

TRY KELLY AGAIN NEXT NOVEMBER

His Attorneys Renew Effort to Have Prisoner Released on Bail.

Red Oak, Ia., Oct. 1.—Little time will be lost in bringing Rev. Lyn George J. Kelly to trial for the second time for the murder of one of the Stillinger girls, one of the eight victims of the crime, which occurred at Villisca in 1912. The case will be retried at the November term of the district court of Montgomery county.

The jury which heard the evidence in the first trial of the case was discharged by Judge Boles yesterday afternoon. The jury had deliberated over 40 hours and it appeared there was no chance of an agreement. Eleven of the jurors were for acquittal, while one held he believed Kelly committed the crime, though he was insane at the time.

Today Kelly is back in the Harrison county jail at Logan and his attorneys are perfecting their plans for an application to have the prisoner released on bail.

Feeling against Attorney General Haver here is extremely bitter, especially since the trial of the case against him for oppression of a witness before the grand jury has been transferred to Harrison county.

FIGHT IN EUROPE TO SAVE HOMES OF SONS

Minneapolis, Minn., Sept. 29.—Theodore Roosevelt delivered his message of patriotism to the huge mass meetings here under the auspices of Labor's Loyal Legion and was loudly applauded when he assailed pacifists and "other friends of the kaiser," denounced all classes of "conscientious objectors," and pleaded for universal military obligation.

"A remarkable feature of the propaganda in the country," he said, "is the sending to South American newspapers of disloyal utterances by men like Senator La Follette and A. C. Townley, president of the Non-Partisan League."

Urging speedy training of all military and naval forces, the colonel said American soldiers are being sent abroad now so that they won't be forced to fight at home.

"If we don't send men abroad now, our sons will have to fight behind their ruined homes in America," he asserted.

I. W. W. PAPER SUPPRESSED.

Minneapolis, Minn., Sept. 28.—The Alarm, a paper published here by Carl Ahlsten, has been denied the use of the mails, local postoffice officials announced today. Ahlsten is being held in jail pending trial on charges of interfering with enlistments. He was affiliated with the Industrial Workers of the World.

DESERTER OFF FOR TRIAL.

Salt Lake City, Utah, Sept. 29.—In custody of a guard, Corp. Henry D. Hilbert, quartermaster department, self confessed deserter from the United States army, and who posed over the country as Sergeant Breckenridge, one of the survivors of the "Princess Pat" regiment of Canada, left tonight for Alcatraz island, San Francisco, to be tried for desertion.

OXMAN IS ACQUITTED.

San Francisco, Cal., Sept. 29.—Frank C. Oxman, an Oregon cattleman, was acquitted of a charge of attempted subordination of perjury growing out of the conviction of Thomas J. Mooney on a murder charge in connection with the preparedness parade bomb explosion here last year.

The jury deliberated one hour and 15 minutes.

VON TIRPITZ DECLARES U. S. WAR AID PHANTOM

Copenhagen, Sept. 29.—In an interview in the Neues Pester Journal of Budapest, Admiral von Tirpitz, former German minister of marine, characterizes American military help in the war as a phantom. He asserts there is no possibility of transporting a considerable American army to Europe. The admiral declared it is unwise "on account of political reasons" to prophesy the moment of England's collapse.

BRITISH CASUALTY LIST.

London, Oct. 1.—British casualties reported during the month of September total 194,528, divided as follows: Officers killed, or died of wounds, 626; men, 18,942.

Officers wounded or missing, 2,151; men, 82,593.

The severity of the fighting in which the British have been engaged during September is indicated not only by the total casualties of more than 194,000, but by comparison with August figures, which were 59,811. Casualties in some of the late August fighting in Flanders are naturally included in the September total, but this may well be offset by late September casualties not reported in time to be covered in the figures announced today.

The total compares favorably, however, with the figures for September, 1916, the third month of the battle of the Somme, when the casualties were 119,549.

DEARTH OF FATS HURTS GERMANS

Russians Could Bring War's End Near, if Ready, Due to Scar- city and Breaking Down of Transportation.

Washington, D. C., Oct. 1.—Information has reached here from high sources and has been given government officials that sheds a pretty definite light on food and transportation conditions in Germany. This information is to the effect that, while the bread and potato supply is slightly improved the lack of fats is grave. Even sausage pigs are being killed to secure fat. Moreover, the German transportation system is breaking down. This interferes with the transportation of food and is making it more and more difficult for Germany to send troops back and forth across the empire. The transportation system is said to be sufficiently strained so that if Russia would come back and strike vigorously on the eastern front, Germany would be much embarrassed.

Further information is that threats of neutrals to ship livestock into Germany in order to retaliate for an embargo by this country need not be taken with much seriousness. Even if this should be done, it would help out Germany only for a short time in the matter of fats.

AMERICAN SOLDIER WINS FRENCH HONOR

Picks Up Bomb Dropped by Raider and Throws It Into River, Saving Lives.

Paris, Oct. 1.—The first American soldier to win the war cross with the Palm is John McClain, of Dayton, Ohio, says the Paris Herald. On the night of September 18 a German airplane flew over the village in which he was and dropped several bombs. One fell within 15 feet of a building around which some 50 villagers had gathered.

Notwithstanding the warning explosions of those near him, the newspaper continues, Private McClain dashed out into the road, and discovering the bomb with the aid of a pocket electric lamp, picked it up and hurled it into the river.

The projectile exploded as it struck the water. No one was hurt.

C., Oct. 1.—A communication from the governor of Minnesota and the state public safety commission, requesting the expulsion from the Senate of Senator LaFollette, of Wisconsin, was presented in the Senate today by Senator Kellogg, of Minnesota, and referred by Vice President Marshall to the Senate privileges and elections committee.

Senator LaFollette was not in the chamber when the communication was presented, and there was no discussion or other action.

Four other communications demanding the impeachment of Senator LaFollette were received.

Senator Kellogg explained that he presented the resolution according to the usual practice and that there were no other significance in his action.

NEW STRIKE IS CALLED THROUGHOUT ARGENTINE

Buenos Aires, Sept. 29.—A general revolutionary strike throughout Argentina was declared today by the anarchistic workmen, the strike to include all unions belonging to their federations. The socialistic workmen's unions have refused to join in the movement.

The only street car line in Buenos Aires that had not been affected by the strike that had been in progress in the city was given until 11 o'clock tonight to comply with the workers' demands.

AUTUMNAL ECHOES!

KELLY JUROR IS UNPOPULAR MAN

People of Montgomery County Show Their Indignation— Prisoner Would Stay in Red Oak Jail.

Council Bluffs, Ia., Sept. 29.—Rev. Lyn G. Kelly, accused Villisca ax murderer, must be kept in the Montgomery county jail at Red Oak instead of being taken back to Logan, according to order of Judge Woodruff, secured here today by Attorney Mitchell for defense. The next term of court at Red Oak is only two weeks off.

Red Oak, Ia., Sept. 29.—Institution of a legal battle in Council Bluffs to keep Rev. Lyn G. J. Kelly, axman suspect, in Montgomery county and the scheduled Wilkerson indignation meeting in Red Oak are the two big things of interest here today.

Attorney W. E. Mitchell, Kelly's head counsel, will appear before District Judge Woodruff in Council Bluffs today and ask that his former order, by virtue of which Kelly was sent to the Logan, Ia., jail, be rescinded and a new one issued which will permit Kelly to remain in the Red Oak jail until such time as the new trial begins.

Judge Woodruff ordered Kelly taken to Harrison county immediately after his arrest last May.

His attorneys, in asking for his re-entention in Montgomery county, expect to set forth that he was subjected to a systematic campaign of mental torture in Logan which culminated in the so-called Haver "third degree" and the confession. Attorney T. J. Hysham left for Council Bluffs last night to confer with Attorney Mitchell.

Juror Brown Unpopular.

Juror Brown, who hung the ax murderer jury, left for his home a few miles south of Red Oak immediately after Judge Boles had discharged the jury. Brown is one of the most unpopular men in Montgomery county, if street talk may be taken as a criterion. Friday afternoon the town square was agog with excitement. Everywhere were groups of men discussing the trial and censuring the man who had prevented an acquittal.

There was considerable talk last night of a tar and feather party, but this failed to materialize.

Kelly told his jailer, "I would rather be in my shoes tonight than in Brown's shoes." Brown was jeered and hooted at the Beardsley opera house last night where the Red Cross was presenting a benefit film exhibition of "On Trial." The picture relates events centering about a murder trial. Near the climax the jury in the picture is depicted 11 to 1. One juror holds the other 11 for some time. At this point scores of people shouted "That's Brown," the cry was taken up all over the theater and there were hisses, groans and cat calls.

Plan Big Indignation Meeting.

It is expected that one of the biggest crowds in the history of Montgomery county will attend the big indignation meeting this afternoon. Promoters would not say early today whether or not Wilkerson would speak. They evidently feared injunction proceedings.

Kelly declared in tonight last night that he feared he would be driven insane if taken back to the Logan jail. He related an incident which he said occurred during his confinement there. "One day one of the jailors came into the cell," he said, "and loosened several bricks in the wall. A short time afterwards a deputy sheriff came in and began to abuse me, accusing me of attempting to break out of jail."

KAISER RECOGNIZES VON LUXBURG'S MERITS

London, Sept. 29.—A message from Berné announces that an official dispatch from the kaiser was received by Dr. Von Kuehlmann, German foreign secretary, expressing his highest appreciation of faithful services of Count Luxburg to the sovereign and the fatherland, adding that the kaiser intends to give Count Luxburg another diplomatic appointment in recognition of his merits.

SEC. LANSING'S LETTER CLEARS CONGRESSMEN

Presentation of Letter Brings Fresh Outburst of Wrangle Over Loyalty.

Washington, D. C., Oct. 1.—The German "slush" fund wrangle broke out again on the floor of the House today with the presentation of a letter by Chairman Pou, of the rules committee, from Secretary Lansing, declaring the state department had no evidence indicating members of congress had any connection with Count von Bernstorff's \$50,000 fund.

As soon as the letter had been read, Representative Norton, of North Dakota, and others demanded recognition.

Careful management by House leaders cut short the wrangle.

Sudden adjournment found both Norton and Heflin on the floor with two undelivered speeches. Plans are to prevent either man from speaking making.

TEUTON SPIES AROUSE NORWAY

Reign of Disorder Brings Warn- ing From Press to People to Beware of All Germans, Even Old Residents.

Christiania, Sept. 12.—(correspondence of the Associated Press).—German conspirators, spies and propagandists formerly so active in the United States, seem to have transferred their attention to Norway.

A series of suspicious fires in steamships and manufactories is blamed on the plotters. Others are charged with helping interned German sailors to escape.

Espionage is freely engaged in and some Germans have been caught at it and sent to jail. Propagandists for many months have been trying to spread a thick layer of pro-Germanism over the country.

The public and press become more enraged over these outrages every day, and in warning the people to beware of Germans, the newspapers declare that even Germans who have been here many years and are considered half Norwegians, are not to be trusted, all being under the influence of Berlin.

PRESIDENT NAMES NEW I. C. C. MEMBERS

Virginian, Oregonian and Bos- tonian Get Places, Filling Existing Vacancies.

TEUTONS DENY BELGIAN OFFER

Michaelis Calls Peace Offer Re- ports Untrue, and Messen- ger Denies Taking Verbal Supplement to Rome.

Copenhagen, Oct. 1.—Germany has not renounced Belgium and has not been in communication with any of her enemies, according to Berlin reports of a speech made before the reichstag main committee by Chancellor Michaelis. The chancellor is quoted as follows:

"I declare the statement that the imperial government had already commu- nicated with this or that hostile government and that it had in advance renounced occupied territories, thus abandoning the most valuable advantages in peace negotiations, is untrue. I declare the imperial government has free hands for eventual peace negotiations. This also refers to Belgium."

KEPENSKY FACES SEVEREST TEST

Premier's Defense of Acts In- terrupted When Soldier Calls Him Greatest Mis- chief Maker.

Petrograd, Sept. 28.—(delayed).—Premier Kerensky took the initiative today and faced boldly what may be the supreme test of the power of his government. At the very beginning of the democratic congress called by the Maximalists and the council of workmen's and soldiers' delegates to question his power and perhaps to demand a new government the premier accepted the challenge.

He told the congress that his regime had saved Russia in its darkest hours. The government also indicated its policy of a firm continuation of the war when General Verkhovsky, minister of war, pledged the convention to a final victory over Germany if discipline in the army was restored. The general's reference to the return of discipline and his announcement that the officers would be named by their superiors instead of elected by the soldiers was applauded only mildly, but his address as a whole evoked more cheers than did the premier's.

MITCHELL WILL RUN AS FUSION CANDIDATE

New York, Oct. 1.—A four cornered contest for mayor was assured today when it became virtually certain that Mayor John Purroy Mitchell would make a fight for reelection, despite his defeat by William H. Bennett, a former state senator, for the republican nomination as shown by the recount of the primary ballots.

Leaders in the fusion movement, which was responsible for the mayor's selection four years ago, began today to make arrangements for the campaign for his reelection. Already petitions containing the names of several thousand voters have been certified to place Mayor Mitchell's name on the official ballot.

JAPS VISIT WEST POINT.

New York, Sept. 29.—Members of the imperial Japanese commission headed by Viscount Ishii, visited West Point today and reviewed the cadets.

CONCEALS TROOP MOVE?

Short Time Since Last Offensive Believed to Preclude Possi- bility of New Blow Un- less East of Meuse.

By Associated Press.

Field Marshal Haig is extremely laconic in his dispatch today from the British front in Flanders and Belgium. "Nothing to report except the usual artillery activity on both sides," is the essence of it.

The warnings yesterday from the newspaper correspondents at the front that nothing need be expected from them for the time being, read in this connection tend to create an air of tenseness, with the possibility of big events impending.

Military observers not on the spot, however, seem at sea over the probabilities. The interval since Wednesday's big attack appears too short for the launching of another extended movement in Flanders and there have been no patently visible signs of preparation for a drive in any other sector. The possibility exists, too, that the veil which has been drawn over the activities along the fighting line is only intended to cover up some new disposition of the entente forces until the change is completed.

The comparative quiet that has prevailed for the last few days on the French front is continuing. Only the artillery has been at all active, chiefly in the Verdun region. East of the Meuse in this section, however, the gunfire reached a violent pitch last night, Paris reports today.

No reason for the withholding of the dispatches of newspaper correspondents on the British front in France is known. The only occasion previously of interrupting the news of the correspondents was in October, 1915, when it was announced from London that thousands of words of news from Associated Press correspondents in Sofia and from the German lines on the western battle front were being withheld by the British censors. Two days after the announcement was received of the entry of Bulgaria into the war on the side of the Teutonic allies, and a day still later came the news that Field Marshal Sir John French, who had remained silent for five days, had made considerable gains in the Vosges, driving a wedge into the German lines from 500 to 1,000 yards in depth.

BIG GUNS IN BATTLE.

Paris, Sept. 29.—Violent artillery fighting occurred last night on the right bank of the Meuse in the coast sector, says today's official statement.

SIXTEEN KILLED BY SOUTHERN STORM

Pensacola Cut Off From Out- side World, Toll of Wind There Being Unknown.

Mobile, Ala., Oct. 1.—Six were killed and five injured by the hurricane sweeping across Crestview, Fla., according to word received here today.

The storm struck the coast at the mouth of the Mississippi and sweeping across a narrow portion of Louisiana missed New Orleans but hit Gulfport Biloxi and the Mississippi coast section, swept through Mobile at times with a velocity of 35 miles an hour and extended east to Pensacola, where communication had not been restored early today.

Houma, La., Oct. 1.—Capt. Theodore Pallatin, of the fishing steamer "Aurora" and crew of nine were drowned when their boat was capsized by the hurricane which swept this coast yesterday. The upturned boat was found this morning.

BIG BRITISH SHIP DAMAGED.

A Gulf Port, Oct. 1.—A big British steamer which left this port Saturday morning is lying helpless 300 miles off shore, after being battered for many hours by the tropical hurricane which struck the east gulf coast Thursday according to a wireless message.

GUYNEMER BURIED JUST BEHIND FRONT LINE

Canadian Army Headquarters in France, Sept. 29.—A German airplane brought down wounded and taken prisoner last night, asserted that Guy-nemer, the famous French air fighter whose fate has been uncertain since he disappeared behind the Teuton lines was killed in battle with a German airplane. Gynemer was buried, the prisoner said, just behind the front line.

The capture of this German aviator who wore many decorations, came in the climax to a series of dramatic duels caused by a German effort to stop effective Canadian gun fire. It darted out of a haze and fired at the observer came slowly to earth with his parachute. A Canadian airplane pilot server attacked the foe. He was put out of action by the German almost at once.

As the German turned in an easterly direction, a British fighting plane came up, and wheeling above the German opened fire. The German was shot through both wrists.

With splendid pluck he controlled his plane and came to earth without further injury. The failure of this aviator evidently dampened the ardor of the German fliers for the balloon have been unloosed today.

FURNACE GAS KILLS SIX.

Gary, Ind., Sept. 29.—Six men in death in the plant of the United States Steel corporation here today. One of the blast furnaces became clogged Emory Padgett, a foreman, took eight men into the furnace to clean it. A gas valve gave way and Padgett and five of his workmen were asphyxiated.
