### WILLIAM DAWSON

William was left a small fortune. He began to live magnificently. He had no idea until he came into his fortune how many friends he had. In a few years time he had spent his fortune and had accumulated considerable debts. He and his friends had literally eaten up his fortune. He had no idea how few friends he had until he had spent his fortune. If you have a small fortune keep it at this Bank and as long as you do so the world will go well with you and you will have a host of friends.

Every time you yield to the temptation to spend a dollar you weaken your will to bank a dollar.

### THE O'NEILL NATIONAL BANK O'Neill, Nebraska

This bank carries no indebtedness of officers or stockholders and we are a member of The Federal Reserve Bank. Capital, surplus and undivided profits \$100,000.00.

One hundred and fifty more have been called by the local board to take the examination for military service to fill Holt county's quota. The examinations will be held today and tomorrow. Out of the first 300 called, 19 had enlisted prior to the commencement of the examinations; 129 have been certified up for military service and eight claims are still in the hands of the local board.

All lovers of game fish who are interested in their protection and propagation should join in the contest to be held here next Sunday, August 26th. No fish but carp and suckers are to be taken in this contest. Call on Tom Enright, deposit \$1.00, be assigned to either team and help out with your "bit" in ridding our rivers and lakes of this "undesirable" scavenger. M. L. Kirwin and M. H. Horiskey are the captains.

Senator J. A. Robertson, who is a member of the First District exemption board, came up from Omaha last Friday evening. Mr. Robertson says that the board had not got down to business as yet, as they were waiting for the reports to come in from the various local boards. He returned to Omaha which is the headquarters of the board—Tuesday morning and was of the opinion that there would be plenty of work to keep the board busy on his return.

Jasper E. Kubichek, the thirteen-year-old son of Mr. and Mrs. Frank Kubichek, of this city, died at his home in O'Neill last Saturday evening, August 18, the funeral being held last Monday morning from the Catholic church, interment in the Catholic cemetery. Jasper was never very rugged, being affected with heart trouble. About ten days ago he was kicked in the chin by a colt and an abscess formed in his throat, which was the direct cause of his death. The bereaved parents have the sympathy of the community in their bereavement.

At the invitation of S. A. Arnold, the genial proprietor, we made a trip through the O'Neill Sanitary Laundry last week and we must confess that we were surprised to discover that this city possesses so well an equipped institution. It is equipped with all the latest and most modern machinery to take care of his splendid business, which is increasing each week. He has recently installed a cleaning department at a cost of \$1,500. This department is in a building by itself and is equipped with modern machinery, specially designed for this class of work. The laundry now gives employment to eight people and Mr. Arnold says his business is constantly increasing. For cleanliness and equipment it is a model and is deserving the success that it is receiving.

Also that there are a number of farmers living in Pleasantview township that have winter wheat, but that Mr. Dickson is unable to give us their exact location.

MAYME COFFEY, Librarian.

A nice rain fell in this county last Saturday afternoon. The precipitation in the city was about a half inch while it was much heavier south of town. It did not extend north of town but a few miles.

## It Helps Your Neighbors

Today all our affairs are so closely related that circumstances and conditions which have a bearing on the welfare of your neighbors are usually bound to have some effect on your own personal affairs.

For example, if several farmers in the county were obliged to sell their property at a sacrifice this would have a tendency to hold down the price of your farm along with the rest.

On the other hand, if it becomes a subject of general talk that farms in this vicinity are producing well and farmers and stock growers are making money, you can see it helps the entire community.

Money deposited in the Bank by your neighbor helps you. WHY? Because to a large extent the prosperity of a community is judged by many business and financial interests by its general bank deposits.

If your county as a whole has a favorable reputation it benefits all because it gives us a better credit standing and leads to business being done on a more liberal basis which is bound to help each of us.

It is pretty sound judgment to state that the Depositors' State Guarantee Fund of Nebraska is having its effect for the general good of every resident of the state.

The safety which it assures any depositor in a State Bank is bringing large increases in deposits to all banks under State Supervision. That helps you and your neighbors.
