**Attractive Summer Tours
Through the East**

An extensive scheme of diverse-route eastern tours has been announced—circuit tours to New York and Boston, going one way, returning another; eastern trunklines and steamer lines co-operate in these tours that may be planned to include Canadian, New England and Atlantic Seaboard resorts. Sound Steamers, Coast Lines, the Virginias, Boston, New York and Washington. The general limits of these low fares are for sixty-day tickets.

The Burlington's eastern tourist-rate leaflet is now on the press. Describe to me the general tour you have in mind. Let me help you make it and furnish you with descriptive literature covering the proposed journey.

NEW LAMPS FOR OLD
DOMESTIC Science Teachers insist that there are shorter and easier methods than "the way mother did it." It is also recognized that "good housekeeping" is governed by traditions but in this progressive age the drudgery and discomfort of washday should surely be "smashed to smithereens."
There is a way! It lies in the employment of the service of the modern laundry and the term "Economy Wash" describes the method.
It means the return of sheets, slips, towels, table cloths, napkins and all other "flat" pieces ironed and ready to use. It means too, all other pieces dried and starched and ready to iron.
The price is 7 cents a pound delivered. It is a much more economical way for the housewife than the washday at home and it results in a big gain in health and comfort and time. We would like to talk with you on this important household economy.

Cronin in his suit against the bond company, as bondsman for D. J. Cronin, former treasurer of this county, on account of the publication of the scavenger tax list some twelve years ago. Hodgkin and E. H. Whelan acted as attorneys for the county in this case.
