Doc Mathews Rejoices.
Memphis, Tenn., Nov. 10, 1916.
To The Editor of The Frontier,
O'Neill, Nebraska.
Permit me to congratulate you good people of O'Neill, Holt County, and the State of Nebraska, upon the success of two very important issues, which they so materially contributed to. Reference had to the re-election of President Wilson, who in my opinion has made the best president since Lincoln. The eight electoral votes of Nebraska, were, according to the present count, absolutely es-

sential to his success and I am very proud of my old state. The second and greater cause for congratulation is the fact that Nebraska has adopted the prohibition proposition, thus driving old Booze out of another state. It is only a question of time until the entire country will be practically free of this, the greatest curse that ever afflicted this or any other country. Towns like O'Neill will rejoice in a very short time after prohibition laws go into effect, just the same as the towns of the same size have done in Tennessee, Arkansas, Mississippi and other Southern states. The men who favored the open saloon are wondering how they ever did so. That is the case down here. Even in a city like Memphis, public sentiment has so changed that at the recent election the local optionists were defeated by a vote of over two to one, thus sustaining the state wide prohibition law. There are now no open saloons in Memphis and the Blind Tiger and Bootlegger are being driven to the wall. The city newspapers that formerly favored local option supported the prohibition laws during the campaign and are emphatic in their statements that the prohibition laws must be enforced. The Commercial Appeal now argues that after two years of prohibition that the city is better off without liquor and says that it must never come back.

I write the above for publication. Some weeks ago I wrote the Editor asking if he desired any more of my dope on old times, and as he did not reply I take it that he and the readers of The Frontier have had enough. Mrs. Mathews and I expect to spend the winter in California and it may be that on our way back in the spring we will stop off and see our old friends who are very dear.

Respectfully,
W. D. MATHEWS.

BLOCKADED

Every Household in O'Neill Should Know How to Resist It.
If your back aches because the kidneys are blockaded,
You should help the kidneys with their work.
Doan's Kidney Pills are especially for weak kidneys.
Recommended by thousands—home testimony proves their merit.
Mrs. Byron Parker, O'Neill, says: "I have used Doan's Kidney Pills off and on for years and I know that they have done me a lot of good. I take them when I get attacks of backache, which come on from overwork. Sometimes my back has been so sore and lame and has pained so terribly that I could not move another step. I then used a box of Doan's Kidney Pills and they took the pain away, strengthened my back and helped me in every way."
