ZEDA THE MODERN BROOM

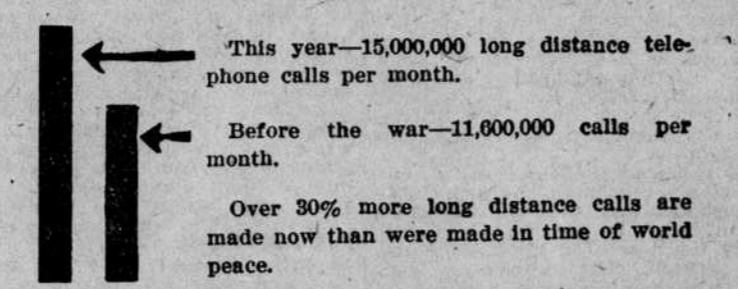

Ask your dealer to show you ZEDA, The Modern Broom. See the patented features that make it outlast two, three and sometimes four ordinary brooms. If your dealer can't supply you, write our Lincoln factory. Largest and highest priced broom manufacturing establishment in the universe. Fibre Sorted by Hand. Yes, we could do it by machinery and save money, but results wouldn't be nearly as satisfactory. So we sort it by hand—selecting only the choicest fibre—with a particular eye to fineness, flexibility and long-wearing qualities. Quantity of corn in each broom is carefully weighed, thus insuring absolute uniformity. Note the protective shield over the shoulder. LEE BROOM & DUSTER COMPANY Boston, Mass. Lincoln, Neb.
