Prepare for Cold Weather

We are headquarters for the celebrated **Buck's and Cole's Base Burners and Hot Blast Heaters. No better Stoves made. If you are in the market for a Stove be sure and see our stock before you buy.**

Points of Merit in "Buck's" Base Burners

A non-competitive heating machine that is the most beautiful, best mounted, easiest controlled Base Burner in the world.

It is a specialty, because it has a **double base**; it is **two stoves in one**; a first-class Base Burner multiplied by **two**.

On account of the Double Base it has a hot air circulating flue system **twice** the size of any other Base Burner.

The double base and double size hot air circulating flue system produces the largest radiating surface ever put into any Base Burner.

This causes it to deliver **double** the heat with a given amount of fuel, or as much heat with half the fuel.

Features Which Are Found In All "Buck's" Base Burners—

Largest amount of direct radiating surface ever put into a stove of equal size.

All heat makes complete circuit of base, heating all corners equally.

Circle flue forces heat to all sides and corners of base flues.

Magazine has locked joints—prevents leakage of gas.

Fire pot almost as wide at bottom as at top giving large fire surface on grate.

Automatic cover under swing top fitted gas-tight.

Revolving fire pot allows for equal wear.

Extra long teeth on fire pot admit air freely and aid combustion.

Anti-clinker grate, with hollow duplex center, removes dead ashes.

Beveled shaking ring forces all ashes to duplex center.

All nickel parts ventilated, which prevents tarnishing.

Fire pot and ring can be removed in five minutes in the parlor.

Removable grates and grate frame.

Body construction such that all inside plates can be replaced without dismounting stove.

Clean-out for base flues, in front, for convenience.

All sizes made with extra large tea kettle attachment.

Symmetrical in appearance, elegant in design, finish and ornamentation.

Fairly sparkles with highly polished silver finish nickel.

No handsomer heater ever adorned a home.

Made in one grade only, and that the best.

Produces more heat for less money than any other stove in the world.

Wallachian Embroidery.
Center Piece—First, Gladys B. Miles; Second, Mrs. A. F. Sauser.
Tray Cloth—First, Mrs. J. S. Jackson.
