JOHN BRENNAN

Wants to See You

CREDIT STORES NOW USE THE WHIP.

All over the country the credit stores see that by using the promise of credit for a whip they can drive the people to trade with them regardless of the price they charge for goods. They have called off the sales and shoved the prices higher than ever. They are going to make every one pay for the credit whether they get it or not. One store charged a fellow \$1.00 a bushel for potatoes. He told the store-keeper that John Brennan had good potatoes for 75c. He says: "Oh! but he won't trust anybody."

What did the fellow care—he never bought on time anyway.

There are people in and around O'Neill who wouldn't take credit if you gave it to them. They have always paid spot cash. And there is no question about it, they are entitled to a big discount.

THIRTY DAYS IS NOT CASH IT NEVER WAS

This store is for those people who pay spot cash.

I have a higher grade of goods than is carried in most credit stores and I have lower prices.

Cash customers, as a rule, are the ones who want some thing a little better and they get it by trading here. Anyone who has bought flour before from me, if they like it can now get a good price on 500 pounds. Those who have not bought flour from me before will do just as well to buy it somewhere else.

You know what I did to the credit stores on the groceries—the meat—the oil—the overalls—the workshirts—the gloves—the candy—the flour—the automobile tires—the tanks—the soap—the fruit—the candy and a hundred other things—the shoes was the worst. And I haven't started yet.

Don't get this store mixed with the so called cash stores. This is the only absolutely cash store in O'Neill or Holt county that I know of.

Cash Does It Not Thirty Days
