### JORDAN'S STORE NEWS.

We intend to make 1916 the biggest bargain year yet. We will have 366 bargain days instead of 365 as has been the case the last year. We are going to turn over a new leaf the First of January, that is, we are going to sell goods cheaper the coming year than we have the past. Everything in our line is advancing fast, but we have contracted for our goods ahead and will be able to buy them at the same price paid last year.

Some of my friends say I am a crook and a skinner. I will own up to one thing—that I am going to skin the stuffin' out of these high prices and if a man is crooked—that don't try to hold up the people—why of course then, I am crooked.

WHO?

JORDAN

Of Course.
