**MORE LOCAL MATTERS.**

John L. Quig attended the annual county fair at his old "home town" Harlan, Iowa, last week.

Henry Lorge came up from Wynot, Neb., last evening to spend the day looking after his business interests in this vicinity.

The orthodox Hebrews of the United States will help in the conservation of our country's food products by eating no pork or mutton during the period of the war.

Brownie Ward, who is one of the efficient employees of the Burgess-Nash store in Omaha, arrived in the city last Monday evening to spend a week visiting at the home of his mother.

Contractor H. Nightengale has completed the grading and dragging of the new Chambers-O'Neill road, and has moved his grading outfit to Green Valley township where he has another large contract.

Chairman M. P. Sullivan of the county board has been appointed by the board to be county supervisor of highways. He will exercise the duties of the position in addition to those of his present one.

Frank O'Connell has purchased the Grand Cafe, taking charge of the same last Saturday. Frank operated this cafe before and made a success of it and we have no doubt but what he will be successful in his second venture therein.

Arthur Ryan is getting to be a "bug" on automobiles. A few years ago he used to talk base ball by the hour. He has abandoned his former pet hobby and now speaks automobiles. Reason: He is now in the automobile business and is getting the "mazuma" out of his talks.

Watch for my jingles  
Also for me!  
I hope my next one  
You'll surely see.

## ZEDA

### THE MODERN BROOM

*Good friends of ours, here's Zeda Lee, the Modern Broom. Note its patented features—see for yourself why it outlasts two, three and sometimes four ordinary brooms.*

**Our Favorite Daughter**  
Miss Zeda Lee, mascot, with a heart of gold and a good word for everybody!

Zeda—the name of our most popular Modern Broom; Lee, the name of the largest and highest-rated independent broom manufacturing establishment in the universe; Zeda Lee, the easy-to-remember combination of both.

Ask your dealer to show you Zeda, The Modern Broom. Note its patented features—see for yourself why it outlasts two, three and sometimes four ordinary brooms.

Mr. and Mrs. Pat O'Donnell returned last Tuesday evening from Omaha, where Mrs. O'Donnell had been receiving medical treatment for the past ten days.

R. H. Parker, who has been engaged in the real estate business at Long Beach, California, the past four years, arrived in the city the first of the week for a month's visit at the home of his parents, Mr. and Mrs. Byron Parker east of this city.

Edgar Howard says he is a candidate for the democratic nomination for United States senator providing that neither W. H. Thompson nor Ig. Dunn is a candidate. Such being the case Edgar is not a candidate; for Billy Thompson always has been, and Ig. is generally conceded to be a candidate.

Governor Neville has kindly offered to assist the officials of Omaha and Douglas county in enforcing prohibition in their territories even to the extent of removing some of them from office if necessary. Now the officials have inaugurated an active campaign to run down bootleggers and confiscate their supplies. The first step in the campaign was to thoroughly advertise it through all the Omaha newspapers.

A large crowd attended the Seventeenth annual Old Settlers picnic, which was held in Hunter's grove north of this city last Thursday and everyone present enjoyed themselves to the utmost. These picnics are becoming more popular each year and people look forward to them with pleasant anticipation, as it gives them an opportunity to greet and visit with old friends in various parts of the county.

The district exemption board, for this district, commenced last Monday acting upon the exemptions. They completed the exemptions for Valley county last Tuesday. They will pass upon the exemptions by counties, leaving Douglas county until the last. There are probably enough men in each county in the state, who did not claim exemption, to make up the first quota of the draft army, which will be called on September 5th, next Wednesday.

The social columns of the big papers recently contained an account of a little brush at a Los Angeles country club between a Prince Buzzsiki, or something like that, and Jack Cudaky. It appears that Nat Goodwin introduced his highness to Jack and the latter invited the royalty to help him put away a large steak. This aroused the ire of his nibs, for bluebloods of course do not care to associate with trades people and Jack's father was a butcher on a small scale. The prince made known that he was a strict vegetarian and also declared that beef was responsible for the war. They almost fought a duel. But the prince really was mistaken about Jack, for while his forebears were butchers, Jack really is a professional man, once having practiced surgery at Kansas City.

Secretary Donohoe, of the Holt County Fair Association, is putting in extra hours these days getting ready for the annual fair which will be held in his city on September 11, 12 and 13th. He promises better amusements for the people this year than have ever been presented to the people of this section of the state. A Concert Band, with an international reputation, has been secured and will furnish plenty of first class music. The carnival company, which has been secured for the week, will pitch their tents on the fair grounds and the grounds will be the headquarters for the fun loving people of this section all week. The day and night fair promises to be a hummer and you want to get ready to visit this city on the 11, 12 and 13th and enjoy the various amusements that have been gathered for your edification.

Sparks of Wit.  
But Lottie Hadn't One.  
Flossie (alluding to her new ring)—It isn't always what a present costs that makes it appreciated.  
Lottie (who doesn't think much of it)—No, dear. Very often it is what other people think it costs.

Nerve.  
Hubby—The MacOrffans want to borrow our new car for this evening.  
Wife—Like their cheek!  
Hubby—But that's not the worst. They want permission to paste a piece of paper over the monogram.

Some Speed.  
Marx—Are you athletic?  
Lois—Oh, yes, I'm the fastest crocheter on our college team.  
Marx—Zasso? How fast can you go?  
Lois—Oh, about thirty nots an hour.

A Life Line.  
Molly—Writing to Charlie?  
Polly—Yes.  
Molly—I thought he was engaged.  
Polly—He writes me that his best girl has thrown him overboard, so I'm dropping him a line.

A Careful Man.  
She (working him up)—You should

never propose to a girl on a Friday. It is unlucky.  
He (not having any)—Not always. I once knew a fellow who did it, and the girl refused him.

“Can she keep a secret?”  
“Yes, the disagreeable thing.”

Especially at 7 A. M.  
Buffalo police caught L. Sandman and accused him of stealing alarm clocks. This isn't the first time members of that tribe have played hob with alarm clocks.

Waiting.  
“Been hunting today, stranger?”  
“Yes.”  
“Shot anything?”  
“I don't know yet—I'm waiting for the rest of the party to get into camp so that we can call the roll.”—Country Gentleman.

Not What He Said.  
A recently commissioned second lieutenant was drilling his command in an Indianapolis street.  
Something went wrong and the soldiers found themselves trying to march over a six-foot fence.  
The lieutenant halted the company and said:  
“Men, why don't you do what I want you to do instead of what I tell you to do?”

If Pong Falls an Ping.  
Ira Ping was drafted at Galena, Kan.  
A. J. Jong, West Orange, N. J., did not wait for the draft, but rushed right into the aviation school.

A grain dealer in Maine has retired from business because he “hasn't the conscience to charge the prices.”—News Item.

Nick Romanoff won't get to see the imperial ballet this winter, but there is, no doubt, a good movie show in the Siberian town where he now dwells.

\$20 Per Cwt.  
Some people want silks and satins, others crave for automobiles and lobster, but for Bill Jims, give him a pen of pigs!

Things That Sound Good.  
“Easy sliding space for tie.”  
“For Tomorrow—Fair and Warmer.”  
“A few shares of stock are available.”

Out-ade of “bills,” perhaps the most terrifying word in Mr. Webster's complete edition is “hellebore.” Do you know a worse combination?”

“The lover is at a disadvantage with clothes stenciled with tobacco,” the good deacon told J. Richard Comback. “Mebbe so,” replied Mr. Comback, “but as I remember it, she used to place her head on my padded shoulder and chirp, ‘And there won't be a room in our house too good for you to smoke in.’”

Free Speech.  
A short time ago Lincoln Steffens made a speech advocating his theories. At the end he invited those who would to join his “Free Speech club.” Only one man accepted the invitation.  
He said: “I'd like to join your club long enough to tell you what I think about it.”

The Penalty.  
The Grouch—Why do all men speak of women who are the least bit good looking as “blamed pretty women?”  
The Sardonic Simp—Easy. If they're pretty they're sure to be blamed.

Or the Teeth We Used to Have?  
“We shall all be made perfect in heaven,” said the good deacon.  
“Wonder if we meet our vermiform appendixes there,” murmured the unregenerate backslider, who has been operated on for appendicitis.

## SAL-TONIK

**Disease Preventive, Worm Destroyer, Tonic and Conditioner.**

**For All Farm Animals**

SAL-TONIK is composed of condiments (salt and Red Pepper) as a base, which are mixed with herbs, minerals and worm destroying drugs necessary for all farm animals. These are thoroughly mixed, then pressed into 50 pound medicated condiment blocks, “AS SOLID AS A ROCK.” Cannot blow away or wash away, stock cannot waste.

Your stock will “DOCTOR THEMSELVES AUTOMATICALLY” by licking the block. They thus satisfy their natural craving for salt, WITHOUT TROUBLE TO YOU, and with the salt get necessary ingredients to keep them in good condition.

The time to kill weeds in your corn field is as soon as they are born (up). The time to kill worms in your stock is as soon as they are born (hatched). It is JUST AS SENSIBLE TO NEGLECT YOUR CORN until THE WEEDS GET BIG as it is to NEGLECT YOUR STOCK until THE WORMS GET BIG.

SAL-TONIK is the easiest, quickest, safest, most sensible and most practical method of PREVENTING DISEASE IN YOUR STOCK. Remember, IT'S THE FARM ANIMAL YOU KEEP WELL ALL THE TIME THAT MAKES YOU A PROFIT—not the one you let get sick, even if you can cure it. KEEP AHEAD OF DISEASE BY KEEPING SAL-TONIK BEFORE ALL YOUR STOCK ALL THE TIME. IT PAYS.
