Rather than be captured, twenty-seven men of the crew of a German submarine trapped in the English Channel off the Isle of Wight killed themselves, according to Dr. M. S. Inglis, a Canadian army surgeon, who arrived in New York Thursday. He said each of the sailors was found to have a bullet wound in the head. Dr. Inglis said he was in Dover when four German submarines were brought in. With a British naval officer he went down into one in which the crew were shot. The periscope of the craft had been broken off by a chain drag of British patrol boats. Dr. Inglis said a British naval officer told him that fifty-nine German submarines had either been captured or sunk.

Each day of the last month 1000 men have enlisted in Canada for service over-seas. Trained men are being sent across the Atlantic at the rate of almost 500 a day. The number of officers and sergeant instructors is increasing rapidly through training in Canada and the return of disabled men from the front. Military camps will be opened in each province as soon as the weather permits.

Aniceto Pizana, alleged leader of the "Texas revolution," who is declared to have been responsible for the border trouble last summer and fall, was captured late Thursday afternoon and brought to Matamoros, Mexico, opposite Brownville, Tex., for imprisonment, according to an official report today to Col. A. P. Blocksom, commanding the United States border patrol. With Pizana were captured four other alleged Mexican bandits. All are being held incommunicado in the Matamoros Jail.

William Lorimer, former United States senator from Illinois, was in the field in Chicago Friday for the congressional nomination in the district he formerly represented in Congress. His friends are circulating a petition to place his name on the republican ticket at the April primaries.

An autopsy was performed Thursday night at Chicago by the coroner's physician on the body of Miss Marion Frances Lambert, the 18-year-old high school student which was found in a wooded section of Lake Forest, Ill., and enough poison was found in the girl's stomach to have caused death. Detectives today continued their efforts to find the man who accompanied Miss Lambert into the woods. His foot prints were found paralleling hers to the spot where the body was found. From there the tracks led to the tracks of the Chicago and Northwestern Railroad, where the trail was lost.

Meek and Blackbird Items.

The social held at the Meek school house last Saturday evening was largely attended and a good time was reported by all. The proceeds of the social will go to help defray the expense of the new piano, which was installed in the school house.

As Blake Benson failed to make his appearance at the social last Saturday evening, it must be that one, or both, of his cars are out of commission.

COMFORTING WORDS.

Many An O'Neill Household Will Find Them So.

To have the pains and aches of a bad back removed—to be entirely free from annoying, dangerous urinary disorders, is enough to make any kidney sufferer grateful. The following advice of one who has suffered will prove comforting words to hundreds of O'Neill readers.

J. J. Lingel, farmer, Page, Neb., says: "I had a lot of trouble from backache and an almost constant soreness just over my kidneys. If I took cold, the pain got very severe and left me so lame for a few days that I couldn't work. I tried several medicines but with no benefit. Finally, I used Doan's Kidney Pills and they cured me.

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that cured Mr. Lingel. Foster-Milburn Co., Props., Buffalo, N. Y.
