J. C. HORISKEY

District Court.

District court convened in regular  
session in this city last Monday with  
Judge Dickson upon the bench and  
Reporter Scott occupying the reporter's  
chair.

The first case on the docket and  
which was taken up Monday was the  
damage case of Primitivo Melindes  
against M. A. Camery. The case  
grew out of the laying of sewerage in  
Atkinson last summer. Camery was  
the contractor who put in the  
sewerage and Melindes was in his em-  
ploy laying sewer pipe. On the fore-  
noon of July 6 while Melindes was  
laying pipe in a trench about twelve  
feet deep, another of the workmen  
removed a jack that was used to hold  
braces against the bank to prevent a  
cave in, and the ditch caved in bury-  
ing Melindes under several feet of  
dirt. When dug out he was uncon-  
scious and, as the testimony proved  
was unable to work for some time.  
Last fall he brought suit against  
Camery for \$15,000 for the injuries  
received. When the plaintiff had  
rested their side of the case the  
court, on motion of the defendant in-  
structed the jury to bring in a verdict  
for the defendant, on the ground that  
the injury was wholly caused by the  
negligence of a fellow servant. Ed.  
J. Waters of Omaha, of the firm of  
Waters & Hanley, and E. H. Whelan,  
appeared for the plaintiff; while J.  
J. Harrington and Mr. Woodrough,  
of the firm of Gurley, Woodrow & Fitch,  
appeared for the defendant.

The next case taken up was the  
case of the State of Nebraska vs.  
John Latzel and Edward Wainscott.  
This case was called Wednesday  
morning about 11 o'clock, at the con-  
clusion of the damage case, and is  
now on trial. Latzel and Wainright  
were arrested last fall upon complaint  
of Earl Feezer, who alleged that on  
or about November 11, 1914, they did  
take and steal four calves to the value

of over \$100 from him. They have  
been out on bail since they were  
brought in county court on the charge  
last fall.

There are several jury cases on the  
docket and this session of court will  
probably last two more weeks.

Attention.

To the members of Krieger Verein:

There will be an annual meeting on  
the 26th of June, 1915, at 3 o'clock p.  
m. in the room over the Harry G.  
Jordan hardware store in O'Neill, and  
all members are requested to attend  
for the purpose of electing officers for  
the ensuing year and such other busi-  
ness as may properly come before the  
meeting.

JULIUS DUFT,  
Secretary.

Harley-Brown Wedding.

Miss Lena Brown, daughter of Mr.  
and Mrs. Chas. Brown of Chambers,  
and Mr. Casper Harley of Amelia,  
were married at Evangelical Lutheran  
Church at Chambers, Tuesday at 2:30  
p. m. Miss Dora Albers played the  
wedding march.

The bride wore a dress of white  
satin messalin and Oriental lace  
interwoven with silver color thread.  
Her veil was held in place with Lilies  
of the Valley and she carried a bouquet  
of Bride's Roses and Lillies of the  
Valley. Miss Louisa Brown, the  
bride's sister, Alma Ulrich and Lena  
Duft were bridesmaids and were all  
dressed in white net lace over Pink  
messaline. Mr. John Harley, brother  
of groom, Mr. John Brown, brother of  
bride and Mr. Fred Knop were best  
men.

A reception followed the wedding  
ceremony at the home of the bride's  
parents, where one-hundred invited  
guests were present. The young  
people will make their home on the  
Harley ranch on Holt Creek. Mr. and  
Mrs. Harley have many friends in

O'Neill who wish them happiness and  
prosperity.

Weekly Market Report.

South Omaha, June 15.—From the  
Standard Live Stock Com. Co.—Week  
after week for some time we have  
been expecting a light cattle run, but  
they still seem to come as though the  
woods were full of them, and with a  
liberal run again at the beginning of  
this week the market has suffered an-  
other set back of 10 to 15c. Some of  
the commoner and grassy are hard to  
move at an even greater decline than  
above quoted. Good stockers and feed-  
ers are holding firm with both offer-  
ings and demand limited. Common  
kinds are lower.

We quote: Good to choice cornfed  
beeves \$8.25 to \$9, common kinds down  
to \$7.25. Good to choice cows and  
heifers \$6.75 to \$7.75, fair to good  
\$5.75 to \$6.70, canners and cutters \$4  
to \$5.70. Veal calves \$8 to \$10.50.  
Bulls, stags, etc., \$6 to \$7.25. Good to  
choice feeders \$7.50 to \$8, common  
grades down to \$6.25. Stock cows and  
heifers \$5.50 to \$7. Stock calves \$6 to  
\$8.

Hog prices are on the toboggan  
again and are the lowest for some  
time.

Bulk \$7 to \$7.15, top \$7.25.

Sheep and lambs have suffered a  
decline of 50c to \$1.00, but are still  
high.

WAR'S DEMAND ON INDUSTRY

Makes Tremendous Demand On Pro-  
ducing Capacity of a Nation.

From the American Machinist: A  
French engineer reports that he has  
seen car-load after car-load of rifles  
going back from the firing-front in  
France for repairs, and has said that  
it is estimated that every soldier ac-  
tively engaged will require ten rifles a  
year. Of course, many of those re-  
turned are repaired and sent back into  
service. Records from the maneuvers  
of some of our State militia show a  
loss of 10 per cent. of the rifles issued  
during a ten or twelve days' encamp-  
ment. If the loss is as great as this in  
a few days training, what must it be  
in weeks of active fighting?

Turning to shells for the larger guns  
it is said that the French fired one  
hundred and fifty thousand 75-milli-  
meter shells in the Battle of the Marne.  
Their 75-millimeter guns can shoot  
sixteen shells per minute, and there  
are guns which have records of having  
shot 2,000 shells in a single day. At  
the first of this year, the French Gov-  
ernment was just completing its equip-  
ment to produce 200,000 explosive  
shells per day. A plant now under  
construction in Paris is to have a ca-  
pacity of fifteen thousand 75-milli-  
meter shrapnel-shells per day. At the  
rate mentioned, eight of the French  
75-millimeter guns could fire all the  
shells produced by a factory employ-  
ing say 4,000 to 5,000 men.

These figures apply solely to ammu-  
nition and do not hint at the enormous  
supplies of other materials that an  
army needs.

When measured in labor-hours,  
these figures are astounding and beyond  
our mental realization. But they  
do give us a hint as to the tremendous  
strain upon the manufacturing equip-  
ment of the countries now producing  
war-material. They also show the  
sense behind the action of the last  
United States Congress authorizing  
the development by the War Depart-  
ment of a corps of civilian engineers, a  
part of whose duties will be the pro-  
duction of ammunition and war-ma-  
terial, if this country ever faces war.

Agee Items.

Miss Joyce Bressler Sundayed at  
the Rouse Brothers.

Miss Ethel McDonald returned  
home from school Sunday.

Walter Hodgkin called at E. M.  
Beavers' Sunday.

Ralph Bell and Fred Heinifin called  
at Eric Borg's Sunday.

AFTER TWO YEARS

O'Neill Testimony Remains Unshaken.

Time is the best test of truth. Here  
is an O'Neill story that has stood the  
test of time. It is a story with a  
point which will come straight home  
to many of us.

H. J. Zimmerman, merchant, O'Neill,  
says: "My back ached constantly. I  
had to pass the kidney secretions too  
often and the passages were attended  
by a scalding sensation. Dizzy spells  
and pains in my head also caused me  
much misery. The first box of Doan's  
Kidney Pills, procured at Pixley &  
Handley's Drug Store, helped me and  
four boxes rid me of kidney com-  
plaint."

OVER TWO YEARS LATER Mr.  
Zimmerman said: "Doan's Kidney  
Pills have merited all the praise I  
have given them. My kidney's  
haven't bothered me since I used  
them."

Price 50c, at all dealers. Don't  
simply ask for a kidney remedy—get  
Doan's Kidney Pills—the same that  
Mr. Zimmerman has twice recom-  
mended. Foster-Milburn Co., Props.,  
Buffalo, N. Y.

O. F. BIGLIN

A. Clenenger and family, H. Henifin  
and family were callers at A. G.  
Johnson's Sunday.

Mrs. Dude Harrison and daughters  
called at O. Harrison's Sunday.

Francis Martin came home from  
O'Neill Saturday to spend Sunday  
with his parents.

The ball game held at Eric Borg's  
Sunday was attended by a large  
crowd.

Samuel Beaver called at Flannig-  
an's Sunday.

A. G. Johnson called at O. Harri-  
son's Sunday evening.

School District No. 16 are going to  
purchase new seats and stove.

Marguerite Beaver spent Tuesday  
afternoon at McDonald's.

A large crowd attended the ladies'  
aid held at Mrs. Borg's Wednesday  
afternoon.

O'NEILL PEOPLE HELPED

O'Neill people have discovered that  
ONE SPOONFUL of simple buck-  
thorn bark, glycerine, etc., as mixed  
in Adler-i-ka, relieves sour stomach,  
gas and constipation AT ONCE.  
This remedy is well known as the ap-  
pendicitis preventative. Gilligan &  
Stout, druggists. E5.

Queer Quirks of News.

Kenosha, Okla.—As Edna Engle,  
seventeen years old, returned to her  
home from her work, she was

frightened by a rat. Screaming she  
ran into a nearby field, where she fell  
into a faint. Several hours later she  
was dead.

Pomeroy, O.—An Athens, O., man,  
weary of the dryness of his town, took  
a trip to Gloucester where he proceed-  
ed to slack his thirst not wisely but  
too well. In his room in the hotel, he  
removed his clothing and went to  
sleep on the floor. He awoke to find  
himself glued to the fresh varnish  
with which the floor had been covered.  
A physician was called, but it was  
necessary to give the man chloroform  
before he could be freed. He return-  
ed home minus two large slabs of  
skin and a wad of back hair.

Willows, Cal.—Cashier John Hain-  
line of the National bank of Willows,  
looked up from his work recently to  
see a large black bear entering the  
bank. Hainline retreated to the  
vault and locked himself in. His as-  
sistant was not as quick, and the bear  
broke three of his ribs with a welcom-  
ing hug. The city marshall killed the  
bear in time to save the assistant's  
life.

Horsehead, N. Y.—A horse said to  
be fifty-three years old is the prop-  
erty of P. A. McIntosh here. McIn-  
tosh proves the animal's age by a  
brand on the horse's hip which reads  
"I. C. 1865."
