To the Honorable Board of Supervisors of Holt County, Nebraska.

The undersigned County Judge of said County finds that it will be necessary for him to be absent from the county for a short period and respectfully asks that a suitable person be appointed to perform the duties of County Judge during the time that the undersigned may be absent from the county. On motion the bond of L. C. Chapman as acting County Judge was approved.

On motion all bids for county supplies advertised for under Class "B" of the printed notice of the County Clerk was rejected and the County Clerk instructed to re-advertise for bids for supplies listed under class "B." Bids to be received up to noon the first day of March, 1915.

To the Honorable Board of Supervisors of Holt County, Nebraska.

The undersigned County Judge of said County respectfully represents that the fees of the County Judge's office during the last four years, as shown by the fee books of said office to be increased to the amount of \$860.30 each of year eyars showing a substantial gain in the amount of fees. While this is true, no increase in the allowance of compensation for clerk hire has been allowed.

Our statutes provides that in counties like Holt County that \$800 for clerk hire may be allowed.

The business of the office as shown by fees of same has reached to such proportions as to merit said statutory allowance for there is absolutely no doubt but that the same will be needed for extra help. I therefore respectfully request that \$150 be allowed for extra clerk help which does not exceed the amount allowed by law. Respectfully submitted,

Thomas Carlon, County Judge.

Jay was unconscious for some time, and when he came to himself he started for help but was still so bad off that it was some time before he could find a house and then could not direct people to where the wagon was. A search was made and the wagon and body found.

# MR. DEPOSITOR:

We invite you to Deposit your funds in this bank for the reason that all depositors are protected by the Depositors' Guarantee Fund of the State of Nebraska.

That the Deposits are amply protected in State Banks was exemplified in the failure of the State Savings Bank of Superior, Nebraska, a few months ago. Shortly after the bank closed the depositors were paid in full, together with interest up to the time the bank suspended payment.

At the same time the First National Bank of Superior failed and up to this time the depositors have not received a cent, and prospects of ever receiving a substantial portion of their deposits are not very bright.

The harvest of the farmers and stockmen is now at hand and they will soon be disposing of their products and will want to deposit their surplus funds.

Kindly keep this bank in mind, as this is the only bank in O'Neill operating under the Guarantee Law of the State of Nebraska.
