**Seigning and Dynamiting Must Cease**  
The Holt County Game and Fish Protective Association are in receipt of a letter from the State Game Warden Rutenbeck in which he promises prompt and hearty co-operation for the members of the local game club in their efforts to stop the seigning and dynamiting of fish in local waters, and the early and unsportsmanlike destruction of prairie chickens and quail. It is said that notwithstanding the warning given by the local association, the seigning gang has purchased new nets and expect to make a big killing of all kinds of fish in the near future. If they persist in their folly the local officers say that they must take the consequences. It is not the desire of the association to punish anybody, but it is well known that seigning and dynamiting fish is a criminal as well as a mean and contemptible act and those who practice it must make their chances with other criminals. A bunch of the outlaws were seen organizing for a raid yesterday. Their names were taken and their actions were watched by members of the local organization, and the evidence gathered will be submitted to the State Game Warden for appropriate action.

**RESOLUTION.**

Mr. Chairman: Whereas, the bridge across the Niobrara river known as the Lynch bridge at a point where the range line between ranges nine (9) and ten (10) in Holt County, Nebraska, intersects said river and said bridge having been built jointly by the counties of Holt and Boyd in the State of Nebraska having been washed out by the recent floods and the public good and convenience of the citizens of both the counties of Holt and Boyd requiring that said bridge be replaced.

And Whereas, it will require a bridge not less than one hundred and seventy-five (175) feet in length to replace the bridge washed out so as aforesaid,

Therefore, be it resolved by the County Board of Supervisors of Holt County, Nebraska, that application be made jointly to the State Board of Irrigation by the County of Holt and the County of Boyd, subscribed by the chairman of each board duly attested by the clerk of each board under Section 2977 of the Revised Statutes of the State of Nebraska, for state aid in the construction of a steel and concrete bridge not less than one hundred and seventy-five (175) feet across said Niobrara river at the point above stated.

That said application shall contain a description of the proposed bridge with a preliminary estimate of the cost of construction thereof and that a certified copy of this resolution be furnished the State Board of Irrigation in connection with said application and be it further resolved that the County of Holt in the State of Nebraska does hereby pledge its faith to furnish jointly with the County of Boyd in the State of Nebraska one-half of the cost of construction of

said bridge and be it further resolved that the State Engineer be requested to examine said bridge site and to prepare a description, plans and specifications of said proposed bridge together with a preliminary estimate of the cost of construction thereof so that the same can be furnished the State Board of Irrigation as required by Statute.

Mr. Chairman: I move the adoption of the foregoing resolution.

H. W. Tomlinson.

Seconded by H. Bausch, the above resolution was put on its passage and unanimously carried.

The resolution was by the chairman declared passed.
