won by Mr. Leland Wertz of Star, and I thought that perhaps the readers of your paper might be interested in knowing it.

In all there were twenty-three contestants, all college men, some with degrees, and early in the race it became apparent that the winner would have to have a record with very few mistakes. It is a great credit to Mr. Wertz that he finished the contest with a perfect record, thereby winning first honors. The purpose of the contest was to get definite information as to who was the best cashier on the system and to grade the others as to their efficiency, but Mr. Wertz is not only a good cashier, but one of the best crew men employed by our company, and he and his friends may well feel proud of his splendid record.

Sincerely,  
Redpath-Horner Chautauqua.

By H. G. Hotchkiss, Auditor.
