Hughes and Fairbanks looks mighty good to all the republicans and progressives in this county as well as to a great number of democrats, many of whom have declared their intention of supporting him at the general election next November.

With this issue The Frontier enters upon the thirty-seventh year of its publication. For thirty-six years, rain or shine, summer or winter it has weekly chronicled the happening of O'Neill and Holt county. For over twenty-four years the writer has been connected with the publication, for twenty years its editor and owner. The Frontier has had strenuous times since the day it was launched upon the

field of Holt county journalism, but it has done its share in the upbuilding of Nebraska and Holt county. Today it is more prosperous than it has ever been and has a larger list of readers than ever before and the present editor is endeavoring to give the people value for their money. We tender thanks to the many friends who have supported The Frontier in the past and hope for a continuation of the support in the future.
