POLITICAL ANNOUNCEMENTS.

For County Superintendent.

I hereby announce myself as a candidate for the office of County Superintendent of Public Instruction on the Republican ticket, subject to the approval of the voters at the primaries April 18, 1916.

I was born and raised in Holt County. My qualifications are such as to enable me to fill the requirements of the office, having graduated from the University of Nebraska some three years ago and since that time have been a member of the faculty of the Atkinson Public Schools.

Your support at the primaries is respectfully solicited and will be fully appreciated.

OLIVIA Z. STURDEVANT, A. B.

For County Attorney.

I hereby announce myself as a candidate for the nomination for County Attorney on the Democratic and People's Independent tickets subject to the will of the voters of Holt County at the primaries on April 18, 1916.

I was raised in Holt County and am a graduate of the O'Neill High School. In the year 1912 I completed the law course at the Creighton College of Law in Omaha, Nebraska, and since that time have been engaged in the practice of law in O'Neill.

Your support is solicited and will be greatly appreciated.

F. M. WARD.

County Attorney.

I hereby announce my candidacy for the nomination for county attorney of Holt County, subject to the approval of the republican electors at the primary election on April 18, 1916.

I was born in Holt county and have been a resident of the county ever since. If nominated and elected I promise the people of Holt county a non-partisan and business like administration of the affairs of the county.

Your support respectfully solicited.
LAWRENCE CHAPMAN.

B. T. Winchell of Chambers has filed for the democratic nomination for county assessor. Mr. Winchell is one of the old-time farmers of the south country and has been quite prominent in public affairs for several years.

Bryon Mossman of Inman township has filed for the republican nomination for county assessor. Mr. Mossman is one of the old-time settlers of Inman township and is a man that is particularly well qualified for the position of county assessor.

Ed. Harding, one of the pioneer settlers of Rock Falls township, has filed for the republican nomination for county assessor, subject to the approval of the republican electors at the primary next April. Mr. Harding is well qualified for the position for which he aspires.

Joseph Schollmeyer has filed as a candidate for the democratic nomination for supervisor from the Second district, now represented by H. W. Tomlinson. This makes the third candidate for the nomination in this district, the other candidate being T. S. Roche of Iowa township and H. W. Tomlinson.

C. J. Malone has filed as a non-partisan candidate for county judge, his filing being completed the first of the week. Judge Carlon has also filed for re-election and, as there will probably be no other candidates, the scrap for the position will be between these two candidates at the general election next November.

Peter Duffey of Atkinson has filed for the democratic nomination for sheriff. Peter is one of the old timers of the county, having been a resident of Saratoga township for a number of years until he disposed of his holdings there and moved to Atkinson some five years ago. This is his first entry into the political game and he is going up against a strong candidate, when he contests for the election with Sheriff Grady, who has filed for re-election.

S. A. Hickman, of Green Valley, formerly chairman of the county board,

Catalogue houses—Peddlers cannot deliver the goods on this margin. Secret Service Agents can catch mail order managers who take your money without shipping the goods but they cannot return your money. Never send money till you get the goods.

Don't buy a pig in a sack.

What are you going to do this election. Are you going to stay in the fields and work. Don't Do It. Get all the voters who will stick and vote solid for men who will do something for this County when they get into office. Men who will stick up for the County's interests even if they loose out by doing so.

Candidates will tell you how much they did for the County and how much they do for the town but when they go home at night they pull out Sear and Rotstock's catalogue and send away the money the people of this county paid in. Those men we don't want. They are not for the good of the county or the town. They are for their own good and they will not be good officers.

They don't care for the county and they don't care for the town. They don't care what happens so they get an easy job. These stores in the little towns in this county are doing the best they can. They deserve the business on what they sell.

Did the catalogue houses ever give one of your relatives a job. Did they ever give a nickel to a church. Did they ever give a penny to the poor. Did they ever attend a funeral or help you when you were in trouble?

When the fire bell rings do Sears and Roebuck grab the Hook and Ladder. Well, if they do then vote for the men who support them by sending Holt county money. If not, crack it to them.

Cash Does It

has filed for the democratic nomination for supervisor from the Sixth district, formerly represented by him and now represented by J. O. Hubbell. Sam has an extended acquaintance over the district and there promises to be a pretty scrap between him and Supervisor Hubbell, should they be the nominees of their respective parties, at the general election.

Aldrich Well Qualified.

In presenting his candidacy for United States Senator Ex-Governor Aldrich has a substantial record of accomplishments to urge in showing his qualifications. And that these accomplishments are real qualifications is known to every student of Nebraska history because the matters with which Aldrich has been connected have been directly and substantially beneficial to the people of his state.

Take his freight rate law for instance. You can't very well argue with a shipper in car load lots of such commodities as hogs, cattle, sheep, horses, coal, lumber, etc.; that Aldrich's law reducing rates on the things just mentioned 15 per cent has not been a substantial benefit to them? It is quite natural for the shippers of Nebraska to say that a man who could accomplish this alone is big enough and able enough to represent them at Washington.

The man who remembers that Mr. Aldrich was active in the passage of a law that saves him a dollar every time he travels a hundred miles on the train is pretty apt to think the Ex-Governor has some qualifications for this position.

When Governor Aldrich appeared before the Conference of Governors in New Jersey back in 1911 and aroused them to the danger of having all passenger and freight rate laws in the West annulled by judicial interpretation of the U. S. Federal courts he disclosed at that time his ability to become a leader even in a body composed of such distinguished men as Governor Wilson, Governor, now Senator Hoke Smith of Georgia, Judson Harmon, Attorney General of the U. S. in the Cleveland Administration, Herbert S. Hadley, Governor of Missouri, Governor Hawley of Idaho law partner of Senator Borah, and many others.

No, the man who says Aldrich is not qualified, ably qualified for this position, is not stating a fact. He is giving a prejudiced opinion. The governor has the record to back him up.

Harding States His Position.

In filing for the nomination of County Assessor I am aware of the movement to discontinue the office of county assessor. If it becomes clear to me that the office is an unnecessary expense to this county I shall vote to discontinue it as I do not desire to foster myself like a leach on the county pay roll for any personal

reasons. It is a question of interest to every tax payer in the county and it is for them to say whether they wish to go back to the old system when it is piled up in the county clerks office more or less indiscriminately with the added force he must hire to handle it. The assessment of this county is not the simple matter it was twelve years ago when this county changed to the new system.

Yours truly,
L. E. HARDING.

Mrs. Naomi Ellis.

Page Reporter: Naomi Hall was born in Knox county, Ohio, January 10, 1832, and died at Page, Nebraska, February 21, 1916, aged 84 years, 1 month and 11 days. In 1852 she came with her brothers and sisters to Iowa, where in 1867 she was married to Sidney Ellis, who preceded her to the great beyond 29 years ago.

She united with the Church of Christ in her youth. Her brothers and sisters have all passed over and of the immediate family she leaves to mourn her loss a son, W. A. Ellis of Dorsey, and a daughter, Mrs. Eunice Harris of Page, besides eight grandchildren and numerous friends.

Rev. Jones conducted the service in Page, and Rev. Meyers conducted the service at the home of her son. Burial was beside her husband in the Star cemetery.

Whiting Bridge Intact.

Spencer Advocate: The report became current the first of the week that the approach to the Whiting bridge had been taken out by high water. Investigation proved the report erroneous. The bridge and approaches are all in good condition and people are crossing every day. The water got out of its banks and overflowed the bottom south of the bridge, and for a time it was feared might cut a new channel, but at last accounts this danger was passed. The bridge has been watched pretty closely and some dynamiting has been done to break the ice gorges. The new grade put in last summer has stood the test and came through in good shape and shows the wisdom of the supervisors in appropriating enough money for a good job and insisted on a grade being put in that would "stay put." Reports tend to show that the Whiting bridge is the only bridge across the Niobrara intact, west of the government bridge at Niobrara.

A Specific Against Colds.

The nearest thing to a specific against colds is a sleeping porch or open bed room and a cold sponge bath every morning when you first get up. Even then you will occasionally take a cold, especially when colds are epidemic, and when you do you will find Chamberlain's Cough Remedy a great help in enabling you to get rid of it. Try it. Obtainable everywhere.

W. C. T. U. COLUMN.

Edited by the Ladies of the Local W. C. T. U.

Central Christian Advocate: Some establishments hire men, pump the life-blood out of 'em, and then fire 'em. For blood is cheaper than machines.

Prohibition doesn't prohibit. But the liquor trade doesn't agree with you. Here is Bonfort's Wine and Spirit Circular, and it has this to say on how "Prohibition don't prohibit." "The thoughtful

element in our trade must by this time realize that the fight that is being waged against alcoholic beverages is gigantic in its conception, comprehensive in its scope, intensely aggressive in its nature and destructive in its results." No, the chestnut bell rings now when you say, "Prohibition don't prohibit."

Russia and Temperance.

Central Christian Advocate: In Russia, when vodka was on sale, the average annual savings banks deposits were from sixteen million to twenty million dollars.

Five months after vodka was prohibited, the former vodka drunkards put into the savings banks of Russia in one month, January, 1915, thirty million dollars, or just about twenty-four times its usual monthly deposit.
