**THE RICHEST, MOST FERTIL LAND
IN AMERICA**

Where is it? How is it farmed?? What do they grow on it?
The delta or reclaimed lands of the lower Sacramento and San Joaquin rivers sections of California has been pronounced by competent land examiners the most fertile land in our country. It is comparable only to the Valley of the Egyptian Nile or the dyked lands of the Netherlands. We have published a booklet describing the resources of—
San Joaquin County, California

This booklet, containing a fund of information, will be sent free to any address. Better still, enclose ten cents in stamps and we will send this book, a map of California and a sample copy of Sunset Magazine.

SUNSET MAGAZINE SERVICE BUREAU, San Francisco, Cal.
In replying please mention this paper and ask for San Joaquin county book.

A BRONCHIAL COUGH
is wearing and dangerous because the inflamed, mucus-filled tubes interfere with breathing and the fresh air passes through that unhealthy tissue.

Probably no other remedy affords such prompt and permanent relief as **Scott's Emulsion**; it checks the cough, heals the linings of the throat and bronchial tubes and strengthens the lungs to avert tuberculosis. This point cannot be emphasized too strongly—that **Scott's Emulsion** has been suppressing bronchitis for forty years and will help you.

Be careful to avoid substitutes and insist on **SCOTT'S**.

There is quality in advertising as well as "space." Make your advertisements say what you mean and mean what you say. Then have them published, not where you get the most "space" for the money, but where you get a class of readers that look for and read their paper. The Frontier is such a paper.
