The assistant state engineer is at the old Parshall crossing on the Niobrara river, south of Butte, this week surveying for the state aid bridge that is to be built across the Niobrara river at that point, by the counties of Boyd and Holt and the state. After the survey is made plans will be drawn, bids will be asked for and the contract let and it is expected that work on the structure will commence as soon as spring opens up.

Well, we finally got the fever or the bug, golf bug. Last Sunday morning Dennis Criss and Jim Brown coaxed us to go out on the links and try our luck shooting at the little ball. Brown hustled us a couple of left handed clubs and we went out and we have been hardly able to do any work since as we want to be out on the links all the time. There is a certain fascina-tion about the game that about every one that tries it once becomes an ar-dent golfer. The first time we went around we managed to make it in 85 and the sixth time in sixty-three, so they say we are learning the game.

We will not be satisfied now until we get good enough to trim John Weekes, Jim O'Donnell, Parnell Golden, Hugh Boyle and a few of the other crack members of the local club.

Ten young men, residents of At-kinson and vicinity, many of whom were enumerated in the complaint as Richard Doe et. al, were arrested last week on complaint of Nancy Deeder and hauled before the county court. They are charged in the complaint, with having maliciously and unlaw-fully injured and defaced a dwelling house, the property of the complain-ant, to the amount of \$25. The com-plaint further alleged that they broke a window screen and placed a dead decomposed chicken between the torn screen and the window pane. Eight of the defendants appeared in county court and gave bonds in the sum of \$100 each to appear in court next Friday when the case will be tried. From what we can learn of the case a son of the complainant in the action was married about a month ago and the young men who were arrested were members of a serenading party on the evening when the alleged offenses were committed.

JORDAN'S STORE NEWS.

And now what is bothering us is the New Oakland Six at \$785.00. Say boys, there isn't words in the English language to express the power that this car has. The nearest that I can come to it is, that every one of those six little valves in the head of cylinders has a kick like that of the famous Mule Maud. We have one of these cars on hand now. Come around and get a demonstration and you will be just as enthused as I am.

Say, we have sewing machine needles for every sew-ing machine made.

Some of you ladies have been wanting a cedar oil mop. We now have them for 35 cents.

Suspension of Weekly Weather Forecast.

The weekly weather forecast of October 26, 1915, will be the last regular weekly weather forecast issued until the beginning of the crop season in the spring of 1916. As conditions may warrant and occasions require during this interval forecasts in extension of the regular period may be issued and furnished to the press.

Card of Thanks.

We wish to express our earnest appreciation for the kind acts and true friendship tendered us during the illness and death of our husband and son, father and brother.
Mrs. Cecelia Kane and family.

Evans-Smith.

James S. Evans and Miss Martha Smith, both of this city, were united in marriage at Sioux City, Iowa, last Tuesday, according to announcements received in this city by the many friends of the young people.

The groom is an employee of the McGinnis Creamery Company and has been a resident of this city for the past two years. He is a young man of integrity and good business ability and has a host of friends in this city.

The bride is the daughter of Mrs. Mary Smith and has been a resident of this city for years. For the past five years she has been one of the efficient recorders in the office of the county clerk and has a host of friends in O'Neill and vicinity, who will wish for her and the man of her choice many years of happiness and bliss.

After an extended wedding trip the young couple will make their home in this city.
