U. S. District Attorney Not Going After Pro-Germans, Detractors Say.

Lincoln, Neb., Aug. 20 .- Federal District Attorney Allen is under fire from the radicals who don't think he is showing proper diligence in prosecuting pro-Germans who have been talking and acting in a manner most distasteful to the red bloods. They claim that he has not diligently followed up all of these cases and has given clemency in others that was not justified.

Mr. Allen says that not one in 50 of the complaints that come to his office prove, upon investigation, to be viola-tions of any federal law or to have any tions of any federal law or to have any basic evidence that will secure a con-viction. In many cases where, if the offense could have been established, punishment would have followed the evidence has broken down. SCORES OF YOUNG GIRLS ARE MARRYING SOLDIERS

ARE MARKYING SOLDERS Omaha, Neb., Aug. 20.—Soldiers and girls under 18 years of age are the fac-tore in the greatest epidemic of girl brides in the history of Douglas county. Records of the department super-vised by "Cupid" Stubbendorff, mar-riage license clerk in the county court, show the record rush of girls in their teens to the marriage altar. Nearly every other license issued in the last few days has been to couples where the prospective bride was from 16 to 18 years old. Five soldiers, about to leave for training camps or the front, have taken brides in the last 24 hours. Acting County Judge Sundblad has performed several soldier-girl bride ceremonies in the last few days. "I never saw such a flock of young girls rushing to the marriage altar," declared Judge Sundblad. "The mar-riage germ seems to have hit the younger generation of Omaha. June records, usually the biggest because of the proverbial 'June brides,' have gone a glimmering in the face of the patri-otic rush to wed preparatory to soldiers leaving for France." Mr. Mercer calmly ignores the fact that Douglas county now has a United States senator and that this is the turn of the South Platte to enjoy the honor. Mr. Mercer would be highly pleased if Congressmen Sloan and Reavis and former Senator Burkett would also get former Senator Burkett would also get into the race against Norris.
