At the safety exposition here in New York recently, Dr. Frederick Fabst demonstrated how to make fireproof clothing. He poured from one pound to a gallon of cold water in a solution of ammonium phosphate. Then he took an eight-inch strip of ordinary cotton gauze and dipped it in the ammonium phosphate solution. He dried it with an electric fan and held it in a flame for 30 seconds, but it did not burn. He took another strip of gauze that had not been treated with the solution, and on igniting it it burned in four seconds. He advised that the whole family wearing should be made fireproof. The expense for an average size family would be about 15 cents a week.

The banner cotton county in respect to number of bales produced in Ellis county, Texas, in which the earnings from the growth of 1914 amounted to 143,714 bales—approximately 75 per cent more than the entire crop of Missouri or Florida, about three times that of California and nearly six times that of Virginia. The area of Ellis county is 375 square miles, and its population is about 55,000.

Lorenzo E. Baer, a milkman of Rollinsford, N. H., is the owner of the smallest heifer calf ever seen in that part of the country. The calf at the present time is seven months old and weighs about 55 pounds, but perfectly formed and as healthy as any of the cattle on his farm. She is so small that she once walked out of the pasture, under the bottom board of the fence, so that a special fence had to be made.

Fuller's earth is used principally in bleaching, clarifying, or filtering fats, greases, and oils; it is not now much employed for fulling cloth, the use from which it obtained its name. It is also used in the manufacture of papers, for printing wall papers, for the detection of certain coloring matter in some food products, and as a substitute for talcum powder.

Some scientists are now insisting that plants have memories that they are capable of love and are also capable of hating intensely. The so-called blue rocket emits a perfume which is one of the most deadly poisons, but it often shows fear, we are told. The deadly nightshade, in addition to its extremely poisonous quality, is described as full of hatred.

The motion picture ribbon is the only unit that is standard in every country, according to a statement made recently by the University club in Washington by Dr. E. B. Farnham. He pointed out that railway gauges, for example, vary in different countries; that units of value, volume, length, weight all differ, "but the motion picture film is the same the world over."

A manual of the flora of Washington, D. C., and vicinity is being prepared by a number of Washington botanists, under the direction of Messrs. Hitchcock and Coville, of the United States department of agriculture. It is expected that the preliminary edition, to include the flowering plants and ferns, will be published in the spring of 1916, and it is hoped that later editions will include all cryptogams.

Ceylon, according to the last census, has a population of 4,110,000, the chief elements numerically being the Singhalese. The area is 25,000 square miles. The principal exports are tea, coffee, cinchona, rubber, cocoa, yam, cardamom, ebony and the products of the coconut palm. A large source of wealth is also found in precious stones and pearl fisheries.

The meat ration of the British and the German soldiers is about 1 1/4 pounds a day; that of the French soldier only one-half pound. * But the French soldier has nearly twice as much bread as the Englishman and about 10 ounces more than the German.

The University of Pennsylvania American expedition has made another journey into the unknown, and is now exploring the frontier regions of Brazil, Peru and Bolivia. The expedition expects to spend six months in that region and to return to civilization at Para.

The world's greatest bells include the king of bells, Moscow, weight 443,782 pounds; St. Ivan's, Moscow, 127,000; Peking, 120,000; Vienna, 40,200; St. Paul's, London, 38,470; "Big Ben," Westminster, 30,354; Montreal, 28,500, and St. Peter's, Rome, 18,600.

The expression, "Mind your P's and Q's," is generally believed to have arisen from the former barroom usage of scoring up against customers the amount of beer for which they had been trusted—P standing for pint, and Q for quart.

A St. Croix river serves as an important boundary in two places in the United States. It is between northern Maine and New Brunswick, the other over a distance of several hundred miles between Minnesota and Wisconsin.

The Brooklyn Rapid Transit company has placed an order for \$1,413,000 automatic cab signal and speed control system. Its installation on the big subway will mark the first application of such an arrangement to any subway in the world.

More than four tons of carp were seized from the lake in a single day recently near Dunkirk, N. Y. The fish came close to the shore during the warm weather. Most of them are sold in New York city for canning purposes.

When crossing rivers, the Cossacks, to avoid getting wet, throw the left stirrup leather across the saddle and the right stirrup leather in the opposite direction. Then, placing their feet in the reversed stirrups, they stand upright.

To make his descendants millionaires, a Topeka, Kan., man has left \$300,000 to increase until 21 years after the death of the longest lived of his children, when the fortune is to be distributed among his grandchildren.

Building Inspector C. C. Knox, of Youngstown, Ohio, says that great precautions should be taken in the construction of chimneys, as he contends that 25 per cent of all fires in the city are caused by defective chimneys.

A new use for the automobile has been developed. A Paterson, N. J., man had his car cut off by the running board and doctors say that a surgical operation could have been no nearer.

During the war members of the English Royal Flying corps have flown a distance approximately equal to four times around the world.

WIFE OF FARMER IN FAIRBURY VICINITY TAKES CREOSOTE DIP

Ill Health Ascribed as Cause For Suicide—Family Is Prominent.

Fairbury, Neb., Aug. 23.—Mrs. Tuma, wife of Albert Tuma, a wealthy farmer, living 14 miles southwest of Fairbury, committed suicide yesterday by drinking creosote dip.

Mr. Tuma and the several children had attended a picnic and returned at noon to find her lying in the yard writhing in pain. The family are old settlers.

Mrs. Tuma was 50 years old, and the mother of eight children, most of whom are grown up, married and living on Tuma farms around Thompson, Neb.

No motive is known, but ill health is ascribed as the reason for the suicide.

RARE FOSSIL FOUND IN EXCAVATION AT AINSWORTH

Ainsworth, Neb., Aug. 23.—Another specimen of oxydactylus, one of the great prehistoric camels that roamed over the middle west millions of years ago has just been discovered by Prof. A. C. Whitford, of the university museum, in Murphy canyon near Ainsworth. This is the third known specimen of this strange, humped camel of bygone ages; one specimen is in Carnegie museum and the other is in the private museum on the Cook ranch in Sioux county. This particular skeleton is probably an entirely new species of oxydactylus, and those who have viewed part of the bones in the museum laboratory believe that it will prove one of the paleontologic finds of the year.

This particular set of bones was found in the lower Pleistocene strata. One of the most interesting things in connection with the discovery is the fact that this particular camel has left no descendants in the world. This camel had no humps and to some extent resembled the living family. It was an ancestor of the giraffe camel, which died off in past ages and is today unknown except through what few bones have been found.

CARRIES BURNING GASOLINE AND SERIOUSLY INJURED

Beatrice, Neb., Aug. 23.—Thomas Sargent, an old resident of Cortland, was badly injured at that place yesterday morning while carrying a flaming gasoline can from the Nebraska elevator, where he is employed. The gasoline engine furnishing the power for the elevator was out of repair and was being started by Charles A. Moore, the manager, when it backfired, igniting a can of gasoline nearby.

Mr. Sargent volunteered to carry the can from the building, and stumbled and fell when outside, the burning gasoline was splashing on his face and hands and burning his hair below the knees. He was taken to his home and his injuries were attended to. Whether he inhaled flames is not known, and the extent of his injuries cannot be stated at this time. He is 60 years of age.

ONE COUNTY LEFT OUT IN JUDICIAL APPOINTMENT

Lincoln, Neb., Aug. 23.—Arthur county was left out when the last legislature passed the judicial appointment bill and the omission is causing trouble. T. F. Barnes, a lawyer of Holdrege, called at the office of the attorney general to report that he had a lawsuit pending in Arthur county, but Judge Grimes, of the Thirteenth district had expressed doubts as to his jurisdiction because that county was left out of the list comprising the district. The appointment bill as it passed the legislature intended to transfer Cumling and Stanton counties from the Eighth to the Ninth district and give the Ninth one additional judge. No changes were intended in any other judicial district, but by mistake Arthur county was omitted from the Thirteenth district. Deputy Attorney General Ayers is of the opinion that Arthur county remains legally a part of that district in spite of the unintentional omission.

NEBRASKA DEMOCRATS TO STAGE HARMONY SHOW

Lincoln, Neb., Aug. 23.—With a view of creating a harmony demonstration on Woodrow Wilson day at the state fair, September 8, democratic leaders arranged for the meeting. The committee which met was composed of Auditor Smith, Food Commissioner Hamann, Insurance Commissioner Eastham, Col. John K. Maher and E. B. Gaddis. Governor Dunne, of Illinois, and Senator Gore, of Oklahoma, will speak. Ex-Governor Slayton has been invited to be present. Governor Morehead will preside. It was announced that Senator Hitchcock and W. J. Bryan will sit on the stage in full view of the audience and remain silent. Bryan is scheduled to speak in the evening.

A lack of harmony was indicated through closed doors, when loud voices were heard, apparently in hot dispute. It was said that a dispute arose as to whether "Brother Charley" and Col. John G. Maher should shake hands at the meeting and bury the hatchet. Another objection was that the dispute was over which of the chosen few should meet the distinguished speakers at the train.

LONDON FIRM SUES FOR FAILURE TO DELIVER FLOUR

Omaha, Neb., Aug. 23.—A suit has been brought in the district court by T. S. Medill & Sons, Limited, of London, England, against the Updike Milling company, asking damages to the extent of \$18,617 because of an alleged failure on the part of the Updike company to deliver a series of large flour orders which were contracted for last July. Out of 8,000 bags, each weighing 140 pounds, which were ordered, it is alleged, there has been no shipment except one of 500 bags. This order was to have been filled at the rate of 1,000 bags a month, commencing with last August. The price made was \$2.07 a bag, delivered at London.

BODY OF CHILD FOUND FLOATING IN MISSOURI RIVER

Falls, Neb., Aug. 21.—The body of a child 6 or 8 years of age, berefted and dressed in a light colored romper suit, was found floating down the Missouri river near the landing on the Collier farm about 15 miles northeast of Falls City.

Officers are of the opinion that the body had been in the water eight or 10 days. There were no marks upon it to assist in identification.

LINCOLN.—When the attention of City Commissioner Wright was called to the gum slot machines hanging on telephone poles he promptly ordered Chief of Police Antles to see that they were taken down. Chief Antles has notified the owners of the gum slot machines to take them down. If they do not act the chief will have his cops remove them and bring them to the

ABOUT 400 DELEGATES AT NEBRASKA LUTHERAN SYNOD

Deshler, Neb., Aug. 21.—The opening services of the National Lutheran Synod district of the Lutheran-Missouri synod was held here recently.

Four hundred delegates, pastors and teachers, representing 3,000 communicant members in this state, are in attendance. The dedication sermon was preached by Rev. P. Brandt, of Pittsburgh, Pa., general vice president of the Missouri synod.

INJURED "HARVEST HAND" LAYS BY TRACK ALL NIGHT

Bancroft, Neb., Aug. 21.—Peter C. Hoyt, of Randolph, N. Y., aged 26, met with a severe accident Wednesday night when he fell from a moving freight train, about a mile south of the railroad station. He was returning from the harvest fields of South Dakota and was on his way to Omaha, from where he intended to return home.

Hoyt's left leg was severed below the knee and his right foot badly mangled.

The accident happened about 11 o'clock, but he was not found until yesterday morning, when he was hurried to town and medical attention given him. He was taken to an Omaha hospital.

MAKING MOVIE SCENES IN AND NEAR CHADRON

Chadron, Neb., Aug. 21.—The new moving picture company that has been organized in Chadron, Neb., has finally come out that the subject of the present picture is "Wild Bill" Hickok and the old scouts and early pioneers who remember the many incidents of the early day, and they are assisting in the planning of this feature. It is the intention of the company to make pictures of the Indians in and near the Fort Robinson military reservation, and this week they are working in the hills to the south of Chadron, where they finally come out that the subject of the present picture is "Wild Bill" Hickok and the old scouts and early pioneers who remember the many incidents of the early day, and they are assisting in the planning of this feature.
