Going Out of Business

Our Big Sale is now on in earnest and we are selling lots of goods, but it takes a long time to sell as large a stock as ours. Our lines are still unbroken and your size and choice are still here.

Less Than Wholesale Prices

These goods are going to be sold or moved away from O'Neill in a short time. The prices we are asking for them are away below the present wholesale prices. If we were going to remain in O'Neill we could not afford to do this, but we are going out of business and all we want is to get our money out of the goods. You will probably never have an opportunity to buy goods so cheap again in O'Neill.

Buy Your Supply Now

And save while you buy. We have always tried to be on the square with our customers and have never advertised to do anything we did not do, and we ask you to investigate this sale and the prices.

J. J. Thomas Heads Fair Association.

The Holt County Fair association held its annual meeting, at the K. of C. club rooms, on last Tuesday evening, at which the following officers were selected for the coming year: President, J. J. Thomas; Vice President, H. W. Tomlinson; Secretary and Treasurer, P. C. Donohoe; Directors, E. F. Barnes, Atkinson, William Gannon, Inman, Fred Richter, Scottville, E. J. Mullally, Chambers, and H. D. Grady, O'Neill. President Thomas and Vice President Tomlinson are the only new officers to be selected, the former incumbents of these offices having refused to become candidates for another term. The dates for the Fair were tentatively fixed at September 11, 12 and 13.

The year just passed has been the most successful in the history of the association, all expenses, except buildings, having been realized from the Fair, notwithstanding the fact that the amount paid out in prizes and premiums and for free attractions greatly exceeds that expended in any previous year. Two thousand dollars was spent by the association for premiums and amusements, which amount does not include the cash and merchandise premiums donated by the merchants in the surrounding territory. Twelve hundred went for amusements and eight hundred for premiums. The theory of the officers is to increase this insofar as possible as a greater incentive to the farmers to bring in their products for competitive exhibition which, if the farmers will take an active interest, should produce as fine a display of the fruits of the soil as could be seen anywhere in Nebraska, or even the middle west. The retiring officers, Mr. Hunter and Mr. Hickey, receive the grateful thanks of everyone interested in the Fair and the encouragement of agriculture in Holt county, and Mr. Thomas and Mr. Tomlinson can count on their enthusiastic support. The meeting adjourned to December 12th, when they will meet, at the same place to receive the report of a committee who are to investigate the deeds of the associations property. Everyone is urged to attend this meeting.

County Supervisor H. W. Tomlinson is the new boniface at the Parker hotel. Mr. Tomlinson, who disposed of his farm effects at a large and well attended sale Monday, has purchased the hotel property and with his family took possession Wednesday morning. For a time at least, while he is getting acquainted with the hotel business, Mr. Tomlinson announces that he not only will be general manager, but also night and day clerk, billboy and general factotum of the hostelry. Mr. Tomlinson's sale, like a majority of the sales held within the past few months and advertised exclusively in The Frontier, ran more than \$500 above the estimate.

Now That Election Is Over.

Publishers' Auxiliary: Some editors have been inclined to criticize Republican papers for carrying Democratic advertising, or Democratic papers for carrying Republican advertising, but the fact is they could not very well have refused advertising from one committee and accepted it from the other and still have complied with the postal rulings as they apply to newspapers. Any newspaper can refuse to carry any political advertising, or any other kind of advertising, but when it carries political or any other kind of advertising for one party or one concern it must carry, if offered at its rates, other advertising of a similar character so long as it is clean and legitimate.

The residents of Phoenix school district met at the Phoenix school house Tuesday evening and organized a literary and debating society, which will hold regular meetings during the winter months.

Barney McGoff, who was the efficient catcher on the K. C. ball team last season, was in the city Monday, returning to his home at Royal after spending Thanksgiving with relatives at Oakdale, Nebraska.

Fire destroyed the barn of Charles Enders of Inman, last Tuesday afternoon. There was about 300 bushels of corn stored in the lower part of the barn and hay in the mow. The barn and contents were a total loss. Mr. Enders estimates his loss at \$300.

P. V. Hickey will be the O'Neill representative at the big homecoming of the representatives of the Overland company at Toledo this week. Mr. Hickey left Saturday for Omaha where he will join the other Nebraska agents traveling on a special train to the big automobile factory.

Mrs. M. H. McCarthy and Mrs. M. R. Sullivan entertained Saturday evening at the Golden hotel at a card party and dinner for twenty-eight guests. The evening's pleasure opened with a delicious four course dinner, followed by cards. The Wayne orchestra furnished music during the evening.

Saturday, December 9th, from 1:30 'till 9 p. m., at the Golden Hotel, the ladies of the Presbyterian church will conduct an Xmas and Home Cooking sale. Every Presbyterian household in the city will contribute delicacies, and many of these kitchens are noted for their culinary accomplishments. Remember, Saturday, December 9th.

Local game and fish wardens, acting under instructions and authority of the state fish and game commission, began Monday morning to seine the shallow lakes of the county. The action is taken to prevent the freezing to death of the fish as was the case last year. Those netted will be placed in the deeper lakes and running streams.

Miss Mabel Meredith entertained the Whist Whackers, at their weekly meeting at her home on last Tuesday. Miss Meredith is acclaimed a royal entertainer by her club sisters, who say true southern hospitality and the

delicacies of the season reigned supreme. The latter part of the evening was spent at whist, Miss Lillian Brooks winning the prize.

Do home industries pay. You may safely bet that they do, for farmers in the O'Neill territory virtually were made a present of \$15,000 or \$20,000 the present year because of one, the McGinnis Creamery Company. More than 500,000 pounds of butter fat were purchased by the several O'Neill cream buyers the present year, and because there was a local institution paying the Omaha market price the Omaha concerns had to meet the competition and pay the same without deducting forwarding charges. In towns where there are no local plants to compete, the foreign concerns always quote a price delivered at the plant, which means less freight charges. This makes a difference of from two to four cents a pound. With the local creamery paying the Omaha market, each cream producer gets the money that otherwise would go to the railroads, no matter to whom he sells. Therefore, it can easily be seen that home industries pay.
