J. C. Murphy Wins The Maxwell.

J. C. Murphy is the proud possessor of the Maxwell given away in The Frontier subscription contest, having a clear lead over his nearest competitor, Viola Morgan, of over 1,000,000 votes. Joe received the car this morning and has been driving it around the city today getting next to the tricks of the automobile and trying out its speed.

Viola Morgan was second in the contest and received a victrola which was delivered to her this morning. Miss Melvina Simmons was the winner of the third prize, a davenport. The fourth prize, a chest of silver was won by J. H. Hanley. The fifth prize, a rug, was won by Homer Mullen and the sixth prize, a gold watch, by Miss Myrtle Hoxie.

Following is the standing of the candidates as announced by the judges at the completion of the count Wednesday night:

J. C. Murphy 2,329,400
Viola Morgan 1,011,500
Melvina Simmons 699,250
John Hanley 541,400
Homer Mullen 354,250
Myrtle Hoxie 351,000

As a subscription booster the contest was a success, as we put on over 400 new subscribers during the past two months, since the contest started. The Frontier has always lead all papers in the county in its circulation and at the present time has a greater list of readers than at any other time since its establishment, and will therefore be of greater benefit to the advertiser as it reaches all parts of the county and in some sections visits about every home. If you have any message to give to the people of Holt county you can be assured that it will have greater publicity in the columns of The Frontier than in any other medium in this section of the state.

Edward Walsh, state manager of the Woodmen of the World, is in the city today getting acquainted with the members of the order in this city. The Woodmen of the World is one of the greatest fraternal orders in existence and is a Nebraska institution. In the damage case of Eli Hershiser against the Burlington railroad company, in which he asks for \$60,000 damages for injuries alleged to have been received while on a train on said company's road, the company filed a motion asking that the case be transferred to the Federal court. The motion to transfer was denied by Judge Dickson last Monday, and the case will probably come up for trial at the next term of district court here.

Judge Dickson went over to Butte Wednesday, accompanied by Sheriff Grady, where he held a special term of court and sentenced Lee Strekes, an Indian, to an indeterminate sentence of from one to ten years in the penitentiary for burglary. With two cases of typhoid fever in town it is advisable for the citizens of this city to observe the warning issued by The Frontier some three months ago, when it reported that after an analysis of the city water it was declared to be suspicious, and our citizens were urged to boil the water before

using. Now that there are two cases of typhoid fever here our citizens should take every means to curb the spread of the disease and one of the most effective means of doing so is to boil the water before using.

The Boston Americans are the champions of the world, defeating the Philadelphia Nationals in four out of five games of the series. The games, as a whole, were among the best ever played in the big series, and except the last game were notable for the lack of hits on both sides. Alexander, the main stay of the Philadelphia team was the only pitcher to win a game from Boston, he having won the first game played last Friday. In his second start, last Monday, he was defeated, all the breaks of the game going against him. Wednesday's game was the most exciting one of the series. Philadelphia got the jump on their opponents by getting two runs across in the first inning, but Boston got one in the second and one in the third and tied it up. Philadelphia again took the lead by getting two runs in the fourth, one a home run. They held this lead up to the eighth inning when Boston tied the game up with two scores. In the ninth Hooper put one over the fence for a home run and Philadelphia was retired in order and Boston for the second time in four years is the champion ball team of the United States.

Best Supplements to Corn.

The most suitable supplementary feed to corn for fattening hogs seems to depend on several variable factors. Oil meal, cold pressed cottonseed cake, and tankage rank close together in the profits secured in nearly all tests. In some tests these by-products give faster gains and more profit than corn and alfalfa, and in other tests the reverse is true. The physical condition of the hogs as influenced by weather and other factors seems to determine whether alfalfa hay or such a by-product as those just mentioned is the most profitable to feed with corn for fattening hogs.—North Platte Experimental Substation.

Death of John Kane.

John Kane, for many years policeman in this city, died suddenly last Friday morning of heart failure. The remains were taken to Wisner, Neb., Sunday afternoon and interred in the cemetery there, that city having been the home of the family for many years.

Deceased was born in Scranton, Pa., in 1855, and was sixty years of age at the time of his death. His youth and young manhood was spent in the city of his birth and he was married there in September, 1877, to Cecelia Ann Boyle who with eight children are left to mourn the death of a kind and loving husband and father.

He had always been imbued with a longing for the west and the year after his marriage he moved to Nebraska and located at Wisner, where he remained until 1888 when he moved to Cornlea, Neb., where he resided until he moved to this city in the spring of 1903, where he resided up to the time of his death.

The year after his arrival here he was appointed to the police force and held that position continuously until last spring and was a good and efficient officer and a terror to evil doers. Weary Willies learned to give O'Neill a wide berth and if they persisted in visiting the city and did not vacate the city upon orders "Jack" threw them in and when they were released they were very anxious to seek other fields, where the officers were not so strict.

Mr. Kane was the father of nine children, all of whom are living with the exception of one daughter, Cecelia, who died at Wisner in 1888, at the age of four years. The children are: Mrs. Frank Leahy, Winner, S. D., T. P. Kane, Linwood, Neb., John Kane, Eagle Grove, Iowa, J. P. Kane, Cedar Rapids, Neb., Mrs. Clarence Parker, Omaha, Martin, Gene and Mildred of this city.

Deceased was a member of the Knights of Columbus of this city and a delegation of the local council accompanied the remains to their final resting place in the cemetery at Wisner.
